## Probers Told of Kohler Firm's Gun Purchases

### Attorney Says Most Arms Were for Trapshooters; Village Chief Testifies

Washington — A senate rackets investigator testified today the Kohler Co. purchased shotguns, pistols and large stores of ammunition after the United Auto Workers won bargaining rights for Kohler workers.

A Kohler official said most of the arms were for a plant trap-shooting club and for training plant guards.

Carmine Bellino, an investigator for the senate rackets investigating committee, said Kohler records show the purchase of thousands of rounds of ammunition, 18 shotguns, and 20 pistols in 1952, 1953 and 1954. The UAW was recognized at the plant in 1952.

"I would say the company did not buy any before that," Bellino said.

Lyman C. Conger, Kohler Co. attorney, followed Bellino to the witness stand and protested disclosure of the arms purchases. He said the committee didn't ask the company why they were made.

**Used to Train Guards**  
Conger said "A great deal of the ammunition went to the trap-shooting club and a great deal went for the training of guards."

The testimony touched off a heated exchange in the committee as to whether the union and company were being investigated with equal thoroughness.

Under questioning, Bellino said he had asked for and received the company's records on purchase of firearms, but had not asked the union for similar records.

Bellino said he had "no reason to ask the question" of the union because he had examined its books and found no record of that sort of expenditures.

Sen. Goldwater (R-Ariz) accused Bellino of having "looked at one side of this, but not at the other."

**Kohler Chief on Stand**  
Bellino, his face flushed, denied this and countered that Robert Worrath, an investigator working with John G. McGovern, counsel to the Republican committee members, had examined the union's books but not the company's records. McGovern denied this.

This exchange followed testimony by Police Chief Waldemar Capelle of the village of Kohler that he built up his force from a normal strength of five men to about 90. But he denied recruiting deputies to break the strike. Capelle said he trained half the new recruits in such police skills as the use of sub-

machine guns and tear gas guns.

During the discussion of the company's firearms purchases, Sen. Goldwater (R-Ariz) asked why the weapons were bought. Conger replied: "Because we knew the past record of the UAW in strikes." He added that the firm had "very little confidence in the sheriff."

**Not First Purchases**  
Conger said ammunition purchases made after the UAW entered the plant were "by no means" the company's first. The UAW was certified at the plant in 1952. The strike started on April 5, 1954.

Chairman McClellan told Bellino and Conger to "get together and come in here with an accurate breakdown" of the arms purchases. The shotguns were described as 12-gauge, 20-inch weapons.

Bellino said Conger told him when he visited the Kohler plant that the arms were bought to "protect themselves and to protect their property."

Capelle testified he began recruiting 45 special policemen in May, 1952, a month after the UAW won a collective bargaining election in the plant. He said he was worried about unrest among the workers.

Chairman McClellan (D-Ark) asked whether Capelle had been persuaded to do so by the Kohler Co.

"No," the police chief replied. He added he did not discuss it in advance with company officials.

Capelle said "it didn't make any difference to me" what union represented the employees, but that he felt he had a duty to protect life and property.

**Mostly Kohler Employees**  
Capelle said he enlisted 45 more policemen after the strike started on April 5, 1954, and that like the first 45 most of them came from the ranks of Kohler employees. He said the second group was trained only in use of police equipment which he did not describe.

Capelle said eight or nine of the first 45 deputies were Kohler workers who joined the strikers, and were relieved of duty as special deputies at their request.

### Man Accused of Killing Deputy Shot By West Texas Officers

Odessa, Texas — West Texas peace officers shot down the accused killer of a deputy sheriff before he could pull the trigger on his cocked pistol last night.

Sheriff Lem Gabriel said the slain suspect was G. F. "Jack" McMichael, 36, a former convict sought in a 2-state man-hunt. Deputy Thad West, 40, was shot without warning yesterday while checking a baby selling report.

Gabriel said McMichael was found at the home of a girl friend. Officers surrounded the house just before midnight.

The sheriff said McMichael came to the front door with a pistol in his hand, then dashed for the back door after spotting the deputies outside.

"We shouted for him to halt," the sheriff said, "and he whirled and cocked his pistol."

Several officers fired about the same time and McMichael fell without shooting.

### February Promises to End on Snowy Note

Wisconsin — Heavy snow warnings extreme east. Snow tonight with local accumulations near four inches extreme east. Saturday cloudy with snow or snow flurries. Colder tonight and Saturday. High Saturday mostly in the 20s.

Appleton temperatures for the 24-hour period ending at 9 o'clock this morning: High 46; low 27. Temperature at 11 o'clock this morning, 28, with the wind from the northeast at 16 miles an hour. Precipitation .03 of an inch.

Sun sets tonight at 5:39, rises Saturday morning at 6:32; moon sets Saturday morning at 3:17. Visible planets are Saturn, Jupiter, Venus and Mars.

## North Western Road To Move Passenger Depot to Junction

### Freight, Railway Express To Follow, Probably in Year

Chicago and North Western Railway company will move its downtown passenger depot to Appleton Junction in two or three weeks, railroad officials announced Thursday.

Freight and Railway Express facilities also will be moved to the Junction, probably within a year, C. J. McPhail, Lake Shore division trainmaster, said.

McPhail listed two reasons for the switch:

1. The railroad will realize a more efficient and economical operation in Appleton.  
2. Traffic congestion on N. Oneida street and N. Appleton street, the city's north-south, 1-way streets, will be relieved.

"For these reasons," he said, "we believe the moves will be in the best interests of both the city and the railway company."

**Exact Date Later**  
The exact date the move will take place will be announced within a few days, McPhail said, probably by Fred E. Kurth, local agent.

All passengers and mail will be loaded and discharged at the Junction east of the former Ashland division (Hortonville-to-Kaukauna) intersection, McPhail said.

To spruce up the Junction facility, Kurth said the station's interior will be renovated, the platform will be repaired and new lighting will be installed on the platform. Work will get underway immediately.

The railroad expects to gain much parking space for passengers in making the move.

Kurth said plans include resurfacing of the present parking lot at the Junction.

When freight and Railway Express operations are moved to the Junction, there probably will be an addition constructed to the Junction depot, McPhail said. Plans for the work are incomplete.

The railroad has space for freight operations at its freight depot, N. Superior street and W. Franklin street, Kurth said.

### More Stubby Nose Cone Tested at Base in Florida

Capa Canaveral, Fla. — An air force Thor ballistic missile roared skyward today carrying a new and more stubby nose cone designed to project a warhead on its earthward plunge toward target.

The Thor, like other ballistic missiles, is designed to power itself into space, re-entering the earth's atmosphere only when it falls on target.

The 1,500-mile range missile—destined for installation in Europe within a year—left its launching pad at 8:08 a.m.

It climbed slowly at first in an enormous billow of flame and smoke and then moved quickly upward, trailing brilliant yellow flames behind it.

**New Nose Used**  
The air force would say only: "The nose cone used in today's test differed from those previously used."

It was believed that the last Thor launching Jan. 28 was the first time a nose cone had been tested in flight with the entire vehicle.

From Cocoa beach, six miles distant, it appeared to be a fine launching and a good flight down range. The missile bore through several light clouds, disappeared in a big one higher up, then reappeared much higher in bright sunlight.

It angled out to the southeast in the direction of the missile test range across the Atlantic, still climbing. It put out the customary vapor trail when it reached chill temperatures of higher air and the trail lasted almost a minute.

Then the Thor could be seen through binoculars, streaking along faster and faster, its tail flame thinner and lighter.

**Ike to Deliver 'Keynote' For Republican Drive**

Washington — President Eisenhower will "sound the keynote" for the Republican congressional election campaign in a speech May 6.

Announcing this yesterday, Republican National Chairman Meade Akin said Eisenhower will speak to a party dinner here. The half-hour speech will be telecast nationally by the Columbia Broadcasting system.

Just how the Yemen monarchy will fit into the Republic formed by Egypt and Syria was not known after the UAR was proclaimed Feb. 1 its head.

President Nasser invited other Arab nations to attach themselves to it while retaining different forms of government.

Egypt, Syria and Yemen already are linked in a joint military command and all receive arms from the communist world.

The king has approved federation and has given me full authorization to sign a pact of federation with the UAR," the prince told newsmen.

**Status Not Revealed**

### Vehicle Plunges Into River After Accident on Highway

## Floods Strike Northeast U.S.

Some Forced to Flee Connecticut Homes; Roads Blocked

New York — Teeming rains and tidal flooding hit the northeast today on the wings of a hard driving storm of near gale force.

Some families were evacuated from their homes along the Connecticut shoreline. A number of coastal roads were flooded.

Ordinarily placid streams turned into torrents. Weather forecasters warned against possible flooding along their banks.

New York City had more than three inches of rain in the last 24 hours. The reading of 3.03 inches compared with an average of 3.13 inches for the whole month of February.

The downpour accompanied by rising temperatures came just as the area was recovering from a heavy snow and a protracted cold wave. Rapidly melting snow added to the flood dangers.

## General Loses Air Force Post In Philippines

Washington — A pen-chant for extensive redecoration of his living quarters has cost Maj. Gen. John B. Ackerman his job as the top air force commander in the Philippines.

Ackerman was relieved yesterday as commander of the 13th Air Force on grounds he undermined morale by overlavishly refurbishing four sets of living quarters — three for himself.

He left Manila by plane today to return to the United States. Officials at Clark field, Manila, declined comment.

The 48-year-old West Pointer was recalled to Washington for "exercising poor judgment."

An air force spokesman said Ackerman will be given an opportunity to explain his actions to the chief of staff, Gen. Thomas D. White.

The air force said Ackerman's poor judgment involved man's poor judgment involving the rehabilitation of two successive sets of temporary quarters while his permanent quarters were being redecored to duplication of a National Airlines hotel and refurbishing of a mountain lodge for the Miami Club.

Harris said the commission er, who voted in favor of Na-

## French Detain Plane With Crew of Four

### Bone, Algeria — A Flying Fortress loaded with arms and the four crew members, including two Americans, were still detained here today four days after being forced down by engine trouble, a police officer said.

Reports here and from Israel and Paris agreed the plane was on a flight from Israel to a Latin American country.

The news of the incident had been bottled up here since the the French investigated whether the arms were intended for Algerian rebels.

**Plane Impounded**  
The French foreign ministry in Paris said earlier today that "the plane is at liberty to leave when it wishes and the crew members are not under restraint."

But the officer on duty at the local police station said the crew—two Americans and a Brit on and an Israeli—was still there and that the plane had been impounded by French customs. The B77 which lacked any license number or national identification was said to be under military guard at Bone les-Salines airport.

"I know they are here but I don't know why. Call up later," said the police officer.

**Eisenhower Enters Hospital for Checkup**

Washington — President Eisenhower entered Walter Reed hospital today for a physical checkup—a followup to the slight stroke he suffered in November—and extraction of a cracked tooth.

The president arrived at the army medical center from the White House at 10:20 a.m. after sitting in for a cabinet meeting.

The tooth extraction was scheduled immediately and the examination by a team of neurologists tomorrow morning.

State police quoted one of the rescued children as saying at least 19 children and the bus driver were still on the bus when it submerged.

Principal James Bolon of Prestonsburg High school said the bus driver, John Alex DeRossett, about 28, had been with the county system more than five years.

He said the youngsters were coming in from rural homes covering a 15-mile area in this coal mining community, about 82 miles southwest of Huntington, W. Va.

## 14th Death Caused By Wood Alcohol

New York — A new death early today brought to 14 the number of persons believed to have perished from drinking poisonous wood alcohol since last weekend. There was a possibility the toll would grow higher as other deaths were being investigated.

At least six other persons were ill in hospitals from what was believed to be the same cause.

Meanwhile, police were cracking down on bootleggers. Several arrests were made, but none was connected with the sale of the deadly methyl, or wood, alcohol.

The first poisonings reports occurred Wednesday when six persons—four men and two women—were found to have died on Tuesday after a party in East Harlem Sunday night.

Autopsies yesterday disclosed four other persons—including a woman—who died earlier in the week had succumbed to drinking wood alcohol.

## Mack, Assailed by Probers, Says He Will Consider Resigning Post

Washington — Richard A. Mack denounced as a "tool" of a wealthy lawyer friend and advised to get off the FCC told house investigators in a state of near collapse today that he would "most seriously consider" resigning.

The 48-year-old Mack scheduled second day of questioning by a house subcommittee investigating the FCC blew up at the half-way point when Chairman Harris (D-Ark) joined an earlier call by Rep. Moss (D-Calif) to the chief of staff, Gen. Thomas D. White.

**Used As 'Tool'**  
Harris told Mack in seething tones he had been used as a tool by Thurman A. Whiteside, the Miami lawyer who at one time pressed the successful anti-trust case against the National Airlines subsidiary for the Miami Chan-

el 10 TV license.

Harris said the commission er, who voted in favor of Na-

ional, was the victim of "a deliberate conspiracy."

"I feel sorry for you, Mr. Mack," the chairman said, "and it is my opinion that you have been used as a tool."

Harris said the best possible service Mack could render to restore confidence in FCC would be to resign.

Otherwise, Harris said, President Eisenhower should unhesitatingly ask for Mack's resignation.

Mack who had sat quietly with folded hands in front of his face, said solemnly to Harris:

"I certainly will most seriously consider your remarks."

Mack asked to be excused from testifying further today and the subcommittee excused him until next Wednesday.

Plainly shaken, Mack declined to tell reporters whether he plans to resign in the mean-

time. He previously has denied any intention of quitting.

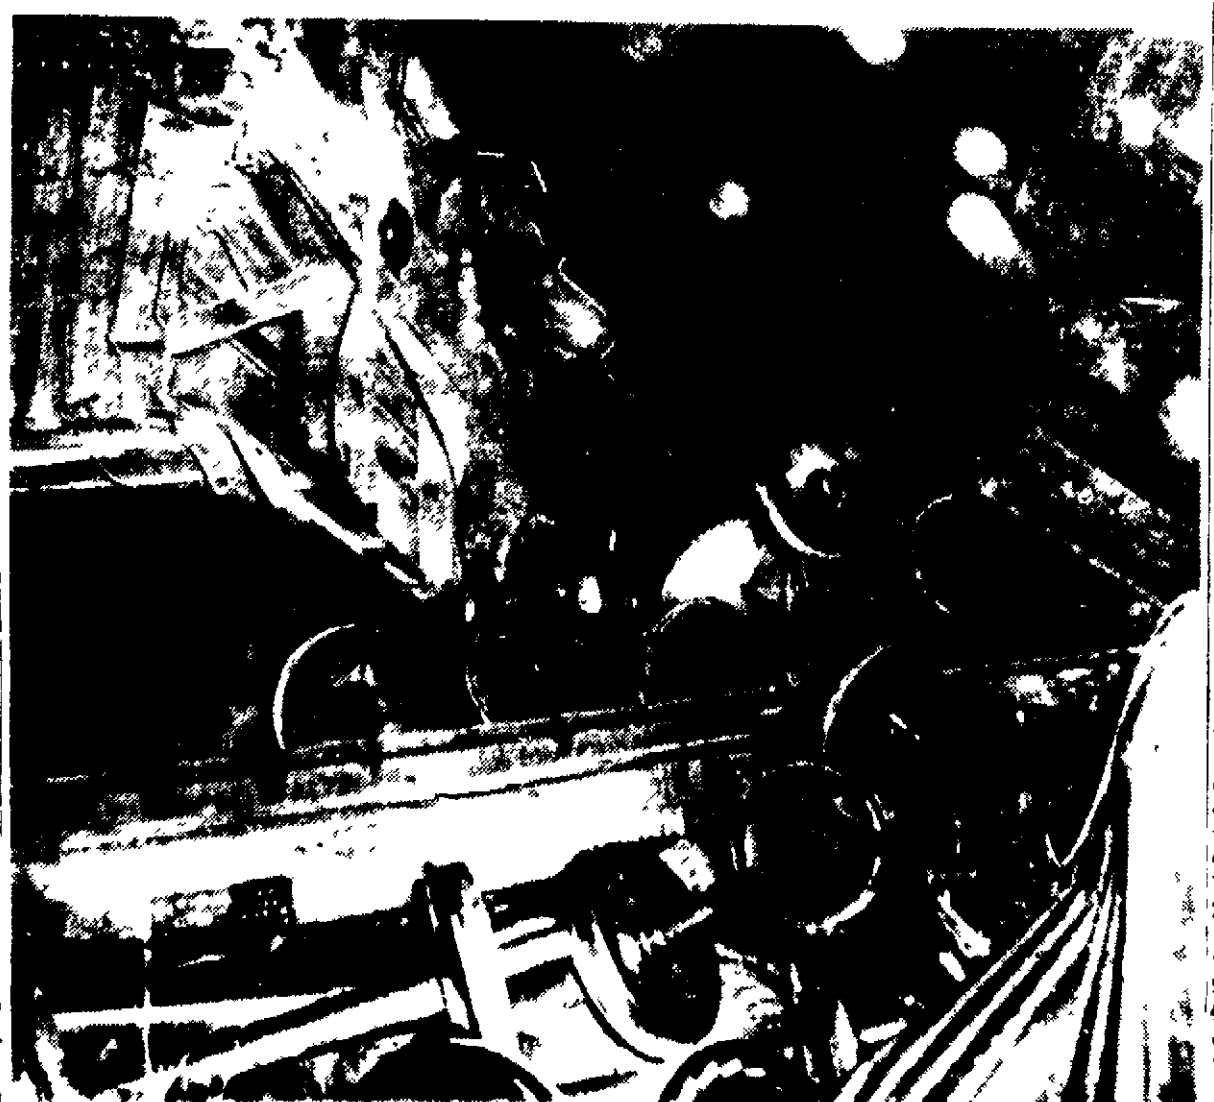

Harris said in his opinion the revelations presented in the committee's hearing on the FCC and the fight over Channel 10 in Miami was "fantastic" and presented a "disgraceful situation."

Harris said he couldn't see anything but a "deliberate conspiracy" to bring about certain results through an important agency of the government.

**Probe to Continue**  
The hearing recessed in an atmosphere of crackling tension with Mack being escorted from the room by an aide who guided him with a hand on his elbow.

Harris told reporters that if Mack resigns it will make no difference in the conduct of the investigation.

"We have to go ahead and do our duty," he said.

A Flatcar Load of Wheels was converted into a veritable steel jungle Thursday night when a Great Northern train was wrecked near Alexandria, Minn., in west central Minnesota. Forty-eight of the 108 cars in the train were piled in a mass of wreckage but no one was injured. (AP Wirephoto)

# U.S. Names Another Disarmament Team

**James J. Wadsworth, UN Delegate, Replaces Harold Stassen as Chief Negotiator; Appoint Four Advisers**

Washington — The United States sent in a new team today to drive for a showdown with Russia on the state department.

**Wadsworth** — James J. Wadsworth, UN delegate, replaces Harold Stassen as chief negotiator.

At about the same time, the atomic energy commission announced that Russia set off two nuclear test bombs yesterday, making three this week. No details were given except that they were fired within the Arctic circle and had power about equal to a million tons of TNT.

Stassen stepped out of his disarmament post to seek the Republican nomination for governor of Pennsylvania after a series of policy disagreements with Secretary of State Dulles. Stassen reportedly contended the United States should offer additional concessions to Russia in the bargaining, and Dulles disagreed.

Stassen has a chance today to set forth his position publicly. He is appearing as a private citizen before the senate disarmament subcommittee.

Stassen originally was named as a special assistant to Eisenhower and given a White House office, but his work later was transferred to the state department and supervised by Dulles.

Yesterday's announcement said Wadsworth would "act under the secretary's direction," which indicated Dulles would have control of all disarmament policy.

Wadsworth, a 20-year veteran of government service, represented this country in disarmament talks in London in 1955. The following year he was chosen to negotiate a world atom for peace agency which since has become a reality.

His four advisers are all now in private life. Gruenther used to be NATO commander, Lovett was secretary of defense, McCloy was U.S. high commissioner for Germany, and Smith is a former under secretary of state.

The new lineup signaled a U.S. move to pin down Russia—and incidentally America's allies—on just where everybody goes next, but there was no immediate decision on what direction the drive will take.

The United States favors negotiations inside the new and untested 25-country United Nations disarmament subcommittee. But full allied agreement on this as the next step apparently has not yet been reached.

**Work on Plan to Bring Red Dancers to America**

Moscow — American impresario Sol Hurok today began working out final arrangements to bring a Russian folk dance troupe to the United States under the new Soviet-American cultural exchange agreement.

The group, the Moiseyev folk dance troupe, is scheduled to begin a tour of 10 U.S. and Canadian cities in mid-April.

Hurok also will work out plans for bringing Moscow's famed Bolshoi ballet and individual artists to the United States this summer. He was met at the airport by officials of the Soviet ministry of culture.

## Film Tycoon Harry Cohn Dies at 66

**Movie Industry Now Pondering Who Will Be Boss at Columbia**

Hollywood — Who's going to run Columbia pictures now that Harry Cohn, most absolute of all movie tycoons, is dead?

**Cohn** — Harry Cohn, film tycoon, died yesterday.

A worried industry, reeling from television's potent punch, today pondered the question, "Columbia, under Cohn's iron-fisted rule, long has been regarded as an industry giant—and one of the most financially successful operations in town."

The company has many able executives who can handle the financial end of the operation. But Hollywood is concerned over who will make the pictures in a studio that has been a 1-man operation for 30 years.

Most logical choice — provided he wants such a killing job — is Producer-Director George Sidney.

When Cohn was first stricken at his suite in a Phoenix, Ariz., resort hotel, it was significant that Mrs. Cohn called Sidney first.

Sidney, along with Cohn's personal physician, flew to the Arizona capital just in time to see Cohn being placed in an ambulance. The 66-year-old Cohn died yesterday in Sidney's arms as the ambulance sirens to St. Joseph's hospital.

Significant, too, is that Mrs. Cohn, voting her own and her three children's shares, will name Columbia's next studio boss. Her holdings, already bequeathed in trust, total more than 200,000 shares — a majority.

Sidney, like Cohn, is a top picture maker. He had a successful tenure at MGM — when Cohn's health started failing several years ago.

Since then, Sidney has turned out some of the studio's block-busting hits, notably "The Eddie Duchin Story" and "Pal Joey."

Wisconsin Gov. Vernon Thomson is greeted with a handshake as he calls on Secretary Ezra Taft Benson at the agriculture department. Thomson asked Benson to hold off on the announced plan to lower dairy price supports until a self-help dairy plan is adopted by congress. (AP Wirephoto)

## Gov. Thomson, Benson Discuss Farm Problem

**Secretary Gives No Assurance That Present Parity Level Will Continue**

BY FRANCES McUSICK

A-P Washington Bureau

Washington — Gov. Vernon Thomson spent an hour with Agriculture Secretary Ezra T. Benson and obtained his promise to work "night and day" on a "self-help" bill for dairy farmers, but the governor received no assurance that parity payments would be maintained at present levels after April 1st.

As a matter of fact, the secretary appeared convinced that "under the present law," he was "compelled" to lower dairy support prices, the governor said.

**Some Impression**

"I disagreed with him on this point, naturally, and I hope I made some impression on him," Thomson said. "The secretary told me his mail from Wisconsin was running heavily in support of lowered support payments. I am sure I don't know where such mail is coming from, but I told him that the Holstein Breeders' association, the Pure Milk Products co-op block-busting hits, notably 'The Eddie Duchin Story' and 'Pal Joey,' and members and many other farm organizations and individuals."

He will take his "pump-priming" request to the White House tomorrow morning, where he has appointments with assistant to the president Sherman Adams and Economic Advisor Gabriel Hauge. Accompanying him will be Rep. Donald E. Tewes, John H. Brynes, Melvin R. Laird and Gardner Withrow.

The governor doesn't know whether he and the group will see President Eisenhower or not, and even if they do, Thomson said he was sure the president would be too busy to talk with them for any appreciable length of time.

Asked if he requested Secretary Benson to resign, the governor retorted, "Would you ask any man to resign? Do you think it would accomplish anything?"

No, I didn't ask Benson to get out, I just wanted to give him the Wisconsin side of the parity problem."

**More Public Assistance Given in January Than in Same Month in '57**

Madison — More public assistance was paid to more people in January of this year than in the same month a year ago, the state department of public welfare said Thursday.

Total public assistance during the month was \$3,389,290, or 28.1 per cent more than the same month a year earlier, and was shared by 104,721 persons aided. General relief payments totaled \$850,000. The number of persons 570.

## Farm Belt Republicans Direct Political Fire At Secretary Benson

**Continue Efforts to Force Him to Reconsider His Refusal to Resign**

Washington — Midwest farm Republicans kept up their political fire at Secretary of Agriculture Benson today in the norships in the farm belt.

But other congressional Republicans rallied to Benson's support.

Rep. Weaver (R-Neb.), who carried GOP protests to President Eisenhower yesterday, told newsmen after the White House meeting that "the president is not going to fire him and is not going to ask him to resign."

But he said some 30 rebellious GOP midwestern house members, worried by what he called a grass roots political uprising against administration farm policies, plan to appeal to Benson to tender his resignation for the good of the Republican party.

**Political Assets**

But Benson, discounting any thoughts of resigning, told a news conference yesterday his policies would be political assets rather than liabilities to Republicans who got out and worked for them.

He contended his policies are "fair and sound," and are gaining more and more support from farmers. They are designed not to drive prices down, he said, but to let prices reach levels at which the products will sell.

While the midwesterners were criticizing Benson, other Republican house members were defending the secretary, whom Eisenhower described at a news conference as an honest and dedicated man.

Rep. Gubser (R-Calif.) sent a letter to Eisenhower today calling for retention of Benson as "a man of integrity, foresight and courage," and asking Eisenhower to announce that the government is getting "completely out of the price support business."

**Making Progress**

And Rep. Bass (R-NH) told the house yesterday that the "farm price support program does virtually nothing" for New England. He said "it is not only a burden to our taxpayers and to our consumers but it is killing our farming industry."

Rep. Miller (R-Neb.), dean of the rebellious midwestern Republicans, said after the White House meeting he felt "we are making progress in moving our program forward."

Weaver told newsmen that "on the grass roots level the people are not for Mr. Benson. They're not convinced he's working in their interests."

"I told the president it was the opinion of the group that it receiving aid was up 5.8 per cent over the previous year, and the amount paid represented an increase of 7.5 per cent. The greatest increase was in a year general relief aid which showed a 25 per cent increase over public welfare said Thursday.

Total public assistance during the month was \$3,389,290, or 28.1 per cent more than the same month a year earlier, and was shared by 104,721 persons aided. General relief payments totaled \$850,000. The number of persons 570.

## See Need for More Federal Spending To Stem Recession

Washington — A senate-house committee says monetary action and stepped-up federal spending in a number of fields are needed to stem the recession. If these don't work, "tax reduction will be in order," the group says.

In a formal report Thursday, the joint economic committee urged acceleration of federal programs for highway construction, slum clearance, housing, school and health facilities, and provision of needed public buildings.

It assigned a "high priority" to outlays for navigation and flood control, water and soil conservation, and reclamation. These programs, the report said, "have great merit . . . both for the immediate employment opportunities they create and because of their contributions to long-run economic development."

At the same time, Chairman Cannon (D-Mo.) of the house appropriations committee called on army and interior department officials to come up with what he called "a more realistic program and revised estimates" for spending on public works in the fiscal year starting July 1.

## 'Shapeliest Legs' are Battered, Bruised in Filming Video Series

Phoenix, Ariz. — One of the world's shapeliest pair of legs are battered and bruised today.

Actress Jackie Loughery, a former Miss United States, fell down a high stairway yesterday during filming of the television series, "26 Men," which deals with the tales of the early day Arizona rangers.

Miss Loughery was supposed to drive the male actors from the local saloon when her high heels became entangled in her long skirt.

Another actor administered first aid and the scene continued. But the actress said she won't be exhibiting her famous limbs for some time. "They look awful," she added.

## Tricky Rat Keeps Airliner Grounded, Can't be Caught

BY BERNARD GAYZER

Chicago — A tricky rat that has grounded a 44-passenger airliner at Midway airport since Tuesday had officials of United Air Lines up in the air today on how to catch the sneaky rodent.

The rat, named Rudolph, has upset the best efforts of mechanics and an exterminator to get him out of the fuselage. He has stolen cheese set out to bait him and has avoided all other traps.

"This Convar will not leave the ground until he is captured," said a UAL spokesman.

Mechanics at the UAL maintenance area at the airport think Rudolph is having a ball dodging in and out of hiding places provided by the fuselage framework.

**Won't Poison Rat**

"He's not in the passenger compartment proper," said a spokesman. "We could probably poison him, but then it might mean taking the whole plane apart finding him after he died."

Charles W. O'Hare, a pro-local rat the whole matter will fessional exterminator called to catch Rudolph, got a per-an out-of-town rat that means yesterday to use a special that he could "theoretically" 22 caliber target pistol which bring in some disease

fires scatter shot. O'Hare said the shot wouldn't damage the fuselage.

But the UAL spokesman said that O'Hare's search for the rat might have to be carried out without a single shot being fired. "We're not so sure of that fuselage business," he said.

Mechanics, who along with other maintenance crew personnel have made up the hunting party since discovery of Rudolph's presence, vowed to keep up the search. They named the rat Rudolph.

O'Hare said maybe Rudolph will turn out to be Rosie—there was no way of knowing.

**Health Board Interested**

No one knows for sure how Rudolph (or Rosie) got aboard, but the best guess is that he climbed up when the passenger steps were left down while the \$500,000 twin-engine plane was being serviced.

But Rudolph's point of origin makes a lot of difference to the Chicago board of health which planned an investigation. Dr. plane apart finding him after F. L. Andelman of the board indicated that if Rudolph is a local rat the whole matter will fessional exterminator called to catch Rudolph, got a per-an out-of-town rat that means yesterday to use a special that he could "theoretically" 22 caliber target pistol which bring in some disease

# Parish Tells Plans for First School Building

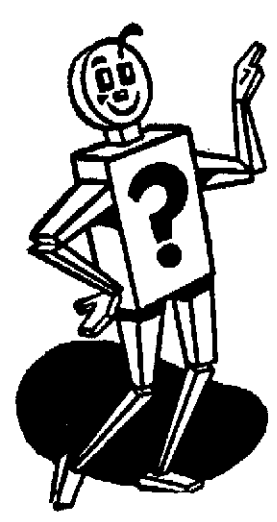

St. Pius Will Begin Construction in April on \$700,000 North Side Structure

Construction of St. Pius X parish's first permanent building, a school, will begin about April 1 and should be ready for its first students next fall. The \$700,000 building, also housing a temporary church and other parish facilities, will be constructed on land given to the parish by the Most Rev. Stanislaus V. Bona, bishop of the Catholic diocese of Green Bay. The lot is bounded by Marquette, Division, Erb and Lindbergh streets and also will be the site of future parish projects — a rectory, convent and permanent church. According to the Rev. Richard Keller, pastor, the school will be constructed first then a rectory and convent and finally the permanent church. At present, the congregation is holding Sunday masses in Valley funeral home daily masses in a chapel set up in a rented rectory at 326 W. Glendale avenue. Various organizations meet in St. Therese church the mother parish.

Construction of St. Pius X school, also housing a temporary church, will begin about April 1 and is expected to be completed next fall. The \$700,000 building, the parish's first, will be on parish land bounded by Marquette, Division, Erb and Lindbergh streets. One wing will consist of 12 classrooms while the other will house the temporary church. Future plans call for construction of a rectory, convent and permanent church, but no immediate plans have been announced. George Narovec is the architect.

is holding Sunday masses in Valley funeral home daily masses in a chapel set up in a rented rectory at 326 W. Glendale avenue. Various organizations meet in St. Therese church the mother parish. Architect George Narovec said bids for the initial structure are being taken now and general construction bids will be opened Tuesday, March 18. The L shaped, 1-story building will face W. Marquette street toward the front and middle of the parish land. The school wing will have 12 classrooms, library, toilets, office suite storage facilities and teachers' rest rooms. The basement will house the heating plant, kitchen auxiliary storage facilities and meeting rooms.

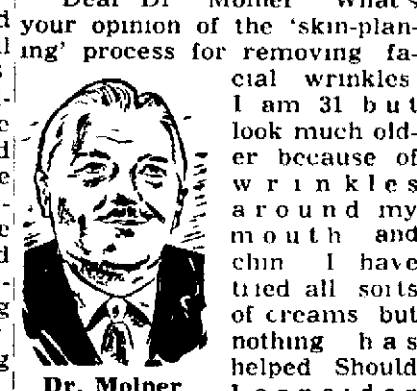

The temporary church wing will have a capacity of over 600 people and space for the choir and sacristy. According to Narovec, the wing is planned for conversion into six more classrooms in the future. The basement of this wing will consist of a dining and meeting room, with a 600-person capacity. Brick Construction. Brick with stone and limestone trim will comprise the structure's exterior, windows and doors will be of aluminum and the interior will feature terrazzo, quarry and asphalt tile floors, along with acoustically-treated ceilings. A large off street parking lot is included in the plans, as well as a playground area. When the rectory is built, it will be on the southeast corner of Erb and Lindbergh streets, while the convent, also to be built north of the school, will be constructed near the middle of the lot. The future church will be on the northeast corner of Erb and Marquette streets, according to present plans.

Appleton's fifth Catholic parish was created several months ago by Bishop Bona when it became apparent St. Therese church was greatly overcrowded. About 500 families are members of St. Pius X parish.

## To Your Good Health

### Process Advised for Scarred Face, Not for Wrinkled One

By Joseph G. Molner, M. D.

Dr. Molner

"Dear Dr. Molner: What's your opinion of the 'skin-planing' process for removing facial wrinkles? I am 31 but look much older because of wrinkles around my mouth and chin. I have tried all sorts of creams but nothing has helped. Should I consider face-lifting?" — A C.

Unless something new has been sketched by without my noticing it, I don't think skin planing is going to do much to help wrinkles. True, the planing process, since it causes new growth, brings about a "young" textured skin to some extent. This, it is believed at least by some doctors, gives temporary aid in protecting against certain types of skin lesions. However, it is a surface change only, and wrinkles are more than skin deep. And so, concerning wrinkles, I simply would not expect skin-planing (as useful as it is for other things) to be of much help. See Surgeon.

To answer your other question — about face-lifting — I will go this far. I think you might do well to discuss it with a plastic surgeon. Remember please (this is something that

people may be inclined to forget at times) that a doctor builds his career on successful results. Plastic surgeons, too. They don't want to attempt cases when there isn't hope of satisfactory results. Seek a frank answer as to how much he thinks he can do for you and whether the operation would be worthwhile. No body can predict with complete accuracy but the percentage of accuracy will be high. Don't make up your mind now. First, ask about the prospects. Pit-Scarred Face.

"Dear Dr. Molner: My husband, who is 33, has a pit-scarred face. He has had some

treatments with acid which improved his skin to a slight degree. Now we have read about dermabrasion, but before we go ahead we would like your opinion as to whether this could possibly cause skin cancer. — Mrs. G. K.

Cancer (of the skin or other organ) appears to be induced by long - continued irritation. Dermabrasion (or skin planing) on the contrary is a brief treatment, and the healing is soon completed. As a matter of fact, the process sometimes is repeated several times in cases of severe pitting, each succeeding treatment adding further improvement.

The answer is no. It does not carry any risk of cancer. I might add that the treatment is being used as a method of preventing skin cancer in parts of the country where excessive exposure to the sun is known to lead to it.

Pointless Worry. "Dear Dr. Molner: I have a son two years old. He drinks about two quarts of milk a day. Lots of people have told me that too much milk is not good for this true?" — Mrs. J. A.

I guess you'll have to ask the "lots of people" who told you that, because I don't know of any reason why a child shouldn't drink two quarts of milk a day if he likes it. It's true that occasionally an individual may be allergic to milk. Some youngsters, because of this, have been switched to soy bean "milk" or some other substitute, but these are special cases. Worrying about milk-drinking is about as pointless as thinking fresh air is dangerous because some people happen to get hay fever from breathing the pollen contained therein. (Copyright, 1958)

## Iowa Firemen Take No Chances With Helmets

Burlington, Iowa — The Burlington fire department takes no chances with its 1888 firemen's helmets displayed on the wall in the clubhouse at town hall. The seven head-pieces were nailed to the wall.

## State May Get 100 New Post Offices

BY FRANCES MCKUSICK

Post-Crescent Washington Bureau

Washington — Wisconsin is scheduled to receive about 100 new post offices, if congress passes the 5-cent postage stamp. Postmaster General Arthur Summerfield has informed Gov. Vernon Thomson.

The governor said Summerfield explained that even if funds were furnished to construct the buildings, the post office department would not have enough money to equip them unless new revenue were provided by the sale of 5-cent stamps.

The postmaster general did not give Thomson the locations of the proposed new post offices.

## 'Wells Fargo' Bad Guys Like To be Meanies

Part of Reason for Show's Success, Says Star Dale Robertson

BY JINGO

What makes one western TV series succeed while others flounder?

Dale Robertson, star of "Wells Fargo," which has had fabulous success in the audience ratings, says:

"Maybe it's because people get to know that ours is a real western. We don't go in for all that psychological business that some of the others do."

"Our bad guys are mean because they like to be mean, not because they saw their mothers beat their dogs when they were kids. And our good guys are good guys because—

I don't know, maybe because they aren't smart enough to be bad guys."

Another item: The Wells Fargo title.

"I think it's the best title in the business," Robertson says. "Everybody knows what it stands for. And we've got enough real stories to last us for years and years. We're just getting started; I think in our third or fourth year we'll start to hit our stride."

"Of course, you can't just take the stories right out of the book and film them. They have to be changed a little to fit into 26 minutes. But people realize they are basically authentic."

Robertson is realistic and outspoken enough not to overlook another factor: Dale Robertson. "You can sometimes fool the people in little things," he says. "But when you put a guy on a saddle and he goes bouncing through the scene, you aren't going to fool many people."

Robertson is delighted with his TV series. This contrasts with such stars as Jim Arness, Clint Walker and James Garner, who are threatening to walk out on their shows.

"I'd like to go on doing this show for 20 years," Robertson says. "I'll admit that part of my enthusiasm is because I own a portion of the series. Those other producers would be smart to cut their stars in on the profits, too, instead of making them work for peanuts."

# Henry Reuss Best Received of All State Democrats in Capital

## Congressman May be Top Choice In Wisconsin's Next Senate Election

BY JOHN WYNGAARD  
Post-Crescent Staff Writer

Washington — Rep. Henry Reuss of the Wisconsin Fifth district is the best known and mostly widely talked about Wisconsin Democratic member of the house of representatives in the national capital.

Reuss moves in the leading circles of his party, and he gets a "good press" in the capital city where the power of publicity is one of the astounding characteristics of the system. It is widely assumed that Reuss will be the major candidate of the Wisconsin Democrats for United States senator at the next senatorial election.

Sen. Everett Dirksen of Illinois, a familiar personality in Wisconsin through his scores of platform appearances before Wisconsin Republican rallies, is almost certain to be chosen minority leader of the senate upon the departure of Sen. William Knowland, now running for the California governorship.

Small world department: One of the aides of the late Sen. Robert Taft of Ohio, hero of the Republicans for a generation, is now employed in the office of Sen. William Proxmire, top Wisconsin Democrat.

Otto Christensen, who will be remembered by old time La-Follette Progressive politicians as one of their own and as a one-time candidate for attorney general of Wisconsin, is now seen here frequently in a strangely different capacity.

He is the principal political agent-lobbyist is the word most familiar in Wisconsin—for the Minnesota Employers association.

Wisconsin friends of Victor A. Johnston, who formerly worked for Sen. McCarthy and earlier was executive secretary at Republican state headquarters, ought to wangle an invitation to his beautiful new home. The Johnston house in a capital suburb is one of the most attractive establishments this reporter has ever seen.

There have been those Wisconsin Democratic politicians who have sometimes doubted Philo Nash, the former Democratic state chairman, was as intimate with former President Truman during his White

House service as Nash would have them believe.

But when the former President exuberantly arrived in Washington last week and threw a small party for his old friends — he called them "cronies" — Nash's name was conspicuously included on the selected guest list.

Mrs. Lawrence Smith of Racine, widow of the former dean of the Wisconsin house delegation who will run for her late husband's seat in the fall elections, has had assurances of support from Wisconsin congressmen and others.

Mrs. Smith also intends to use the help that has been offered by Mrs. Margaret Church, the Illinois congresswoman who represents the adjoining Illinois district. There are now 16 women in the house of representatives. Mrs. Smith feels she can perform competently as a candidate because she is familiar with the issues and with political campaigns. During her husband's 18 years of political service she was his principal aide.

Some of her friends have advised her she would have been a stronger candidate in a special election this spring, but she did nothing to persuade Gov. Thomson to call such an election.

Some Wisconsin congressmen believe there ought to be machinery to provide a closer liaison with the state government administration.

Relations with the home state now tend to be highly informal and spasmodic. Some of the larger states of the country have Washington offices, with expert representatives on duty to maintain a constant flow of information between congressional delegations and the home state government and to lobby for home state interests.

The Wisconsin state administration which has stood adamantly in favor of federal regulation of natural gas at the well-head for the last half dozen years has shared in a prospective victory, of a sort. The southern state's bill to free gas from such federal regulation is already doomed, before a roll call, according to qualified Washington informants.

Ed Zahn, a young Racine politician, is acting as congressional liaison man for Labor, Sec. Mitchell. Mitchell will come to Wausau soon to be the principal speaker at a memorial service honoring the late D. C. Everest, longtime head of the Marathon corporation and one of the leading citizens of his state during his life-time.

Wisconsin transport interests are putting up a stiff fight in the present session of congress for the repeal of the transportation excise tax. The prospects are not favorable, but they are probably slightly better than the repeal of other taxes various groups are demanding.

Several Wisconsin members of congress are out-

spokenly favoring Gov. Thomson as a candidate for United States senator in Wisconsin this year, including Rep. Withrow of LaCrosse and Rep. O'Konski of Mercer.

There is little real belief here, however, the governor will become the candidate.

But there is one line of speculation about the governor's possible political future that has not yet been published in Wisconsin. One of the peculiarities of Thomson's position is that he will have no very obvious place to go — after his gubernatorial period — even if he wins a second and a third term. The next senatorial election — many governors tend to seek a senate seat after retiring from the statehouse — isn't scheduled until 1962.

But Rep. Withrow has resolved to retire from his house seat in 1960 and plans to run for the last time this fall. Thomson is a resident of the Withrow third district. There is now some wondering whether the governor, after his gubernatorial duties are laid aside voluntarily or involuntarily, will seek to enter national politics by way of a third district congressional candidacy.

### Hitchhikers Killed

Taipei, Formosa — A truck which had picked up 15 hitchhikers skidded off a mountain highway in central Formosa yesterday and crashed 300 feet into a ravine. Five were killed and seven critically injured.

## C&NW Will Move Passenger Depot

CONTINUED FROM PAGE 1

three-fourths of the depot, however, was leased to a private firm Jan. 2.

Railway Express presently has space in the downtown passenger depot. McPhail said goods will be trucked to and from the Junction until the addition is built.

No plans have been made about disposition of the downtown passenger and freight depots, McPhail reported.

The moves have been in the making for years, the two officials said.

**Accused Mayor, Chief**  
Ben W. Heineman, North Western chairman, last March expressed irritation with the city over arrests of his trainmen for blocking 1-way streets with trains beyond the legal 10-minute limit.

He accused Mayor Robert L. Roemer and the late Chief of Police Herbert W. Kapp of trying to drive the railroad out of Appleton to Appleton Junction. The Junction is in the city, but at the far west limits.

Kurth said the North Western

had more passengers at the Junction than downtown until Ashland division trains were discontinued about four years ago. One of the nine trains now serving the city still stops and discharges a few passengers at the Junction, he said.

The decision to make the moves comes as City Atty. Don Jury has rewritten the city ordinance limiting the amount of time trains may block crossings.

His new version, recommended for its first council approval next Wednesday night, would permit the North Western to block the W. Second street crossing east of the Junction up to 30 minutes. The current ordinance limits the trains to 10 minutes at all crossings.

Welfare and recreation committee endorsed the revised ordinance at the request of the railroad after it was explained the road would move four passenger-mail trains to the Junction and lessen traffic congestion on the 1-way streets.

## No Breakdown Made in Guard Personnel Cut

BY FRANCES McKUSICK  
Post-Crescent Washington Bureau

Washington — Adjutant General Ralph Olson, who Thursday spent hours at the Pentagon in an attempt to convince them that the National Guard should not be reduced on a country-wide basis, nor any cut in personnel should be made in Wisconsin's 32nd Division, reported that no break-down of troop reduction as yet had been made.

Gen. Olson also said that he thought he would have "more information" today on the status of the armory program, as well as the maintenance of the 32nd division at its present strength.

In the meantime, Rep. Melvin R. Laird, a member of the house appropriations subcommittee on defense, said that no bill had yet been "finalized" on the strength of the National Guard. Laird said that present National Guard money requests would not necessarily "lay off" any guardsmen personnel, but merely would not provide for filling any vacancies that might occur.

"The exact status of this legislation will not be reported out of our committee until May," Laird said. "In the meantime, we may change the whole thing."

Gen. Olson and Laird both disclosed that the bureau of the budget had "released" previously appropriated funds of approximately \$150,000 to build an armory at Mosinee. State contributions would be about \$50,000.

## The Hospital Tragedy

The death of one and perhaps two patients at Appleton Memorial Hospital during its first week of operation because of a mixup in the installation of oxygen and nitrous oxide equipment in one of the operating rooms constituted a triple tragedy. First, of course, it was a terrible tragedy for the families of those who died, and nothing we or anyone else can say will lighten the burden of their grief. Second, it was a terrible tragedy for the new hospital — for the administrators, employees and volunteers who have worked so loyally these many months and years to make the new hospital a reality. And because the new hospital is one of Appleton's greatest achievements and something of which every resident of this city has been proud, it also was a tragedy for the entire community.

As the hospital administrator said, it was one of those things that might happen once in a million times. The tubing and couplings used in the operating rooms are manufactured in a special way so as to prevent this very thing from happening; yet it did happen. It is something, we suppose, like the crash of the two great airliners over the Grand Canyon in 1956 — a one in a million chance. And it was simply part of the awful purposelessness of chance that this tragedy occurred here in Appleton.

Without intending any criticism of the hospital's administration — which quite apparently was blameless in the affair — we would suggest that the American Hospital association or some similar organization learn the lesson of what happened here,

and publish a standard procedure that must be followed whenever any new hospital is opened. Such a procedure would certainly include the chemical testing of all outlets which might conceivably be dangerous if incorrectly installed. Undoubtedly there are other tests that should be made of various pieces of equipment, much as the pilots of an airplane have a checklist they must run down before taking off.

The hospital administration deserves commendation, in our opinion, for the manner in which it handled this most difficult situation. The minute there was the slightest suspicion that the deaths were due to other than natural causes, the press was called in and given the full facts both then and throughout the development of the story. No attempt was made at any time to hold back information from the public; considering the natural human tendency to "cover up" at such times and the newness of the hospital staff, it took real administrative courage to do this. As a result the people of this community know they can trust the people operating the new hospital to tell them the truth.

Meanwhile it is important to remember that the hospital, despite the tragedy, already has taken the place intended for it in our community life, as Wisconsin's most modern institution for the care of the sick. Babies are being born there, surgery is being performed on schedule, the needs of the ill are being ministered to. The people of Appleton still have a right to be proud of their new hospital, its staff and the people who brought it into being.

## Mr. Truman Is a Hero Again

Harry Truman is back in good standing as the hero of the national Democratic party. He was the whole show at the Saturday night dinner in his honor although Adlai Stevenson was a speaker on the program and that other famous Democrat, Gov. Orval Faubus of Arkansas, was in the audience.

Every political party contains a great many groups with widely differing views on many subjects. At the Democratic convention in 1956 Truman was soundly beaten by Stevenson when Truman advocated the nomination of Gov. Averell Harriman of New York for the presidency. When Truman came back on the platform to acknowledge his defeat he had the appearance of a beaten man. Many thought he had lost his hold on the party. But he had said he opposed Stevenson because he thought Stevenson couldn't win. He was right and now he is back to a place of power and authority.

On the other hand it was Stevenson who

was in second place or lower at the Washington meeting. It was Stevenson who paused in his blasts at the Republicans to acknowledge Truman as "the vigorous and pungent embodiment of candor and truthfulness in our public life."

Following that statement Stevenson turned back to the Republicans declaring that they had once engaged in "wild talk of a lurid mess" in Washington. This was rather inept, for it only served as a reminder that it was Stevenson's reference to "the mess in Washington" in 1952 which accounted for the original break between Truman and Stevenson. Of course there was a mess in Washington under Truman, and the Republicans were talking about it and properly so, but Truman found it hard to forgive Stevenson for taking up the Republican complaint in the same terms, "the mess in Washington."

It was rather thoughtless of Stevenson and his reference to it again no doubt had Harry Truman sitting on the edge of his chair.

## A Code of Ethics for the FCC

Rep. Harris, Democrat of Arkansas, made a good point when he said that Congress had left the gate open for abuses in the federal regulatory agencies when it passed the present law in 1952.

There can be no doubt that the people have had their faith in federal commissions badly shaken by the revelations before the House committee which is presently looking into the activities of the FCC and CAB. It has been the presumption of most people that regulatory commissions base their decisions on evidence produced at hearings. This was unquestionably the intention when such commissions were established, but it now appears that congressmen were never satisfied to have an inflexible rule to that effect.

Rep. Harris points out that when the 1952 bill was pending one proposed amendment provided that no one could contact an FCC examiner or commissioner during the course of a proceeding. But the legislators had long followed the practice of passing on to such federal agencies the inquiries and requests of their constituents. When the congressmen found that the amendment would prevent this little courtesy for their home folks they made a change in the amendment. As finally adopted, the law provides that persons who have made representations to the commission proceedings cannot make further representations without announcing that fact.

Rep. Harris says the testimony in the case of Miami's famous Channel 10 has

shown that the law is easily evaded. Those who have appeared in a case once "get their friends to go in and put pressure on in their behalf."

Rep. Udall, Democrat of Arizona, has suggested that the FCC adopt a code of ethics that would prevent members of Congress or anyone else from intervening in commission hearings. He thinks "a unanimous wave of silent approval would flow across Capitol Hill" if the FCC did so tighten its rules.

Rep. Udall thinks the FCC should require that all communications to the commission concerning applications be made public, that inquiries from congressmen be limited to questions on the status of pending applications and to "simple appeals" for fast action. Furthermore he says the commission should "define improper intervention and impose harsh penalties on applicants who engage in such practices."

We are strongly in favor of a code of ethics. Such codes never do any harm and they sometimes do good. But with the commissions dependent on Congress for appropriations, the commissioners would find it difficult to hold the line without a better barricade than the code of ethics. We are not going to suggest a code of ethics for congressmen for they have only one code and that is to get elected. The big need is honest men to act as commissioners. It should not be difficult to find honest men and to keep them honest if they are treated fairly in the matter of salary and expenses.

## People's Forum

### Praises Supv. Fischer's Work for County

Editor, Post-Crescent: In a recent issue of your paper, one of our county officials from the highway department made an accusation that Supv. Fischer was acting for motives other than as a public minded citizen. Everyone of us who know Mr. Fischer, know how very untrue that statement is. We know how much of his time, effort and personal money he has given on almost every public project that has come along in the last several years.

He is president of the Outagamie Conservation club and has been doing a lot of work trying to promote better conservation methods in Outagamie county. He has joined the Civil Defense organization and has been untiring in his efforts in this regard. He has been active in the Fox Cities planning group, has attended many of their meetings and has supplied them with valuable information. He has worked unceasingly for a county airport which will meet our air transportation needs for the years ahead of us. He spent his own time and money in

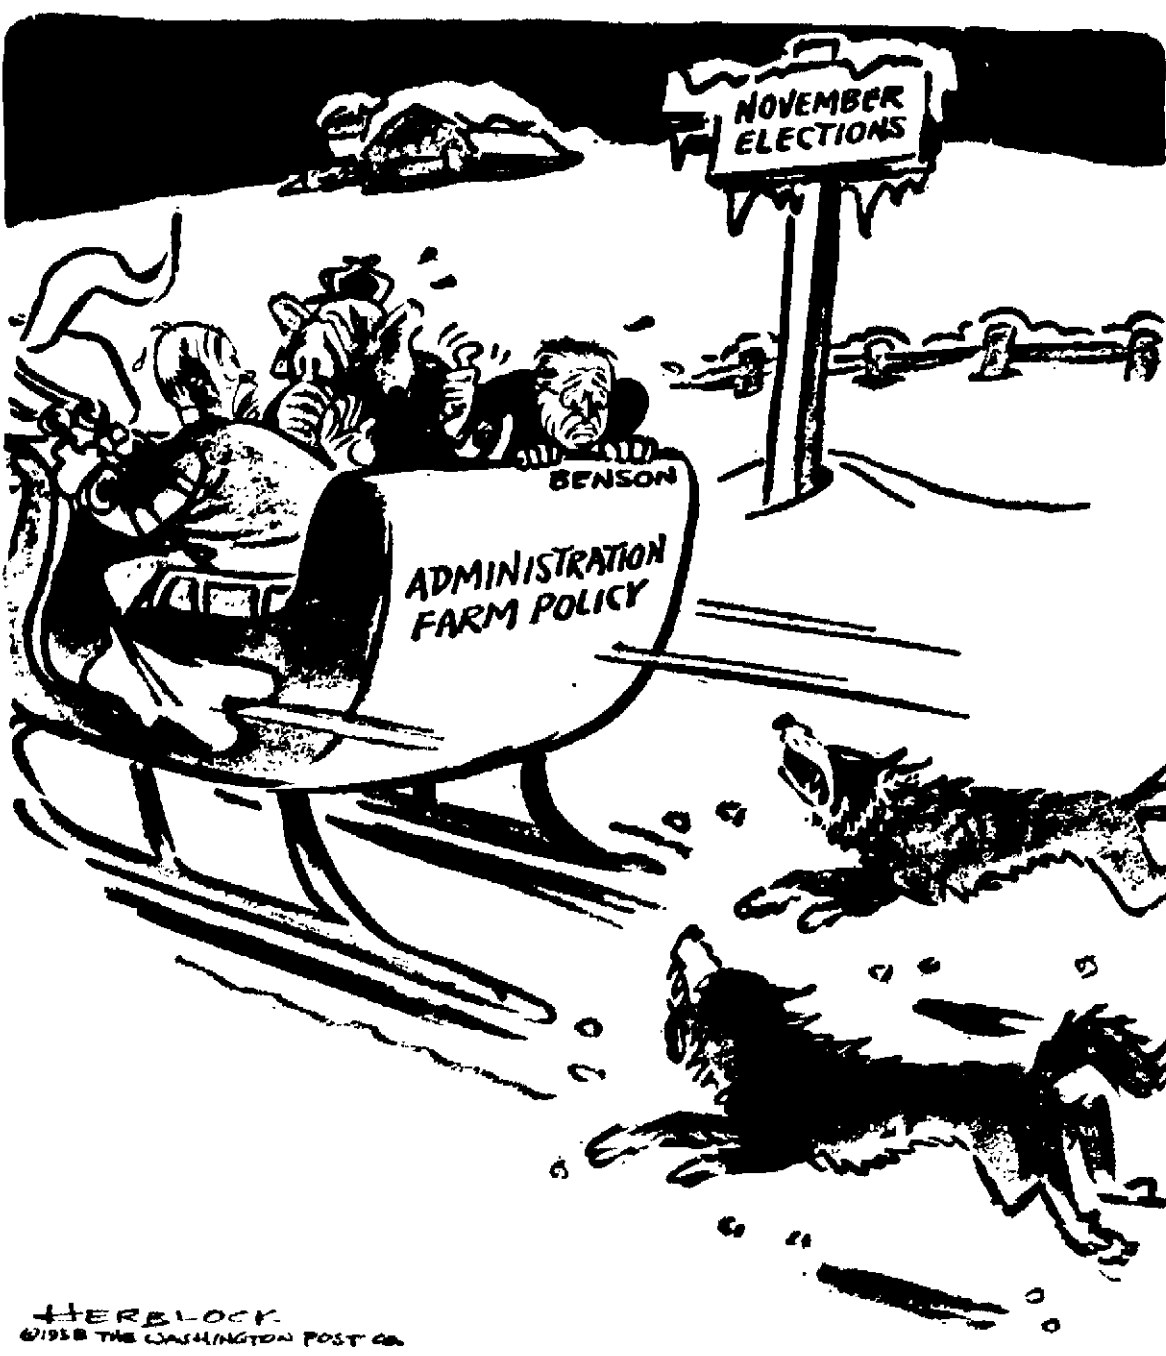

contacting state senators and assemblymen relative to legislation in the legislature. He was very active in the campaign to keep fluorides in our water supply.

There has hardly been a public issue in the last several years which he has not made a study of and promoted public discussion. On some of these points I may not necessarily agree with Mr. Fischer, but I and my neighbors are extremely happy to be represented by a man who will give so much time and effort to public questions and who has the courage to make a stand on them.

I feel that he is doing all of the taxpayers of Outagamie county a great service in checking into the county operations and seeing to it that our tax money is properly used. So for myself and my neighbors I want to publicly say, "Thanks, Mr. Fischer, and keep up the good work."

William F. Errington

### Senate Hearing Indicates Lack of Funds in '46 Stopped Defense Project

BY GEORGE SOKOLSKY  
(Copyright, 1958)

It is impossible intelligently to read the testimony of Robert E. Gross, chairman of the Lockheed Aircraft Corporation, before the senate subcommittee, because most of it has been deleted. Nevertheless, one catches a word here and there. And the most important one is 1946.

For apparently it was in the year 1946 that this project was conceived. Lockheed subsequently went into various new weapons projects on a limited basis. How one engages in such an enterprise on a limited basis, it is difficult to say.

Most Americans assume that the United States got into the sputnik business after we discovered that the Russians were beating us to the punch. But here we discover that the Lockheed Aircraft Corporation has been in the enterprise for at least 12 years. L. Eugene Root, a Lockheed vice president, testified:

"... It remains to give this program a complete authorization and centralized and go on it, taking advantage of this work that has been going on since 1946. We have a tremendous group of subcontractors and associate contractors on this thing that number up into the fifties."

Many Contract Changes. One needs to be a detective to piece together all the quarrels in the Pentagon, during the 12 years since 1946, among the army, navy and air force over which department will produce the sputnik. For the Lockheed people produced a contract at the committee hearing, and Sen. Stennis wanted to know what the red lines in the contract meant. And it turned out that the red lines indicated cancellations and changes.

R. A. Bailey, of Lockheed said: "The contract which was cancelled was a new airplane and new system, a new electronics system. It was an entirely new airplane and system."

"Sen. Stennis. Was that to be used in connection with the early warning plan?"

"Mr. Bailey. Yes, sir."

corrected and although President Eisenhower has, on at least three occasions, indicated that a centralized system of control of the new scientific weapons was being established, naming the person who would have authority, there is no indication that the separatism of the three services is less today than it was when James Forrestal fought to make the department of defense a unified administration.

No Money. The real trouble seems to be that there is a lack of money to do the job right, but it is not understandable why there should be a lack of money with the huge amounts that the United States is spending on national defense, except that so much is being spent on obsolete military activities that too little remains for the modernization of our weapons. Sen. Stuart Symington brought this issue to a head when he asked Bailey:

"... From the standpoint of the committee's record, we want to be sure that there is no technical disagreement as to whether this is the best way to do it, or can we afford to have it

later, or something of that character. It is just a direct lack of money, is that right?"

To this Bailey replied:

"I know of no technical disagreement between us."

In a word, an early warning system and a new airplane system, both declared to be essential, are held up for 12 years, because adequate appropriations are not made.

The Russians approach their problems much as the United States did between the end of the Civil war and the end of Theodore Roosevelt's administration. It was an era of push and go. The entrepreneurs did not worry about precedents and traditions; they moved ahead in every direction.

We are now suffering from three social diseases: one is bureaucracy both in government and in business; another is the socialist characteristics, unwitting perhaps, of a management which is unrelated to ownership; another is an orthodox stuffed-shirtism which appears in both government and business, which rejects aggressiveness and controversy.

## Looking Backward

### R. D. Evans Top Lawrence Orator

79 YEARS AGO. Quoted from the Appleton Post-Crescent for the week of March 1, 1879.

Notwithstanding the fact of there being other attractions, a fine audience assembled in the Chapel to witness the Oratorical contest to determine who will represent Lawrence University in the State contest to occur hereafter.

There were five contestants, Mr. George Fellows being the first orator. His subject was "Sorrow and Its Language." Mr. H. A. Tice, second to speak, was easy and graceful in his elucidation of "The Divine in Man." Our young friend, Mr. Horace J. Evans, the next speaker, was afflicted with a painful loss of memory, marring the effect of a well rounded speech on "The Relation of Reason to Faith."

A slightly observable disconnectedness tended to injure the effectiveness of Miss Smith's fine oration on the "Character of Genius." Mr. R. D. Evans treated "The Super-Personal Voice," with the force and energy of Wendell Phillips.

The first place was awarded to this last gentleman by the judges, the second place going to H. J. Evans. The young men are brothers.

25 YEARS AGO. Friday, Feb. 24, 1933

Howard Bandy was named chairman of the committee to make arrangements for the senior vaudeville at Appleton High school. The program was to be given the latter part of March.

Frank J. Harwood, Apple-

ton, was among the thousand or more men who signed to call for a huge meeting in Washington, D. C. on March 7 and 8 to organize against repeal of the eighteenth amendment.

Harold Sanders was named manager of the city store-room in the basement of city hall at a meeting of the public relief committee. He succeeded William Johnson.

R. H. Hoffman, serving his third consecutive term as president of the Bricklayers and Plasterers union, Local No. 10, Appleton, resigned that week.

Mrs. William Mueller, Mrs. J. Radtke, Mrs. William Braeger, and Mrs. Henry Stecker entertained a group of guests at the home of Mrs. Mueller.

Miss Olga Smith, instructor in botany at Lawrence college, was the author of an article entitled "The Effect of Salt on the Morphology of the Bacillus Megaterium" in the January issue of the Journal of Bacteriology.

10 YEARS AGO. Friday, Feb. 27, 1948

George B. Paltzer was elected chairman and Oliver J. Mathy, cubmaster, when Cub Pack 5 of St. Theresa parish held its election of officers. Paltzer succeeded Russell J. Earling, and Mathy succeeded D. G. Lehman.

Gustave J. Keller, Appleton attorney, was to be the main speaker at a meeting of the Outagamie county deputy sheriffs. Sheriff Ly-

## Under the Capitol Dome

### Justice Steinle Would Be Good Candidate

BY JOHN WYNGAARD

Madison — Judge Roland Steinle of the Wisconsin supreme court, who is about to step into the field of partisan politics as a candidate for the Republican nomination for United States senator, presents some of the qualities in a candidate for which the Republican organization has been searching with increasing anxiety.

He has stature. He has had a good deal of experience in public life. His past judicial offices give him the kind of prestige campaign managers like to point to in their candidates. He is widely known. No recent member of the supreme court has made quite as many breakfast talks — or has so much enjoyed them — as has this jovial and hearty man who has told the governor he wants to get off the court and at the same time has virtually announced his candidacy for senator.

No one can quarrel with the judge's professional standing as a lawyer. He was a successful practitioner for many years in Milwaukee. He was a successful trial judge. He was chosen for the supreme court by a governor who had a desk loaded with the names of other prospective candidates.

Judge Steinle also has a practical asset that Republicans prize. He is widely known and respected in Milwaukee county, that bastion of Democratic strength where Republicans have run poorly in recent years.

## THE OTHER SIDE

Pitted against Sen. Proxmire, who will inevitably be the Democratic nominee, Judge Steinle is likely to look pretty impressive. Sen. Proxmire's assets, realistically considered, consist mostly of his superb campaigning ability, rather than any record of accomplishment in private life or personal stature, and the priceless advantage of incumbency.

(Some day a practical teacher of political science, faced with the need for assigning research jobs to graduate students, is going to figure out a practical assignment, such as measuring the advantage incumbency has in a typical Wisconsin campaign situation.) But there will be those Republicans, fussy and otherwise, who won't be quite content with Justice Steinle's qualifications — however relieved they may be that the situation is hopeful enough to persuade a man of his rank to take a

chance in the campaign this summer and fall.

There may be some doubts about his possession of the physical agility required to compete with the indefatigable incumbent.

There may well be some real doubts about his qualifications to debate the issues. Whatever his mental equipment, it is not likely that while he has been reading briefs and law tomes in the quiet of the supreme court chambers he has also familiarized himself with the scores of acute issues on the national legislative front.

Justice Steinle is a member of the Roman Catholic church. Many Republicans have believed that they need a Catholic to balance their ticket. But the affiliation is not necessarily advantageous. Church affiliations are sensitive considerations, sometimes cut both ways.

## THE LAW

A possible problem that is more difficult to measure concerns the law relating to the participation of the judiciary in politics.

It doesn't seem likely that a lawyer of Justice Steinle's rank would have failed to consider the matter, and so it may be assumed that he doesn't regard the rule that a judge cannot run for any other office during the term for which he was elected a legal obstacle. Manifestly, he feels that his resignation from the court meets the obligations of the rule.

But it won't meet the convenience of his political opponents. They will raise it as surely as it was raised against Sen. McCarthy in somewhat different circumstances a little more than a decade ago.

There are no court cases on the meaning of the rule, as far as is known. In the absence of such court decisions, the opposition party and its legal specialists can be expected to labor the point for all that it is worth.

Fletcher Knebel

## Potomac Fever

The air force asks permission to "shoot the moon" this year. Army missileers says it will be a welcome change to have the air force shooting over the moon — instead of mooning over the shoot.

Virginia's Sen. Byrd, an apple grower, changes his mind, says he'll run for reelection. Byrd decided there's no market for selling apples on the street corner after all.

Ike and Harry Truman plug for more foreign aid. It was said that if these two ever got together, somebody would lose his shirt — but who knew that everybody would?

conference of trade and industrial and distributive education coordinators of the Wisconsin schools of vocational and adult education in Madison.

Mrs. John Christman was elected president of the Mount Mary Alumnae association. Mrs. John Milhaupt was elected vice president, Mrs. Gordon Gill, corresponding secretary, Miss Constance Vaughn, recording secretary, and Miss Rosemary Heenan, treasurer.

# Nash Unions Plan Law Suits In Shutdown

Claim Closing of  
Plants Violates  
Contract Agreements

Milwaukee — Union representatives Thursday announced plans for damage suits to cover income lost by American Motors corporation employees during a planned shutdown of the firm's two auto plants for a week starting next Monday.

The executive boards of locals 72 and 75 of the United Auto Workers claimed the suits were a "complete violation" of contract agreements. Local 72 represents Rambler assembly plant workers in Kenosha while Local 75 is bargaining agent for employees of the body plant in Milwaukee. In a joint meeting here, the boards adopted a resolution which said:

"The unions will not accept any careless and rash conduct by the company without effective protest. We have therefore instructed our counsel to immediately commence legal proceedings so that the 8,000 and more employees will receive the wages they will lose by the reckless act of the company."

E. L. Cushman, the firm's vice president in charge of industrial relations, said at Detroit:

"We regret that the UAW has announced it is rushing to the courts to protest a 5-day suspension. The union's action ignores the orderly process of resolving disagreements provided through the grievance procedures in the union contract."

Navy Calls Off Sea Search for Crew of Missing Plane

St. Johns, Newfoundland — The U.S. Navy has called off a sea search for 22 navy men missing since their radar patrol plane vanished over the north Atlantic Feb. 20. The air search by 20 planes continues.

The Superconstellation disappeared on a routine flight between its home base at Argentia, Newfoundland, and the Azores.

An empty yellow rubber life raft was found Thursday about 100 miles northwest of Graciosa Island in the Azores, but a navy spokesman said it probably did not come from the missing plane since the bottom was covered with marine growth.

These Six Witnesses Testified Thursday before the senate rackets committee during the current investigation of the Kohler company strike. Left to right, top photo: Lawrence O'Neil, in charge of photography at the Kohler plant at the time of the strike; Fred J. Daley, vending machine operator at the plant; and Gunther Voss, a Kohler employee. Bottom photo, same order: Larry Schmitz, former undersheriff at Sheboygan; Theodore J. Mosch, former Sheboygan county sheriff; and E. J. Hammer, a Kohler company attorney. (AP Wirephotos)

## Kohler Chief Denies He Tried to 'Break Strike'

CONTINUED FROM PAGE 1

J. Mosch acknowledging he had accepted a \$300 campaign contribution from UAW Local 833, the Kohler local, when he was seeking reelection as sheriff in 1954.

Capelle said he draws all his salary from tax revenues of the village of Kohler. He said possibly 75 per cent of the village's tax revenues are paid by the Kohler Co. He estimated Kohler workers constitute about 90 per cent of the village's population of 1,700 or 1,800.

UAW President Walter Reuther in a statement prepared for but not yet presented before the committee, charged that "the company . . . made obvious preparations for war, for rejecting a demand by Robert W. Haynes, chairman of the Sheboygan (Wis.) County Republican committee, that he employ firearms if necessary to help non-strikers to pass through union picket lines at Sheboygan. Haynes de-

scribed Mosch's testimony as "an unmitigated lie."

"I neither said nor implied to Mosch that he should use firearms to open up the picket line," Haynes said. "My only reference to firearms was that he could use them to defend himself and his deputies if attacked. That certain is the privilege of any law enforcement officer."

Haynes confirmed that Mosch was "bounced" from the Republican party, but said it was because he had refused to do his duty. Haynes added: "Since the sheriff refused to uphold his oath to uphold

the laws, I felt he should no longer receive the support of the Republican party and I no longer considered him a member of the party."

Haynes said the county GOP organization agreed with him.

The committee had heard testimony from anti-union witnesses Wednesday that Mosch was "dragging his heels" in law enforcement, particularly when it came to protecting non-strikers.

Mosch said he had feared that use of firearms of tear gas might set off bloodshed which his small force of deputies could not control. He said Wisconsin's governor had advised him also not to use firearms.

Mosch and Lawrence Schmitz, who was his undersheriff in 1954, testified that feeling was at "fever pitch," as Schmitz put it, between the strikers and non-strikers.

Mosch testified he revoked commissions which made President Herbert Kohler and other company officials special deputy sheriffs, after receiving a deputy's report that Kohler was among a group of plant officials who displayed clubs in an incident on the picket lines.

Schmitz said he had recommended revocation of the deputy commissions after the county's then district attorney, John C. Buchen, advised him that it was perfectly legal for the company to possess tear gas guns while its top officials held credentials as sheriff's officers.

Schmitz said he did not know whether the company had other weapons.

Schmitz said he thought Mosch had one his best to preserve order "according to his lights."

Schmitz said he would not second guess his former boss now with criticism.

## 1 Crewman Killed In Bomber Crash

El Paso, Texas — A big intercontinental B47 bomber plowed into the ground just before landing last night, killing the navigator.

Three other crew members were killed. Lt. Col. Hilding L. Jacobson, Jr., instructor pilot; Capt. Gerald Weiner, plane commander; and Lt. Donald Mailer, co-pilot, all of Salina,

## Expect to Rule On Dam Soon

PSC Faced With Appeal to Court In Any Decision

Madison — Faced with the prospects of an appeal to the state supreme court no matter how it decides, the Wisconsin Public Service Commission is expected to rule in about 10 days on the future of plans to build a dam on the New Wood river in Lincoln county.

Arguing on legal foundations dating as far back as 1907, attorneys for both sides Thursday made final pleas on a motion by the state to dismiss the application filed by the Wisconsin Valley Improvement company (WVIC).

Wisconsin Valley, owned, operated and supported by 12 paper and power companies with mills and plants on the upper Wisconsin river, proposes to erect the dam on state-owned land near Merrill.

In the event the application is dismissed, WVIC is expected to take the issue to the supreme court. If dismissal is refused, the state is expected to appeal to the high court. Should the commission approve the application, the next step will be to schedule a hearing to determine the merits of the application.

Fighting Application Deputy Atty. Gen. John Winer maintained in oral arguments that the application should be refused "as soon as it is conclusively established that the proposed project cannot be carried out."

The attorney general's office is fighting the application on behalf of the state conservatory commission.

R. E. Puchner of Wausau, representing Wisconsin Valley,

insisted the corporation has authority to acquire state and county owned lands for any reservoirs which would improve the flow and control of the Wisconsin river. He said the company received the authority in a legislative charter granted in 1907.

Conservation commission opposition is based on the contention that dam would mean destruction of five deer yards and some trout waters. WVIC says the dam would boost efficiency of the hydroelectric plants on the Wisconsin river and improve flood control.

Nelson Says Thomson Should Have Vetoed State Employee Bill

Madison — Gaylord Nelson, Democratic candidate for governor, declared Thursday that Republican Gov. Thomson should have vetoed a bill which Nelson said reduced the vaca-

tion and sick leave benefits of state employees.

Nelson, a state senator from Madison, told a meeting: "Wednesday Gov. Thomson made a grandstand play for the state employee vote by refusing to sign a new vacation rule proposed by the bureau of personnel."

"He said there was some conflict and confusion in interpreting the new vacation law passed by the majority party Republicans during the last session of the legislature."

Nelson contended the governor "knew there was confusion and conflict in the bill when he signed it."

## Paul Albers In 243 Line At Kimberly

Kimberly — Paul Albers crashed a 243 game and 614 series for the high scores in the Village league at Van's alleys.

Schmidt Oil Company rolled the top team scores with a 920 single game total and 2,682 series.

Johnny's Restaurant moved into first place with a 10-8 record while Wydevan and Son Insurance dropped to second in a tie with Ellick's Heating. Kimberly Cleaners and Schmidt's, all a game out. Tied for third place, one game out of second, are Hipp's Wooden Shoe, Dud's Inn and Joe's Foods.

Other high scores included Art Lecknecht, 208-232 - 589; John Van Eperen, 205-575; Ken Williamsen, 206; Charles Jensen, 538; Norbert Van Dyke, 539; Joe DeLoew, 207-555 Carl Lemmers, 208-532; W. Wulterkins, 201; Pete Van Haelst, 201; Joe Van Cuyk, 542; Elmer Kobs, 562; Frank Van Cuyk, 543; Ken Bohrer, 206-536; Jerome Gaffney, 536; Gordon Breier, 200-540; Gil Nape, 220-541; Ed Belongue, 201-527; Earl Meixl, 202-214-571 and Tony Oudenhoven, 214-536.

St. John High School cheerleaders who will lead the basketball team into the Catholic regional tournament which opens at the Little Chute gym tonight are, left to right, Rosamary Roy, Virgie Spierings, Gerry Wyngaard, Darlene Peeters, Sheila Hietpas and Ellen Bouressa. (Post-Crescent Photo)

## Dud, Vic Meet for Title At Kimberly

Double Overtime,  
Free Throw Round  
Decides One Tilt

Kimberly — Dud's Inn and Vic's Hillside Bar will meet for the championship of the Village league tournament on the clubhouse court at 8 o'clock Saturday night.

Dud was pressed to the limit to score a 55 to 54 win over Bill's Bar. A double overtime and round of free throws were needed to gain the victory.

Vic had an easy time scoring a 52 to 32 victory over White's Bar to move into the title bracket.

Regulation play between Dud and Bill ended in a 49 to 49 tie. In the first overtime Jim Vandehy had a bucket for Dud but Gene Peerenboom retweeted with a goal for Bill.

The next overtime saw Vandehy score again for the winners while Ron Dix added a pair of free throws for Bill to keep the game in a tie. In the free throw round Dick Mulry and Dick Verbeten each dropped their tries for Dud while Dix was the only one to score for Bill's.

**Verbeten Hits 20** — Verbeten was the games high scorer with eight field goals and four free throws for 20 points. Vandehy helped the winners with 14. For Bill, Tom Dupont paced the scoring with 19 and Peerenboom followed with 11.

White led Vic 13 to 8 at the end of the first quarter but Vic went into a 10 point lead at the half by holding White's scoreless in the second period.

In the third frame the winners had 15 to 11 for White and in the final quarter Vic hit for 14 while the losers had eight.

Bob Wahlers had 18 points for White to lead the games scoring. Lee Weyenberg paced the well divided scoring for the winners with 13.

## Thilco Payroll In '57 Listed At \$7,111,029

Average Earnings  
Of Hourly Employees  
Increase to \$4.517

**Kaukauna** — Employees of the Thilmany Pulp and Paper company took home a record payroll of \$7,111,029 in 1957, according to figures released by L. C. Smith, industrial relations director for the firm.

The total marks an increase of about \$160,000 over the 1956 wage and salary figure although the company's sales were lower by over one and one-half million dollars in 1957 compared to 1956, according to Smith's statement.

**Average Earnings** — Average earnings of hourly paid employees at the mill amounted to \$4.517 last year an increase of \$121 over the 1956 mark of \$4.396, according to the industrial relations director. Average hourly earnings jumped from \$2.09 in 1956 to just under \$2.20 in 1957, he continued.

In reviewing the earnings of employees over the years, Smith pointed out 10 years ago the average Thilmany worker earned \$2,712, thus the 1957 figure represents an increase of 66 per cent over a 10-year period.

## Kaukauna Frosh Average 30 Points Per Game for Season

**Kaukauna** — The Kaukauna High school frosh cagers ended conference play with a record of three wins and 10 defeats, averaging 30 points per game over the season according to figures released by Guy Krumm, coach.

League opponents scored a total of 428 points to the 330 hit by Kaukauna for an average of almost 43 per contest. Kaukauna defeated Neenah twice, by scores of 32 to 29 and 48 to 34, and edged Roosevelt of Appleton 38 to 36. Highest single game score for Kaukauna was the 48 hit against Neenah and low was 19 hit in a game with the league champions, Kimberly.

Highest total points scored against Kaukauna was 67 in a game with Menasha and low was the 29 scored by Neenah. The biggest loss margin was 40 points when Menasha took the 67 to 47 win.

**Individual Leaders** — Two players carried the bulk of the Kaukauna scoring for the season with Ken Kavanagh hitting 102 points on 42 field goals and 18 free throws. He was high in field goals and sec-

Aptitude Tests Were Given to Kimberly High school students by officials of the Wisconsin State Employment service. Above, left to right, working on peg boards, are Becky Williams and Pat Verhoven while looking on in the back is Howard Turner of WSES. (Post-Crescent Photo)

## 45 KHS Journalists May Apply For Quill and Scroll Awards

**Kaukauna** — A total of 45 Kaukauna High school journalists are eligible to receive awards at the annual Quill and Scroll banquet to be held April 22 at the Elks clubrooms, according to Miss Frances Corry, club adviser.

Students must apply for the awards by sending in records of their journalistic accomplishments. Qualified students will receive either an editor's pin, a reporter's pin or a key.

Fourteen students are eligible to receive editor's pins including Bonnie Bayorgeon, William Campbell, Belle Cherkasky, Judith Danner, Doris De Bruin, Darlene Giesbers, Thalia Hodgins, Nancie Nagel, John Rogers, Darlene Vanden Broek, Margaret Van Zeeland, Mary Verbeten, Thomas Whitman and Dale Zachowski.

The 24 students eligible to

apply for pins include Carol Black, Donna Bowers, Paul Buetow, Mary Coppes, Carol Gerharz, Karen Grafmeier, Hope Hilgenberg, Wayne Hillegas, Charles Kemp, Keith Kemp, Alice Kempen, David Lindemuth and Edward Ludke.

Other reporters eligible for pins are Susan Mongin, Margo Paschen, Julie Piepenberg, Lois Siebers, Sandra Spencer, Roberta Squires, Ronald Vandenberg, Patricia Verhagen, Judith Vils, Geraldine Wheeler and Kathryn Wollangk.

Students who may apply for keys are Carol Gerharz, Jane Hardy, Lyle Hartjes, Peter Hartzeim, Patricia Hawley, Sheila Tretlin and Mary Gerhartz. The awards are presented at the banquet which is put on annually by the Kaukauna Lions club to honor high school journalists.

## \$400 Raised by PBW Hospital Bowling Benefit

**Kaukauna** — The Kaukauna Business and Professional Women's club raised \$400 to be applied toward the purchase of a doctor's board for the Kaukauna Community hospital at a benefit bowling tourney at S and B alleys over the weekend, according to Mrs. Louise McGoeys, president.

This was the first such benefit staged for the board and was made possible by the club members and owners of the alleys who donated the lanes for the tournament, according to the president. Winner of the major prize a bowling ball was Miss Mary Ann Schroeder. Mrs. McGoeys and Mrs. Alice Skell served as co-chairmen for the affair.

## Ducats Available For Regional Meet Tonight

**Little Chute** — Tickets for the paid Catholic regional tournament which opens tonight at St. John High school will be available at the door, according to Athletic Association officials.

The AA sponsoring the meet has prepared programs listing the rosters of the four teams entered.

The first game will be at 7 o'clock tonight when St. Mary's Menasha meets St. Gregory of St. Nazianz. St. Mary Springs of Fond du Lac will tangle with St. John in the second game scheduled for 8:30.

and in free throws. Kavanagh also committed 14 fouls to tie for fourth in that department. Runnerup in scoring was Dennis Priobe with 93 points on 36 field goals and 21 free throws. His free throwing was high for the team. The youth also was high in the fouling department with 33 infractions called against him.

Third place in scoring went to Steve Mayer with 40 points on 16 field goals and eight free throws. He also was guilty of 14 fouls.

Bruce Bay hit 34 points on 16 field goals and two charity tosses and was guilty of 37 fouls. Rounding out the top five scorers was Jim Schumann with 26 points on 10 field goals, six charities and 16 fouls.

Other scoring totals included 14 points for Gene LaBorde, 13 for Bill VanderPas, seven for Jerry Vanden Heuvel and one for Jim Steger. Three other players each were charged with two fouls although scoring no points and another three fouling to score had one foul called against them.

As a team the group collected 128 field goals, 74 free throws and were called for 131 fouls.

## Kimberly High Guinea Pig in Research Tests

Results of 4-Year  
Program Expected  
To Aid Counseling

Kimberly High school is one of two state high schools cooperating with the state and federal governments in a special 4-year research testing program.

All of the school's 340 students took the tests.

The tests are the same general aptitude battery tests the state employment service annually gives only to senior students during the service's senior counseling program.

Next year at this time only the senior class will be tested. Each of the other two classes, sophomore and freshman classes now, will be tested when they are seniors. The same test will be used each of the four years.

**Counseling Aid** — Idea is to compare the students scores in the nine different aptitudes which the test relates to hundreds of occupations as he progresses through school.

The federal and state governments believe they will find patterns, WSES Appleton Manager Fred Gehrke reports, that will aid them in counseling future freshmen.

John Mitchell, WSES Appleton counselor, Howard Turner and George Kivela, state WSES men administered the tests in cooperation with John R. Gertrits, Kimberly superintendent of schools, and Ray Hamann, Kimberly High school principal.

## Thilco Group Names Speaker

Management Club  
To Hear Business  
Institute Orator

**Kaukauna** — L. L. Cunningham, American orator and business leader, will be the principal speaker for the 6 o'clock dinner meeting of the Thilco Management club Monday evening at the Elks clubrooms, according to Jack Leddy, president of the local club.

Approximately 65 members are expected to attend the gathering, Leddy said. Cunningham, whom Dale Carnegie praised as "superb, alive, exciting and dramatic," is the president of the Business Institute of Milwaukee. A native of Louisiana and veteran officer of both World Wars, he holds an advanced degree from Notre Dame university and has done graduate work at Colorado State Teachers' college.

**Further Background** — He served as director of physical education at Notre Dame when the late Knute Rockne was football coach. Later he turned to selling and business. He organized and taught the Dale Carnegie course in public speaking, human relations and leadership development throughout Wisconsin for 10 years.

In 1946 Cunningham was employed as a salesman for the business institute and is now its president. The National Management association, sponsor of the speaker, has 73,000 members in 360 affiliated clubs and is the world's largest management association. Non-profit and non-political its activities are primarily concerned with the managerial development of supervisory personnel.

## Grade School Cagers to Hold Second Benefit

**Kaukauna** — The two city Catholic grade school basketball teams will play another benefit double header Sunday afternoon to help raise funds for the school athletic funds.

Sunday's games will be played at Holy Cross Catholic gym with Green Bay teams to furnish opposition. Last week the teams played a Green Bay and a Freedom team at St. Mary's. Both teams were charged with a victory.

The 2 o'clock game will have St. Mary's battling St. Phillip's. Green Bay and the 4 o'clock tilt will have Holy Cross meeting St. Agnes. Green Bay's points indicate the St. Phillip's team is undefeated this season and has several players of exceptional height for grade school competition.

# Outlook Fine For Building

## FHA Officer Sees Higher Working Rate

A bright outlook for the building industry in the coming year is seen by Commissioner Norman P. Mason of the federal housing administration.

He pointed to the increase in FHA applications in recent months as indicating public confidence in the soundness of the economy. In the first six weeks of the current year, applications for mortgage insurance on proposed homes were 65 per cent higher than in the first six weeks of 1957.

Speaking in Atlantic City to a convention of home improvement contractors, Mason said conditions are favorable for a continued upward trend in the volume of home construction and home improvement.

People are not hesitating to build or buy homes, he declared, and lenders are ready to finance the transactions.

Commissioner Mason reminded the members of the National Association of Home Builders that the volume of new housing construction is still well below the level of the early 1950s, and that the industry must continue to work for improvement in building methods and materials.

**FOR SALE** — New 3 bedroom home in Kimberly. Concrete walks and driveway, all oak trim throughout, full tile kitchen with built in range & oven tiled bath. Ph 8 3208

**BONS CONSTRUCTION**

**A THERMOSTAT IN EVERY ROOM**

Many people just can't believe—until they see it in actual operation—how simple and practical the SelectTemp heating system is.

A small recessed wall unit in every room (even the bathroom) has its own filter, fan and thermostat. Gives unexcelled comfort. The same low pressure steam that supplies the heat runs the steam turbine-driven fan. No wiring or electricity needed for fans or thermostats. Small flexible copper tubing carries steam to room units.

Saves fuel, too. No overheating. You can reduce temperatures in unused rooms and get quick warmth again when you want it.

Come in for a demonstration or telephone for free catalog.

**ADVICE** Many questions come up on any modernizing project. How do we start? Who can help us? What can we do ourselves? How can we save? For the right answers to your many questions, visit our Home Building and Improvement Department.

**IDEAS** We have a big collection of ideas for converting attics into bedrooms, basements into recreation rooms, room additions, and many other types of home modernizing. Our plan drawing and estimating dept. is available to help you, if necessary.

**MATERIALS** Everything you'll need—basic materials like lumber, millwork, insulation, hardware, many new materials to save you time and money. A big big selection, money saving prices, prompt service. Phone or stop in to day.

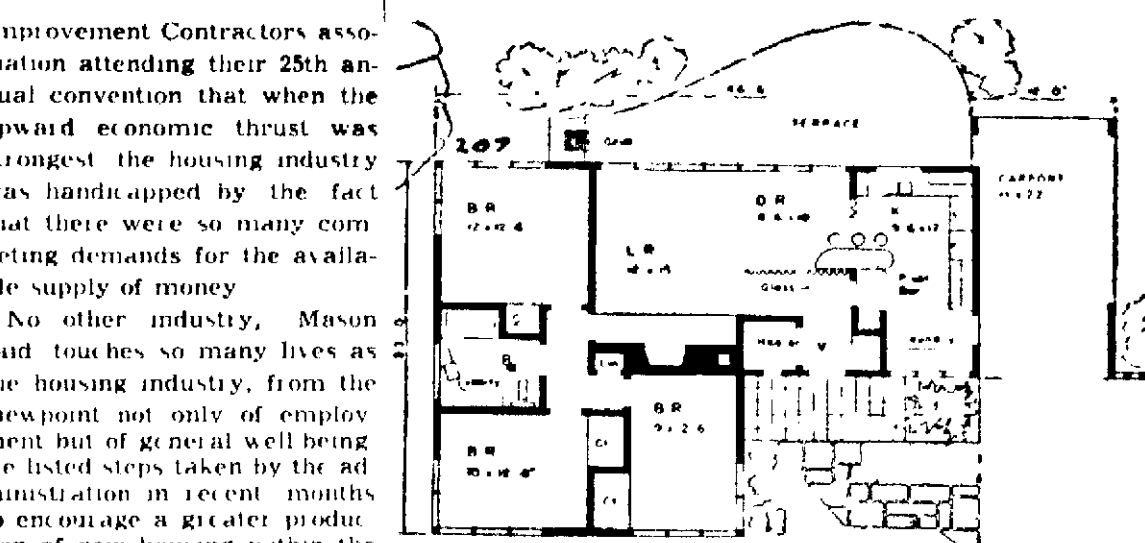

**Standard**

Appleton's Building Supply Headquarters

1012 N. Lowe St. Phone RE 3-7373

This 3-Bedroom Home is designed without a basement. A laundry is located at one end of the kitchen and a pivot bar is designed to swing into the kitchen or dining room. The terrace in the rear has a grill. The rear wall of the living room is all glass. For the name of the architect, call the Post-Crescent and ask for house plan 207.

Improvement Contractors Association attending their 25th annual convention that when the upward economic thrust was strongest the housing industry was handicapped by the fact that there were so many competing demands for the available supply of money.

No other industry, Mason said, touches so many lives as the housing industry, from the viewpoint not only of employment but of general well being. He listed steps taken by the administration in recent months to encourage a greater production of new housing within the reach of the average family, and proposals now before Congress.

## O'Brien Quits As Member of Urban Group

Madison—Sen. Leo O'Brien, Green Bay, resigned Thursday as a member of the urban problems committee of the legislative council and afterward told reporters that he had quit "because the committee is power packed."

O'Brien's resignation came after Assemblyman Carroll Metzner, Madison, was elected chairman of the interim committee to study urban problems and report to the council. He defeated Sen. Peter Carr, Janesville, 8-6.

Both are Republicans.

"I resigned as a protest," O'Brien told reporters. "This meeting was rigged. This is the reason why the Republican party is losing its hold. I'm not feeling some grapes. I feel I would be valueless on the committee now. It is power packed." O'Brien would not elaborate.

Committee members are Metzner, Carr, O'Brien, Sen. William Draheim, Neenah, Assemblyman Corwin Gueli, Thorp, Roy Naleid, Racine, Charles Sykes, Chetek.

Public members are Stark, Arthur Dixon, Racine; Robert Mortensen, Madison; Paul Schuette Jr., Manitowish, Allan Edgerton, Fond du Lac, Roland Ruby Elm Grove, Maurice Schuster, Beloit and Frank Wood, Eau Claire.

When he died, the deeds were ineffective to distribute the property because they had never been delivered to the sons. The result would have been the same if he had given the deeds to a friend with instructions to deliver them to the sons after the father's death or to return them on request.

Actually there are a number of legal devices which might have served his purpose. A simple will might have done the trick. He might have given his sons deeds to the property that reserved a life estate in the farm for himself. Lease arrangements or trust devices might have been used to provide him with the security he needed and still see that the property was properly divided among the sons.

(The State Bar of Wisconsin offers this column to inform, not to advise. Facts may change the application of the law.)

**Multi-Alarm Method Sometimes Not Enough**

Orange, N.J.—William Drost made a timeless confession recently.

A reporter was examining Drost's collection of 100 clocks and asked him if he was ever late for work.

"Certainly," he replied. "Sometimes I sleep right through the alarms."

## Sloping Yard Should Always Have Grass

### Erosion Can Also Be Controlled by Vines and Plants

**BY GEORGE E. CREED**

Demand for housing has been so great that good sites in and around many cities are becoming scarce. As a result, houses have often been constructed on land heretofore considered as undesirable.

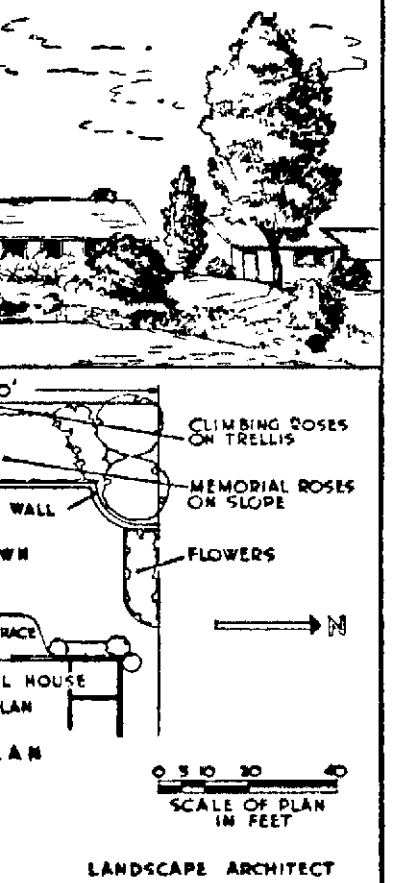

Often times builders are so concerned with the house itself they do not consider the rest of the property—how it will be drained, or how developed for the future. In such cases the person who buys the house without making a complete analysis of surrounding areas is often confronted with problems.

A rather common example is shown here. In this case the ground sloped from the rear property line almost to the house itself. One of the problems was to create fairly level usable land that could be developed into an attractive yard.

This was done by pushing back the slope and holding it in place with a low masonry wall. Such treatment is satisfactory when the slope involved is not too sharp. In cases of long, sharply rising slopes the solution may become more difficult and costly, involving the construction of a concrete retaining wall.

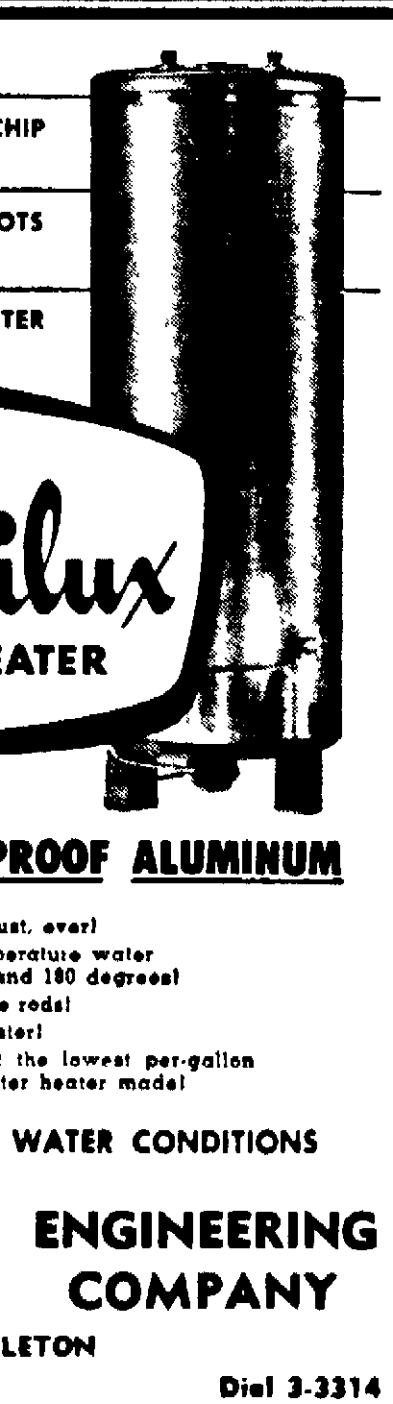

If you have a slope in your backyard remember that it should not be allowed to remain without vegetation on it to prevent erosion. Lawn grass with a little care can be grown on a slope rising as fast as one foot in a distance of three feet, although such grass is hard to mow, especially if the slope is a long one. On steeper slopes it doesn't pay to grow grass, instead, erosion should be controlled with vines and other plants.

In planting a slope such as that shown here, use a fast-growing cover such as domestic ivygrass for immediate control of runoff water. Later, planting

# New Materials Used to Cover Cracked or Stained Ceilings

## Gives Lower, Warm Look To Your Home

The new types of ceiling tile designed for installation over cracked or stained ceilings are easily installed by the average home handyman. They can be stapled or nailed to a framework of furring strips, or cemented to the existing ceiling with a special adhesive.

To determine whether stapling or cementing is the best method, the ceiling should be checked carefully. If the plaster is cracked, but still firm and sound, cementing will probably be most economical.

In this case, small blobs of adhesive are placed in each corner of the back of the tile, and the tile is then pressed firmly against the ceiling to insure a close bond with the plaster.

ter Cementing a new ceiling in place can become a family project, with one member placing the adhesive on the tile with a putty knife, and another family handyman cementing the tile to the ceiling.

**Tongue And Groove**  
Either the solid edge material, or the tiles with a tongue-and-groove joint may be used for cementing. The tongue-and-groove helps to level each tile as it's installed.

If the ceiling is badly cracked and the plaster is falling or sagging, it is best to take the precaution of nailing up a framework of furring strips and attaching the tile to them. Furring strips are inexpensive, light, wooden boards and for this purpose, they should be 1" by 3" soft lumber. This method is also used for finishing attic and basement rooms, and is preferred by most builders for installing acoustical ceilings in new construction.

When the condition of the existing ceiling calls for furring strips, the average home mechanic finds that stapling the tongue-and-groove type of tile to them is easier than nailing. There's usually no need to buy a stapling gun, since they are generally available on a rental or loan basis frequently from the same dealer who sells the ceiling tile.

**Practical Advice**  
The dealer is also a good source of practical advice for the handyman who's new at this sort of thing. Chances are, he has a supply of "how-to" literature available. Manufacturers, too, are more than willing to advise the handyman.

For the homeowner who has no knack with tools, or lacks the time to tackle a new ceiling installation, the dealer will usually be glad to recommend a remodeling contractor or carpenter to do the job. Some dealers even have their own installation crews.

Acoustical contractors, of

course can supply the whole package, including material and expert installation. With the typical job taking less than a weekend to complete, whether it's done by professionals or the spare-time handyman, homeowners find that installing a new ceiling is not only a long step toward freshening a drab room, but a fast one, as well.

## Advise Against Self Repair of Heating System

Leave Big Projects For Experienced Men, Experts Say

Do not attempt to adjust or repair your house heating boiler yourself and particularly do not tinker with the controls. This is the advice offered by the Plumbing — Heating — Cooling Information Bureau.

It is best to leave all repairs and replacements to an experienced heating and piping contractor. The contractor who installed your system should have left his name and address and telephone number posted near your boiler so that you will always know whom to call in case service is needed.

A wise precaution is to arrange for the inspection and cleaning of the heating system by a heating and piping contractor at least once a year. At this time the service man will lubricate the moving parts and check on the operation of the controls.

**Major Repairs**  
When you are planning major repairs or modernization of the heating system, you should also consult with a reliable heating firm for estimates and suggestions.

One of the most worthwhile modernization projects is the replacement of an old boiler equipped with some type of a conversion burner with a modern, streamlined jacketed boiler with a built-in burner designed especially for the boiler. Also available are package boilers with all controls and accessories installed. Heating contractors are glad to assist in arranging for financing terms for heating plant improvements.

Sagging or Badly Damaged Ceilings should be covered with a framework of light wooden furring strips nailed through the plaster to the joists above. The tongue of the tile is then stapled or nailed to the furring strips. For the average handyman, stapling is faster and easier than nailing.

When Plaster Ceilings Are Cracked or stained, but still firm and sound, ceiling tiles may be applied by cementing them to the existing ceiling with a special acoustical adhesive. Either the solid edge material, as shown, or the tongue-and-groove edge tile, may be used.

## Large Family May Find Older Home a Bargain

Structures Offer Excellent Chance For Remodeling

House-hunters on the alert for a bargain should be aware of the value of older home offers, especially to the growing family planning to buy on a budget.

Here are a few of the advantages of buying an older house:

1. Space. It's often not hard to find a structurally sound old home at a reasonable price that offers four or five bedrooms, a large dining room, a basement, and an unfinished attic.
2. Equipment. More often than not, an older house will have a furnished kitchen, window shades or blinds, curtain and drapery hardware, storm windows and screens, and such things as shelves and built-in storage all paid for by previous owners.
3. Advancements in home-improvement techniques. Even

without extensive remodeling, most older homes in good structural condition can be made comfortable and convenient. Good examples of materials and techniques are packaged bathrooms that can be installed in one day, mineral wool insulation which is blown into walls and ceilings of existing houses, and asphalt shingles which can be applied directly over old roofing material, adding new color to an old house.

# Economy Plea Ordered Sent City Officials

**Contingent Fund  
Depletion Worries  
Finance Committee**

A shrinking contingent fund Thursday night caused the city council's finance committee to send a plea for economy to all city departments.

City Clerk Elden Broehm was instructed to draft and send the letter after the committee endorsed the idea of Ald. Robert Stumpf "that the department heads ought to know the state of finances."

Stumpf said department heads ought to be appraised of the situation because they're going to have to "live within their budgets, tighten up on spending."

The discussion came almost immediately after the committee voted to transfer \$14,413.10 from the contingent fund to pay for the Wallace case settlement. Goodland field improvements and a small amount of the total cost of a new fire truck.

The transfers, if approved by the council Wednesday night, will reduce the contingent fund to \$15,999.09. A total of \$45,449.03 was appropriated to the fund for this year. The total amounted to less than 1 percent of the total amount of money which the city will spend in 1958.

It also was nearly a third less than had been appropriated for last year, held down by the then impending \$4.50 tax rate boost.

Should the sale of upcoming bond issues include demands for payment of some interest charges this year, the fund could be used up before June 1.

## Placed on Probation for Not Supporting Family

John D. Keller, 36, 141 River street, Menasha, was placed on probation for two years today by Municipal Judge Oscar J. Schmiede after Keller admitted failing to support his family.

Keller last September was ordered to pay his family \$20 weekly support, but cited debts as a cause for his non-payment. Judge Schmiede ordered that Keller turn his pay over to his probation officer for distribution to his family, creditors and for Keller's support.

## No Appeal of Wallace Case, Aldermen Rule

The city will not appeal the Wallace case, the city council's finance committee decided Thursday after conferring with attorneys for the city.

Instead, the committee will recommend to the council Wednesday night that court awards amounting to \$8,023.10 be paid.

If the council approves, these people will receive the following amounts:

Mrs. Doris Wallace, 7341 E. Atlantic street, \$3,343.42.  
Lloyd Wallace, Milwaukee, \$1,791.26.  
Jerry Wallace's estate, \$1,294.22.

Clarence Crowe, 1113 Rankin court, \$1,594.20.

## Drank Raw Sewage

Jerry Wallace, 7, the Wallace's son, allegedly drank raw sewage in Bellaire park ravine water two years ago and died.

Patrick Crowe, Clarence's son, fell violently ill allegedly from drinking the ravine water at the same time.

City Atty. Don L. Jury and former City Atty. Harry P. Hoefel, who argued the case for the city in circuit court, told the committee the city would have less than a 50-50 chance of succeeding in an appeal to the supreme court.

A circuit court jury in November took five hours to find the city allowed a nuisance to exist in the park and was responsible for the death of Jerry and the sickness of Patrick.

## Car Recovered

A car belonging to Woodrow Dieckrich, 724 W. Third street, stolen from his home Thursday morning or Wednesday night, has been found in Milwaukee, police said today.

## Bay Youth Pays \$15, License Is Revoked

David H. Wittig, 18, Green Bay, was fined \$15 in municipal court today and will be charged six points against his driving record for driving 47 miles an hour in a 25-mile zone. Wittig was arrested by Appleton police.

Others charged with traffic offenses this morning in municipal court were:

Travers C. Hull, 22, 925 Betty avenue, Neenah, illegal passing, \$20 and four points.

Robert R. Roe, 16, 324 E. Spring street, New London, license revoked for 30 days and \$295 court costs, and Edwin M. Herreid, 19, 9001 N. Division street, \$5, three points each, both for making an illegal turn.

David R. Krause, 20, 434 S. Mason street, speeding, \$10.

Clarence Giesen, 37, 316 First street, Menasha, operating in the wrong lane, \$25, jailed for non-payment, and two points.

be at the Harrigan Funeral home, Weyauwega, at 8.15 Saturday evening. Funeral services will be conducted at St. Peter Evangelical Lutheran church, Weyauwega, at 2 o'clock Sunday afternoon, with burial in Oakwood cemetery, Weyauwega. Friends may call at the funeral home after 7:30 tonight and at the church from Sunday noon until time of services.

Survivors include the widow; his stepmother; three daughters, Gloria, Shirley and Linda; and four sons, David, Kenneth, Stanley and Gerald, all at home; four brothers, Louis, Arnold, Herbert and Walter, all of Wausau; and a sister, Mrs. Carl Steis, Fond du Lac.

## John Berben, Sr.

John Berben, Sr., 77, 240 S. Sidney street, Kimberly, died Thursday at Kaukauna after a short illness. He was born Sept. 26, 1881, in Holland.

Funeral services will be at 9 o'clock Monday morning at Holy Name Catholic church, Kimberly, with burial in Darby cemetery. Friends may call at the Jansen Funeral home, Kimberly, after 7 o'clock Saturday evening. The rosary will be recited there at 8 o'clock Saturday and Sunday evenings.

Survivors include three daughters, Mrs. Jenny Herishy, Detroit, Mrs. Lawrence Arts, Kaukauna, and Mrs. Clarence Roemer, Kimberly; three sons, John, Kimberly, Albert, Milwaukee, and Patrick, route 4, Appleton; one brother, Peter, in Holland; one sister in Germany; 21 grandchildren and 6 great-grandchildren.

## Howard Jamison

Howard E. Jamison, 59, a native of Greenville, residing at Seward, Pa., died Thursday at Bryn Mawr, Pa., after a short illness. He was born Dec. 29, 1898.

He is survived by his widow; four brothers, Robert, Hortonville, and Clarence, Harvey and Stanley, all of Greenville, and two sisters, Miss Alice Jamison, Greenville, and Miss Lida Jamison, Oak Park, Ill.

Funeral arrangements were not completed this morning.

**A Kick-Off Dinner Meeting** for volunteer workers in the county Red Cross campaign was held Thursday evening at Fox Valley co-op. Standing, from left, are Harold Roloff, Kaukauna, Arnold Kohl, Hortonville, Karl Kuehn, Kaukauna, Clyde McCabe, Shioc-ton, and Reginald Brockman, route 3, Appleton. Seated, same order, are Edward Adam, Appleton, general campaign chairman; Miss Kathryn Osborn, Appleton, Outagamie county chapter executive secretary; and Mrs. William Tiedt, Hortonville. (Post-Crescent Photo)

## Admits Forgery, Sent to Jail

Hilbert (John) Daniels, 36, 1806 N. Appleton street, today was jailed for a 2-week pre-sentence investigation after he admitted in municipal court that he forged a \$15 check Feb. 15. Daniels cashed the check at a filling station, endorsing it with the name John Daniels. He bought \$2 worth of gas, getting \$13 in cash, police said.

**'Y' Schedules Second  
Skin Diving Series**

A second series of skin diving classes will begin at the Appleton YMCA on March 27, according to Mickey McGuire, physical director.

The program will be held from 8 o'clock to 10:30 on Thursday evenings. The class is open to members and non-members over 13 years old.

Instructor is Douglas Butchart, former professional diver.

## Birth Record

Appleton hospitals this morning reported the following births:

Appleton Memorial:  
Sons to:

## Youth Fined \$35 for Carrying Beer After Basketball Game

One youth was fined and short adjournment during charges against two others which he questioned Jankowski stemming from a disturbance and the youths. He then asked after the Seymour-Pulaski High school basketball game Tuesday night were dismissed today in municipal court.

James Kropp, 17, route 1, Oneida, was fined \$35 and his driver's license revoked for 30 days for carrying beer in his car while a minor was a passenger.

Charges of drinking beer in a car against two others, 18 and 17, were dismissed.

The youths were picked up for questioning by Seymour Policeman Ben Jankowski after he saw them throw a case of beer from their car. Today in municipal court, Jankowski said he thought the two other boys had been drinking beer. Mailahn was hurt and the city's County Police Sgt. Lowell Veitch told the court the two youths were not involved in the Jahn was trying to overtake the beer drinking. Dist. Atty. bus taking the two 15-year-olds George Greisch asked for a home to Pulaski.

## Committee Endorses Goodland Field Work

The proposed \$5,000 appropriation for improvements at Goodland field, home of the Fox Cities Foxes baseball team, was endorsed Thursday by the city council's finance committee.

Councilmen will vote on the appropriation, which will be taken from the city's contingent fund, at Wednesday night's council meeting.

Recreation Commission Chairman Kenneth Priebe explained that the commission would spend \$9,465 on improvements, but has \$2,300 available and would ask cooperating city departments to absorb labor costs without charging them back to the commission.

Bookkeeping (Each year each department has enough money in its budget to pay all wages for the year. But, when one department does work for another it always charges cost of labor. Thus, the one which does the most work for others shows a surplus.)

City Clerk Elden Broehm said the purpose of the charges between departments is to show true costs of each department. That could be accomplished by simple bookkeeping entries without taking money out of one pocket to put in another, he said.

Priebe reported he estimates \$4,560 will be needed then for all work except construction of box seats and box seats will cost something like \$500.

The improvements would include a room for umpires, a canvas fence for the outfield, sodding of the diamond and fixing of lights.

Contrast Proposal Priebe said there is considerable doubt that sodding work can be completed by the first week of May, proposed time for opening day.

Ray McClone, Foxes' president, is proposing a contract between the city and the club with these provisions, Priebe said:

Five per cent of gross ticket

## Green Bay Senator Resigns in a Huff

**O'Brien Storms Out of Urban  
Unit as He Misses Chairmanship**

Post-Crescent Madison Bureau  
Madison — State Sen. Leo P. O'Brien of Green Bay Thursday angrily resigned from a legislative council committee on urban problems. He protested his failure to be elected chairman of the interim legislative study group.

The committee chose Assemblyman Carroll Metzner, Madison, as chairman over Sen. Peter Carr, Janesville, in an 8 to 6 vote. O'Brien was out of the room when the election was held and he was not nominated for the committee leadership.

As the election vote was announced, O'Brien entered the meeting and announced heatedly:

"I want to intercede. I want to hand in my resignation. How do I go about it?"

**Rigged Committee**  
He was told that he would have to file his resignation with the parent legislative council.

O'Brien told his colleagues that he had made an effort to have himself nominated for the chairmanship, and then added:

"I realize this committee is power-packed. I'm coming back (to the legislature next session) and I can do more for Green Bay there."

Outside the meeting room, O'Brien told newsmen that his action was a protest against a "rigged" committee.

"I don't know how, but it was rigged," he exclaimed. This is one of the reasons why the

## Man Fined for Vagrancy; Admits Break-in Try

A 21-year-old Chicago man today was fined for vagrancy, then sent to the county jail for a 2-week pre-sentence investigation on a charge of attempted burglary.

Robert Powless, 21, was picked up Thursday night by Appleton police when he was seen walking aimlessly along the street. They sent him to court on a charge of vagrancy, for which he was fined \$25.

Later this morning, Sheriff J. Jack Zuelzke questioned Powless and obtained an admission of an attempted break-in Wednesday night at the Ernest Bergeman home, 2724 N. Mason street. Powless admitted that he broke two cellar windows and broke a door knob of the front door of the home. The elderly couple was so frightened by the noise that they have not stayed in the house since, Zuelzke said.

Powless told Judge Oscar J. Schmiede he was cold and was looking for a place to sleep.

**Jailed for Drunkenness**  
Ronald E. Spencer, 45, no permanent address, was sent to the county jail for 15 days this morning when he could not pay a \$25 fine for drunkenness.

**Other Projects**  
Other safety projects conducted by the council during 1958 will be traffic safety, March, April and May; outdoor safety, June, July and August; and home safety, September, October and November.

Chairman of the safety program in the Tri-Cities district is T. A. Howells, Appleton. Assisting Howells in setting up the program were Dr. William Gibson, Appleton; Capt. Walter Hendricks, acting Appleton police chief; and Robert Heinrich, Outagamie county undersheriff.

Details of the safety projects will be announced later.

**Music Festival Date**  
The date for the 13th annual Northeastern Wisconsin Music festival has been set for Wednesday, June 25, in Green Bay. Rules for the competition, open to musicians in this area, can be obtained by writing to Green Bay Recreation department, city hall, Green Bay.

# 'Y' Announces 1958 Summer Camp Program

Day Sessions Start  
June 23; Schedule  
Adventure Club Trips

Summer camp plans for 1958 have been approved by the YMCA camp committee, Carl Bruno, youth director, said today.

Day camping for boys is set June 23 to July 11. Girls' and boys' day camps will be held July 14, 16 and 18. Camp sessions will be at Calumet county park. The day camp program is open to boys and girls between 8 and 12.

Also scheduled to begin June 23 is the YMCA Adventure club program, Bruno stated. He said groups will tour points of interest in Appleton and attend Braves' games in Milwaukee. Other trips will be scheduled as the program progresses.

YMCA members and day camp participants are eligible for the Adventure club program.

Two Periods  
Two boys camping periods at Camp Manitowish, near Boulder Junction, are scheduled June 20 to July 11 and July 12 to Aug. 2. The program is open to boys 12 to 17.

The camp features horseback riding, canoe trips, swimming and games, Bruno declared.

Girls' camp periods are planned at Camp U-Nah-Li-Ya, on Chute Lake near Mountain, during July and August. First period is scheduled July 31 to Aug. 8. The second period will begin Aug. 8 and end Aug. 16.

Fox Cities boys can attend U-Nah-Li-Ya July 20 to 27. Five other camp periods are open for boys, but transportation arrangements must be made from Green Bay, Bruno stated.

Age Limit  
The U-Nah-Li-Ya program is open to boys and girls 9 to 16 years old.

The Appleton YMCA will furnish transportation to Camp Olson, Longville, Minn., for a boys group to attend the camp, June 21 to 30. Four other periods are open to both boys and girls, but transportation will not be furnished.

The June 21 to 30 period is available to boys entering, or in, seventh to twelfth grades. YMCA membership is not required.

On Wooded Land  
Camp Olson is on 1,430 acres of wooded land about 196 miles north of Minneapolis. The camp reservation contains three lakes, a \$50,000 lodge and camp and recreation facilities.

The YMCA will sponsor a teenage tour to Chicago, Philadelphia and New York, Bruno reported. The trip—scheduled June 8 to 16—is open to mem-

**Problems of Teachers Recruitment** were discussed Thursday night when members of Alpha Kappa field chapter of Phi Delta Kappa, a professional fraternity for men in education, held a dinner meeting and panel at the Appleton Elks club. Shown, from left, are James Cowan, psychometrist in Appleton schools and chapter president; Fred Schnell, a school principal in Sheboygan; Dr. David L. Bowman, director of teacher placement at Wisconsin State college, Oshkosh, a panelist; Dr. Fred O. Pinkham, president of Ripon college, panelist; Harley Borgen, principal of Neenah High school, panelist; and John P. Mann, superintendent of Appleton public schools, moderator. (Post-Crescent Photo)

## Teacher Recruitment Discussed by Panelists

Quality Shouldn't be Sacrificed for  
Quantity in Search, Educators Agree

Methods of recruiting teachers—through guidance into the field, raising salaries and increasing the job's prestige—must be utilized to the utmost to alleviate the growing teacher shortage. On the other hand, standards within the profession should be raised to assure a high quality of education to the nation's youth.

That was the contention of a 3-man panel of educators who spoke before a meeting of Alpha Kappa field chapter of Phi Delta Kappa, a professional fraternity for men in education, Thursday night.

Panelists were Dr. David Bowman, director of teacher placement at Wisconsin State college, Oshkosh; Harley Borgen, principal of Neenah High school; and Dr. Fred Pinkham, president of Ripon college. Moderator was John P. Mann, superintendent of Appleton public schools.

In surveying the future, Bowman said 2,000,000 new teachers will be needed nationally by 1965—a condition which would necessitate over 50 per cent of the anticipated 3,700,000 college graduates that year go into teaching.

However, he pointed out, in 1953, 30 per cent of all graduates were prepared to teach; in 1954, 29.5 were prepared;

and in 1955, 30.6 per cent were prepared.

But all who take teacher preparation courses don't go into the field, he went on.

In stressing the need for quantity, Bowman also emphasized the need for quality and suggested a minimum requirement of four years college training should be established. He also recommended that present training institutions work toward higher standards.

Borgen contended teacher recruitment was a 2-way course, for not only must the superintendent be satisfied with the teacher but the teacher must be satisfied with the school system and the community.

**Paradoxical Situation**  
He suggested teachers could guide more young people into the profession through the power of suggestion and example and asserted in a discussion period, "It is paradoxical that we try and show students the joys and satisfactions of the teaching profession in one breath, then turn around and complain about pay, prestige and poor working conditions in the next."

As talking points in favor of the field he enumerated security, opportunity for advancement, good salary—especially for single women, free summers, freedom in work, prestige, background for other vocations, satisfaction and good professional relationships.

Pinkham spoke of problems of recruitment from the college level and maintained the problems were not too much different from those on the elementary and secondary levels.

**'Unpatriotic'**  
He said it is necessary to keep more men and women in the field and, as incentives, suggested raising salaries, offering more fringe benefits, offering special rates on housing close to the campus, giving free college education to children of college personnel, increasing status and extending retirement aid.

"We must begin doing dramatic things to call the public's attention to our problem. We must make a student feel unpatriotic if he can become a teacher but doesn't."

He also asked for more scholarship aid, preferably not from the government, to draw more young people into teaching preparation institutions.

**T. R. Plopper Honored**  
For 35 Phone Years

Theodore R. Plopper, 1511 N. Racine avenue, has been honored by the Wisconsin Telephone company for his 35th anniversary with the company. He was awarded a diamond service emblem.

Plopper began his telephone work as an installer in Milwaukee in 1922 and now is an engineer in the company's plant engineering department here. He is a member of the Fox Valley council of Telephone Pioneers of America, an organization of people who have been in telephone work for at least 21 years.

## EMBA Auxiliary Plans Collection Of White Elephants

Plans to collect white elephant articles during March were made when the Employees Mutual Benefit association auxiliary met Thursday afternoon in the EMBA clubrooms. The articles will be given to the Outagamie county home.

A program on lenten cookery was given by Miss Josephine Engel, home economist of the Wisconsin Michigan Power company. The next meeting will be March 13.

## Needle Work

Delight a little girl with this wardrobe to fit a 7-inch doll. Party frock, 2 school dresses, housecoat, jamas, ermine petticoat, panties.

## Formosa Topic For Missionary Society Meeting

A program on Formosa was featured when the Women's Missionary society of Wesleyan Methodist church met Tuesday night at the home of Mrs. Henry Dachelet, 1231 W. Lorain street.

Mrs. Leslie Kipp, program chairman, introduced the topic. The Rev. L. R. Buckman reported on political and church news from that country, while Mrs. Buchman described medical progress and Mrs. Merle Kimpel spoke on a native Formosan couple.

Hostesses were Mrs. Dachelet and the Almes. Olive Milheiser and Kimpel.

## French Farce On Film Agenda

The French film "Bizarre Bizarre" is this week's presentation of the Lawrence college film festival. Four showings are scheduled on Sunday afternoon and evening—1:30, 3:30, 6:30 and 8:30 in the art center.

It is a fantastic comedy set in Edwardian England and created in the madcap tradition of French burlesque. The director is Marcel Canne, who also directed the brilliant "Les Enfants du Paradis." An impressive cast helps to tell an amusing tale which shuttles between satire and farce.

The event is open to the public for a small admission fee.

# Hemlines Flirt with Knees, Waistlines Disappear

Paris Fashions by Rouff, Craven and Desses

Parisian Designers, Who Have Always been good at producing something new, have outdone themselves this season and some of the new silhouets are so out-of-this-world that one might be led to believe they were inspired by the Sputniks and Explorer. Now that the final scores are in from the Paris showings any lingering doubts about the reign of the chemise are banished—the sack, with shortened hemline, is here to stay for awhile at least. And American manufacturers already have on the market adaptations of the latest French chemise, balloon, and trapeze silhouets in sizes up to 20.

Styles shown by some of the foremost Parisian designers include the models pictured here. At left, from the house of Maggy Rouff comes a flapper era cocktail dress of pink muslin with crystal fringes, while Craven names his trapeze-line party dress of white and brown lace "Bal Calypso". Jean Desses includes in his collection an evening sheath which can be worn either full-length or exposing the legs. Printed roses on yellow background is the color motif of the creation. Designer Chanel shows an evening dress of black and red lace at right, while Jean Patou offers a "school girl" suit with pleated dress and short jacket of blue and white checked wool.

Characteristic of Balmain's tubular line is the 2-piece dress of pink muslin below. The bodice is trimmed with pink roses and the skirt is bell-shaped. Dior's successor, young Yves Saint-Laurent, made the biggest fashion news with his trapeze line, illustrated below in a short-skirted evening gown of sky blue faille, trimmed with turquoise bows. The new designer also created the red woolen suit worn in the adjacent photo. At far right is a spring suit by Cardin. The top of the black and white checked wool outfit leaves the neck bare while the skirt is draped harem-style above the knees.

Chanel and Patou Designs

## Campus Greeks Choose Unusual Themes for Weekend Parties

Three Greek group parties are enlivening the Lawrence campus this week end.

A Cocktail Capers dancing party will be given by Pi Beta Phi sorority from 9 to 1 o'clock Saturday night in the terrace room of the Memorial union. Guests have been asked to come dressed as their favorite

cocktail, and an authentic night-club atmosphere will be Theta Pi fraternity. The college simulated with a chorus line students will emulate American tourists in Mexico. They

Pi Beta Phi's two social will don appropriate attire for chairmen are in charge of the a trip to Latin America and arrangements: Miss "Buff" Nelson, Maple Plain, Minn., and Miss Virginia Netz, Milwaukee. Assisting them will be the Misses Nancy Kaminski, Berwyn, Ill.; Janet Russell, Grantsburg, and Lucy Staack, Moline, Ill.

State Mexican Party Chaperones are Prof. and Mrs. Merton Sealts, Prof. and Mrs. Robert Barnes, Mr. and Mrs. Arnold J. Cane, Menasha, and Mr. and Mrs. K. G. Fallon, Oshkosh.

An Acapulco party is sched-

ed for Saturday night by Beta Phi. The college simulated with a chorus line students will emulate American tourists in Mexico. They will be prepared to travel, dance, swim, sight-see, dine, and tap. Sight-seeing buses complete with traveling musicians will wait in front of the Beta house at 7:15 to take the guests on a round of activities starting with a swim in the pool of Alexander gymnasium and ending back at the Beta house at 1 o'clock.

Informal Record Hop Phillip Dorchester, Sturgeon Bay, and Leonard Hall, Brookfield, Ill., social co-chairmen of Beta Theta Pi, are handling arrangements. Assisting them will be Robert Meek, 1501 Lutz drive, James Leatham, Hinsdale, Ill.; William Jenkins, Greenview, Conn., and Joel Blahnik, Green Bay. Chaperones will be Robert A. Peterson and Russell Podzinski, Milwaukee.

Phi Kappa Tau fraternity is holding an informal record hop from 9 to 1 o'clock tonight at the Phi Tau house for all students on campus. In charge of the arrangements are LeRoy Barnes, Gurnee, Ill., and Thomas Trettin, Kaukauna.

Parents Tell of Daughter's Troth To Duane Peotter A September wedding is being planned by Miss Rosemary Deimer, whose engagement to Duane Peotter has been told by her parents. Mr. and Mrs. Conrad Deimer, 1122 W. Lorain street, the prospective bridegroom is the son of Mr. and Mrs. Harvey Peotter, Delton.

Miss Deimer is a graduate of Appleton High school and is employed in the office of Miller Electric Manufacturing company, Inc. Prior to employment at Wisconsin Tissue Mills, Menasha, Mr. Peotter served in the army.

## Alums Elect New Officers

Newly elected officers of Delta Gamma alumnae club of the Fox Cities are Mrs. W. P. Lindeman, Menasha, president; Mrs. Alan Harwood, Appleton, vice president; Mrs. James Knister, Appleton, secretary; and Mrs. James Rossing, Neenah, treasurer. Mrs. Charles Spalding, Appleton, will serve as Anchora correspondent for the ensuing year.

Alumnae members met Monday night at the home of Mrs. F. A. Meythaler to pack glasses for shipment to the New Eyes for the Needy headquarters in Short Hills, N. J. The collection of old glasses and frames is an annual project of the Fox Cities group and is part of the sorority's national aid to the blind philanthropic work.

Plans also were discussed for a Founder's day, to be attended by alumnae and Lawrence actives, on March 17.

## Name Winners of Skat Tournament

Winners of the skat tournament held Thursday night at Moose hall were Elmer Propson, first; Earl Bates, second; Ivan Merkel, third; Herbert Mielke, fourth and Herman Radtke, fifth.

There will be another tourney session at 8 o'clock Thursday night.

There will be another tourney session at 8 o'clock Thursday night.

## September Rites Planned by Pair

Mr. and Mrs. Silas Danley, Marion, have announced the engagement of their daughter, Dona, to Earl Schimmelpfennig, son of Mr. and Mrs. Ernest Schimmelpfennig, 1225 W. Fourth street.

The couple will be wed in a September nuptial. The bride-elect, who resides at 1602 N. Morrison street, is a graduate of Marion High school and is employed by Integrity Mutual Insurance company. Her fiancé received his diploma from Appleton High school and is employed by Freschl Products, Inc.

## By-Laws Viewed By Firemen's Unit

By-laws of the Appleton chapter of the auxiliary to Wisconsin Paid Firemen were discussed in relation to the state organization when the group met Thursday evening at the home of Mrs. James Seekins, 620 E. Dennison street.

A program for April 24 has been planned with a film on cancer shown at the home of Mrs. Duane Art. Firemen's wives who are not members of the chapter will be special guests.

The evening closed with card play. The next meeting will be March 28 when Mrs. Henry Welsch, 411 E. College avenue, will entertain.

# List Little Symphony Program

A Suite for Chamber Orchestra written expressly for the group will be a feature of the Lawrence Little Symphony concert at 4 o'clock Sunday afternoon.

The concert, to be held at Lawrence conservatory of music rather than at the chapel as originally scheduled, will open with a Suite for Orchestra made up of instrumental excerpts from operas of the famous 17th-century French composer Lully. Mozart's Symphony No. 33 in B flat major, written in Salzburg at the age of 23, will conclude the first half of the concert.

The overture to Armida, Haydn's only full length opera seria opens the second half of the concert and will be followed by Beethoven's familiar Contredanses. Representing the lighter side of Beethoven, these dances are familiar if only from the piano versions made from them. The seventh dance consists of a theme used in the finale of his Eroica Symphony and in the Finale of Prometheus.

The concluding Suite for Chamber Orchestra was written several years ago by James Ming, Professor of Theory and Composition at Lawrence Conservatory. Ming, who is currently preparing a score for the college theatre's production of Shakespeare's "Much Ado About Nothing," is well known in this area for his songs, piano works and orchestral compositions as well as for his piano performances.

Kenneth Byler, director of the Lawrence College Orchestra, will conduct the 18 piece ensemble.

The complete program is as follows:

Suite for Orchestra Lully  
Symphony No. 33 in B flat, K. 319 Mozart  
Overture to the opera Armida Haydn  
Twelve Contredanses Beethoven  
Suite for Chamber Orchestra James Ming

## Your Problems Reader Bemoans Modern Lack Of Punctuality, Dependability

BY ANN LANDERS

DEAR ANN: Am I old-fashioned or am I plain goofy? Is the moral fiber of Americans actually weaker or have people ALWAYS been this way?

What has happened to dependability and punctuality? People break appointments with me for the flimsiest reasons. Ann Landers and many times I've stood waiting and worrying until a friend arrived 20 minutes late without a word of apology.

Friends promise to call at a certain time and then proceed to "forget it". They make and break dates at their own convenience with no regard for the other person's schedule.

There are so few people who can really be counted on that it's frightening. I wouldn't think of showing so little respect for the time and feelings of others. Am I a nut or are most people inconsiderate and selfish? I repeat—have people always been this way?—D.A.P.

Yes, "people" have always been this way. The reason you didn't know it 100 years ago was because you weren't here. But I assure you, your grand-pappy was sitting around waiting for the selfish and inconsiderate ones, just as many of us do today. (P.S. I'm with you, Friend!)

DEAR ANN LANDERS: Three months ago I married a divorced man with three children. I knew it was going to be difficult but I was willing to take the bad with the good.

Last month his ex-wife and children moved into the house across the street. Their name is the same as ours so the mail is always getting mixed up. The other Mrs.—spends more time in her front yard than she does in her house. She's always waiting for my husband to come

from work so she can ask him questions about "the children". The children are constantly in our home. They don't even have the common courtesy to knock first. When I complain to my husband about this he said, "Why should they knock? I'm their Dad. They are welcome here anytime."

Yesterday he spent half the day fixing his ex-wife's furnace. Am I fighting a losing battle?—COPENHAGEN

The odds are four to one against—and you know who the four are.

Your husband has made it abundantly clear where HE stands. If you close the door on his children, you then cast yourself in the role of the shrew. When they hang around and have free run of your home, they are constant reminders of the life you hoped he'd forget. So—your darned if you do, and darned if you don't.

The ex has played her trump card and she probably has a few more up her sleeve you never heard of.

It's obvious that you're competing against impossible odds. In a matter of time your husband will be across the street with his first family.

DEAR ANN: Last night I had a date with a very nice boy. He told me it was the first time he ever dated a girl and I'm sure this is true.

When we got to the box-office he bought one ticket, then he politely stepped aside and asked if I wanted to buy mine. I

didn't know what to say, so I dug into my purse and bought my own ticket.

We had a very lovely time and he was a perfect gentleman. He asked me to go out with him again in two weeks and I don't know what to do. Shall I tell him that when a fellow asks a girl for a date he's supposed to pay her way? Or would it be best to wait until he catches on by himself? We are both 16.—A.N.

This kid has to learn sometime and there's no time like the present to give him his first lesson.

Tell the young man that you enjoy his company very much and would like to go with him again, but apparently there are a few fine points in dating that he hasn't heard of, one of which goes like this: when you ask a girl out you are supposed to pay her way, unless it's understood in advance that it's a Dutch Date.

If he's going to pitch in the league with the Big Boys, he'd better learn the rules of the game.

Our Children  
Move Gently if Faced  
With Enamored Child

BY ANGELO PATRI

"Our daughter, a lovely girl in her freshman year in high school has a crush on her science teacher, a young man absorbed in his work and with no interest in the child beyond the professional one of teacher."

"She lingers about the school entrance until he appears, then follows him into the building although he may not so much as see her. She waits to see him leave the building no matter how late. Any excuse to talk to him, asking a question without reason to, and the like. Talking to her does no good. Should we speak to the teacher, take her out of school, or what?"

Usually such crushes, which are an ordinary occurrence and quite normal, pass as the girl or boy develops. I am sure the teacher is aware of the situation and can be counted on to do nothing to strengthen it and all he can do, unobtrusively, to kill it.

Never Laugh

There is little anyone can do to stop the child's feeling this way about an adult. The best we can do is to try to place other interests in their way, bring young people, boys and girls, to the house, take the child on trips, encourage her to attend young people's gatherings and ignore the crush.

Usually with time and the growth time brings this disappears with hurt to no one. It does sometimes embarrass parents but, if they will try to accept the demonstration as an indication of the child's development it will not be too painful.

It is neither wise nor kind to laugh at this. It is a very hard experience for an adolescent boy or girl. To pour out adoration and find it received with coldness, disapproval, as

they often must, is painful to them and not a bit funny. They must not be laughed at, nor teased.

Less said the better. Let them talk about their idol as much as they like. The talking will help the feeling to pass out while teasing, scolding and scorn will fan it. The usual healthy boy and girl pass through this stage of development without scarring their soul if the adults will be a bit understanding about it.

As I have said, the teacher can be counted on to go his or her way and by silence, calm association and aloofness without scorn, dampen the child's ardor.

Taking the child out of the school would not help. It would make the child feel desperate, hurt. Hurt by the loss of contact with her loved one and shamed by the attitude of those who punished her for what to her was a natural bond of affection. Move gently.

St. Pius X Unit  
To Hold Bake Sale  
Saturday Morning

A bake sale featuring cakes and yeast confections has been slated by St. Pius X Altar Society-Christian Mothers at 9 o'clock Saturday morning at the Red Owl and Smitty's Keen-Way stores.

Arrangements are being handled by the Mmes. Archie Probst, chairman, Patrick Heller, Gustave Weckwerth, Donald Samsa, Lloyd Reitzner, Jerome Ellenbecker, Leland Callon, Clement Managan, Joseph Kraus, Stanley Reitzner and Clayton Smith.

WCSL Luncheon  
Set for Tuesday

The Rev. Roy Steen, district superintendent of the Methodist church, will be the speaker when the Woman's Society of Christian Service meets at 2 o'clock Tuesday afternoon in the dining room of First Methodist church for a luncheon program.

## In Good Taste

### Let Young Man Know About Visit

BY EMILY POST

Dear Mrs. Post: During the Christmas holidays I had several dates with a boy who was visiting my girl friend's brother. They arranged these dates for me and we had a wonderful time together. He lives in Florida. I expect to go down there soon on a vacation. Would it be proper for me to write and tell him this and also when I will be there, or should I call him when I arrive. Please tell me what I should do, if anything.

Answer: It will be quite proper for you to write him and tell him that you will be visiting your friends the John Smiths whose address is so-and-so. Add that you will be there the last two weeks in March and that you hope to see something of him during your stay.

Reply Cards

Dear Mrs. Post: Is it a matter of convenience that prompts reply cards to be enclosed with wedding invitations? On the two occasions we've received such cards it has given me the feeling that the hosts imagined we didn't know enough to answer. Please give us your opinion.

Answer: Printed reply cards, while still not really correct, have come into use because of the failure of so many of those invited to reply, and the helplessness of the hosts to know how many to provide for. In short, they are a result of the rudeness of those invited.

Paying Bus Fare

Dear Mrs. Post: When a girl meets a man she knows who is waiting for the same bus and he attempts to pay her bus fare, should she let him do so?

Answer: This casual payment by a man of a woman's fare embarrasses many people. She therefore should have her fare ready in her hand and when he makes a gesture to pay for her, she says quickly, "I have it in my hand." However, if he still insists so that it becomes awkward to refuse, it is usually better to say "thank you" and let it go.

## WCSL Luncheon Set for Tuesday

The Rev. Roy Steen, district superintendent of the Methodist church, will be the speaker when the Woman's Society of Christian Service meets at 2 o'clock Tuesday afternoon in the dining room of First Methodist church for a luncheon program.

Mrs. Robert Meek will lead devotions. Circle 7 will be the hostess group, with Mrs. Forrest Sprawl and Mrs. Robert Furstenberg as co-chairmen.

There will be no meeting of the society executive board in March.

Miss Anne Jones, Professor of French at Lawrence college, was the speaker for Moderator Board's annual Smarty Party on Thursday night, honoring the top five women in scholarship in each class. She is shown with, front, Miss Dorothy Draheim, college registrar, left, and Miss Joyce Ward, Deerfield, Ill., rear, left, Miss Marian Rivenberg, Geneseo, Ill., and Miss Sara Steele, LaCross, right.

## The Family Council

### Divorce-Bound Man Has Cold Feet on Support of 2 Homes

Editor's Note: The Family Council consists of a judge, a psychiatrist, three clergymen, a newspaper editor, a women's editor and two writers. Each article is a summary of an actual case history. The Council reports on problems that have been dealt with by responsible agencies and counselors.

Helen F.—I want to help George financially.

George M.—She doesn't realize how hard it's going to be.

Helen F.—For the past year I have been going out with a man who is married, but who has been separated from his wife and child for the past three years. He says he loves me and wants to marry me as soon as he gets his divorce and gets on his feet financially.

The main problem is money. George says he doesn't want to get married until he is out of debt. He also needs money for the divorce. He figures all of this may take another two or three years.

Now I am nearly 30 and I don't want to put off marriage for so long. I have been working since I got out of high school, so I have managed to save up some money. I want to pay the debts and other expenses so that he can start life together. George is against it.

George M.—Helen is very good and generous, but I can't see her hard-earned money going to my wife and child. My debts are, of course, all in connection with their support. My salary is quite low and the prospects for the future don't look too good, so I'm afraid that Helen will have to make more sacrifices than she realizes.

The idea of getting married very soon seems glamorous and exciting to Helen, but she does

n't realize the hard times that may be ahead. Sometimes when I think of the prospect of supporting two families, I get cold feet.

A two or three year wait would give Helen the chance to see whether she really wants to take on all the difficulties of marrying a man with an ex-wife and child to support.

The Council: Helen is mistaken about her problem. It is not money. It is the fact that George is married. The expression "money talks" is true in more ways than one. We use money to express our values and attitudes. We often use it to communicate to others our uncertainties, our feelings of power or dependency and our real desires.

In this case, when George

speaks of money, he seems to be trying to communicate his uncertainty about his marriage and the future. George claims that "the prospect of supporting two families is giving him cold feet"—as well it might. However, we have a strong suspicion that if George felt that divorce and a second marriage were definitely his goals, he would be thinking in terms of doing something to increase his income. He would not try to scare off both himself and Helen with his fears about the future.

If Helen helps George financially, she is placed in the unpleasant position of helping to break up a marriage and of buying a man from another woman. That sounds very crude, but it is truly what Helen's money would be saying. In her impatience for marriage, Helen prefers not to hear, but she is aware of the harsh facts. She should not gloss over the fact that this action on her part could be a very unfortunate emotional factor in the start of her marriage.

What to do? George must be clear about his future. When, and if, he is a free man, he can approach Helen in a different spirit. They may then see the financial problem in an entirely different light.

## Auxiliary Meeting

Rainbow auxiliary members were entertained Wednesday afternoon at the home of Mrs. Al Pingel, 115 E. Spring street. Card winners were the Mmes. Eva Ahrens, H. Stroebe, Rex Spencer and Earl Fraser.

## Research League Says Less Sulphite Liquor Dumped

Wisconsin Rapids — An official of the Sulphite Pulp Manufacturers' Research League said Thursday that 18 per cent less spent sulphite liquor was discharged into Wisconsin streams in 1957 than in any previous year on record. The information was contained in the annual report of the league's president, Stanton W. Mead, president of Consolidated Water Power and Paper company. "The mills," he said, "made more than half of this progress by upgrading their processes and adding new abatement installations. The rest of the gains came when business fell off and mills made less pulp and thereby had less liquor to dispose of."

relations are involved, the GOP committee indicated. Final draft of the GOP platform will be submitted to Republican delegates sometime before the state convention in Milwaukee May 23 and 24.

## GOP Platform Discussion Set For Green Bay

The Republican interim platform committee is holding open meetings throughout the state to gather "grass roots opinion" and the Eighth Congressional district meeting will be 7:30 Wednesday night in the Beaumont hotel, Green Bay. Committee members conducting the Green Bay meeting will be State Sen. Al Laun, Kiel, and Mrs. John C. Stevens, Appleton. Issues to be thrown open for discussion are agriculture; labor, education, welfare, veterans' affairs, civil defense, finance, federal aid, highways, Indian affairs, small business and industry, human rights, conservation, water resources, state government operations and election laws. Discussions will be limited to state issues, leaving national issues to the resolutions committee except in the areas where federal-state

Wisconsin Politics Was the Topic of conversation at the YMCA business and industry forum speakers' table Thursday night as John Wyngaard, of the Post-Crescent Madison bureau, prepared to give an address. Left to right are The Rev. John Hubner, associate pastor of the First Methodist church, Andree Pertain, member of the forum committee, and Wyngaard. (Post-Crescent Photo)

## Wyngaard Sees State Sales Tax by 1961

### Need for More Funds Forces Government To Find New Sources

Sooner or later Wisconsin will have to incorporate a sales tax into its revenue structure, John Wyngaard, of the Post-Crescent Madison bureau, told a YMCA business and industry forum audience Thursday night. He predicted the sales tax would be on state statute books by 1961. Need for additional revenue, unobtainable through the present tax system, will force adoption of the sales tax, Wyngaard declared. He said property and income taxes have been increased to nearly their limit. The sales tax would not be approved in a popular referendum today or in the next session of the legislature, Wyngaard said, but the only future alternative would be substantial increases in other tax revenues.

### 2 County Offices Transferred to Courthouse Annex

Outagamie county school superintendent and health nurse offices have been moved to rooms on the second floor of the courthouse annex. They are the first county offices to be transferred to the annex. The Wisconsin Internal Revenue department, Appleton district, occupies offices on the first floor. Henry J. Van Straten, school superintendent, and his staff occupy a suite of three rooms—superintendent's office, outer office and library. County Nurse Mrs. Marion Freeman and her staff have two offices, a laboratory and storage room. The nurse's secretary shares the outer office with Van Straten's secretary. The two former offices in the main courthouse building will be turned over to the Outagamie county sheriff and police departments.

### Gets Patent for Safety Device

Walter K. Miller, Sr., Appleton, has been granted a patent on a safety hand guard to protect the hands of operators of railway car movers.

Miller is president of the Advance Car Mover company, president of the Appleton Wood Products company, secretary-treasurer of the Valley Ready Mixed Concrete company and secretary of Machinery Supplies, Inc.

The patent was assigned to the car mover firm.

### Best Dog-Caller Proves Easy Point

Sterling, Colo. — Sheriff Vernon Hastings, Jr., was voted the best dog-caller in the Sterling Lions club and wasted no time proving to the other members he deserved the honor. One by one, the members demonstrated their ability at calling dogs. When Hastings whistled, his dog appeared out of nowhere.

## Lawrence Says: Ike's Letter Doesn't Make Nixon Successor

### Law Isn't Explicit On What To Do if President Can't Serve

BY DAVID LAWRENCE

Washington — President Eisenhower may write letters to the vice president telling him not to be embarrassed in taking over presidential duties in any contingency if Eisenhower should become incapacitated — but this does not make the vice president legal as presidential acts.

For the truth is that the constitution does not explicitly provide what to do in the case of the temporary "inability" of the president to discharge the duties of his office. Hence, even an act of Congress seeking to specify the course to be followed would have to be passed upon by the Supreme Court of the United States. Anything the new president might do in the interim would be of doubtful legality, and serious questions could continue to be raised for a long period of time, perhaps years, as to the true effective-

Menasha's Four Mayor Candidates expressed their opinions on matters of public interest at a public meeting sponsored by the League of Women voters Thursday night at Menasha High school. John R. Scanlon, R. G. DuCharme, William Zeininger, Sr., and Joseph

Coyle are shown, left to right above, talking to moderator Mrs. Richard Willis before the meeting started. On Tuesday voters will decide which two of the candidates will compete in the April 1 city elections. (Post-Crescent Photo)

# POST CRESCENT News of the WIN CITIES Neenah - Menasha

## Mayor Candidates Favor Low Taxes; Industry Growth

Give Views at League of Women Voters Public Meeting at MHS

BY HERB VAN RIEL  
Post-Crescent Staff Writer

Menasha — A shortage of "political brickbats" was in evidence Thursday night as four Menasha mayor candidates told over 100 citizens they favored future industrial expansion and maintaining the tax rate at its present level.

The public meeting, sponsored by the Neenah-Menasha League of Women Voters chapter, was held in a crowded Menasha High school activities room. Mrs. Richard Willis acted as moderator for the 70-minute session.

Each of the candidates, R. G. DuCharme, incumbent, John Scanlon, former mayor, William Zeininger, Sr., former alderman, and Joseph Coyle, former postmaster, spent approximately five minutes answering three League of Women Voters' prepared questions and then answered written questions presented by members of the audience.

The first prepared question asked was "Are you in favor of purchase by the city of property for future industrial growth as a means of broadening the tax base, or do you have an alternative to suggest?" The candidates' answers in part were:

**Reasonable Price**  
Zeininger — "I favor the purchase of property provided it can be bought at a reasonable price. I know of a number of cases where local industries have tried to buy land but the price was unreasonable."

Coyle — "If I knew some industry would come in if a site were purchased, I would favor or buying the land, but not before. A major problem is that the city hasn't taken care of the industries it has had."

Scanlon — "I favor purchasing property both for future industrial and school sites. In 1954, as mayor, I appointed a committee for such a purpose. Industrial sites would have to be along railroad tracks or a highway artery and accessible to water, sewer, electric and gas power."

DuCharme — "I see no reason why the city can't purchase industrial sites. Menasha presently has a committee studying and working for industrial development."

**Question Two**  
Question 2: "Can we hold taxes at present levels and still make adequate progress with good schools, good streets, good parks, industrial growth, etc?"

Zeininger — "We can hold the present tax rate but must revise or change restrictions on future planning to allow for

**Twin City Births**  
Neenah — Theda Clark hospital today reported the following births:

Daughters to:  
Mr. and Mrs. Daniel Hallows, 4151 Winneconne avenue, Neenah.

Mr. and Mrs. John Ohman, route 1, Neenah.

Mr. and Mrs. Robert Porter, 208 E. Water street, Menasha.

Son to:  
Mr. and Mrs. Marvin Winarski, 7331 Racine street, Menasha.

**Dump Blaze**  
Neenah — Firemen extinguished a minor blaze this morning at the dumping grounds on Winneconne avenue. No damage was caused. Firemen were at the scene for about an hour after the 9:30 alarm.

Rem. is pastor of the Jefferson Prairie Lutheran church at Clinton.

The Rev. and Mrs. Rem have three children, Ruth Ann, 6, Paul 5, and David, 4.

He will be formally installed as pastor of the church March 23.

## Seven Persons Hurt Slightly in Auto Collision

All Released After Examinations at Neenah Hospital

Neenah — Seven people, five of them teenagers in one car, were injured slightly in a collision shortly after 7 o'clock Thursday evening at Wisconsin avenue and Commercial street.

All were taken to Theda Clark hospital by police but released after examination and treatment.

Involved were autos driven by Mrs. Felix Pozolinski, 21 Bond street, and Joseph J. J. Parker, Jr., 17, 212 Elm street.

Neenah Police, who saw the accident, said that Mrs. Pozolinski was turning left off N. Commercial street onto E. Wisconsin avenue when Parker passing another auto on the right side, collided with her vehicle. The third auto was turning left onto W. Wisconsin avenue.

Riding with Mrs. Pozolinski was her husband, 58, who suffered bruises on his right leg. The driver complained of possible stomach injuries.

Riding with Parker were Elaine Burt, 15, 610 Roosevelt street, bruised right knee; James Andrews, 17, route 1, Neenah, bruised right eye; Nancy Gore, 15, 959 Adams street, bruised right ankle; Suzanne Wetzell, 16, 714 E. Cecil street, left side, and Patricia Wetzell, 15, same address, who complained of general injuries. Parker himself was uninjured.

The right front end of Mrs. Pozolinski's auto and the bumper, radiator and grill of Parker's car were damaged. The drivers each said that they did not notice the other car until just before the collision.

## Neenah Man Breaks Leg in Skiing Mishap

Neenah — William Hoff, 500 S. Lake street, broke a leg in two places in a skiing mishap at Sun Valley, Idaho, it was reported today. He was vacationing with two friends at the time of the accident.

## Story Selections

Menasha — "Casey Joins the Circus" by Dorothea Dobias and "The Noisy Family" by Shirley Simon are the stories that will be told by Mrs. Daisy Bruchl during the children's story hour at 10 o'clock Saturday morning at the Elissa D. Smith Public library.

## Volunteers Work in Banks for Red Cross

56 Women Maintain Booths Two Weeks; Drive Opens Monday

Neenah — Volunteer women began staffing contribution booths in both Neenah banks this morning, on behalf of the 1958 fund drive of the Neenah Red Cross. Fifty-six women are helping at the banks.

Mrs. C. F. Hedges, bank booth chairman, said the booth would be maintained in both the National Manufacturers and First National banks through March 14. The fund drive officially opens Monday with a local goal of \$13,815. The national Red Cross organization is seeking \$95,000,000. The local campaign was launched at a kickoff meeting

## Divorce Granted to Neenah Woman

Post-Crescent Oshkosh Bureau

Oshkosh — A divorce was granted Helen M. Henning, 33, 334 Smith street, Neenah, from Marvin F. Henning, 37, Appleton, by County Judge Herbert J. Mueller today on her charge of cruel and inhuman treatment. They were married at 1946.

She received custody of five minor children, real estate on Smith street, a 1955 automobile and household furnishings. Henning gets an older car, 80 acres of land in Florence county and must pay \$30 a week support and \$5 a week alimony.

## Permit Granted to Build New House

Post-Crescent Oshkosh Bureau

Oshkosh — A building permit was granted by County Clerk Nell A. Hoffmann to Mrs. Walter Bruss, 417 Fifth street, Neenah, for a \$6,000 house to be erected in the town of Neenah.

Part of the house, which will be 18 by 34 feet in size, will be moved from another location to a cement slab at the site.

## Menasha Woman Hears Of Death of Brother

Menasha — Mr. and Mrs. J. W. Herrbold, 709 First street, Neenah, left today for Merrill to attend the funeral of her brother, Ed-story hour at 10 o'clock Saturday morning at the Elissa D. Smith Public library.

He was 83 years of age.

## New Pastor at Winchester to Begin Sunday

Rev. Richard Rem Arrives to Serve Lutheran Church

Winchester — The Rev. Richard Rem will preach his first sermon as new pastor of the Grace Lutheran church here Sunday. The church services will be at 9:30 and 10:45 and Sunday school will be at 9:30.

The Rev. and Mrs. Rem and their family arrived here

Rev. Richard Rem (Henry Photo)

Thursday night to begin their ministry. He succeeds the Rev. Jack L. Olson who left last August for an Illinois pastorate. The church has been served since then by the Rev. H. J. Madland as interim pastor.

The new pastor has been serving the Lutheran church at Neenah — Otto Johnson, 88, Arkdale for the last 21 years at 5:30 Thursday afternoon. He ate. He is a graduate of Luther college at Decorah, Iowa, and one brother, Dan, Neenah, by at St. Paul, Minn. He was. Funeral plans are pending at Arkdale. His father, the Rev. Oscar

## Wind Swings Door Wrong Way; Store Window Broken

Neenah — A 5 by 8 foot plate glass window in the Jandrey department store was smashed between 9 and 9:15 this morning, presumably by a swinging door caught by the wind.

The window, on the east end of the building at 120 W. Wisconsin avenue, was being replaced this morning. Max W. Schalk, president of the Jandrey company, said the replacement would cost about \$80.

Schalk said that the wind probably caught a swinging door between the sidewalk and the vestibule at just the right angle to force it completely around and against the window. Most of the glass fell inward. No one was around when the accident happened, and no merchandise was damaged.

## Hawley-Dieckhoff Post Meets Monday

Neenah — Changes in the constitution and by-laws and reports by delegates to the mid-winter conference will be given during a Hawley-Dieckhoff American Legion post meeting at 8 o'clock Monday night at the clubrooms on Harrison street.

Plans will be made for the commemoration of the thirty-ninth birthday of the American Legion on March 15.

## Menasha Fire

Menasha — An overheated furnace at the Carlton Wiegand residence, 905 Third street, brought Menasha firemen out at 11:25 Thursday morning. No damage was reported.

# Four Menasha Mayor Hopfuls Give Opinions

Continued from Page 17

cal contractors and builders an easier opportunity to purchase building permits."

Coyle — "It may be hard to hold taxes at their present level. No consideration has been given to older citizens and those on pension."

Scanlon — "We can only hold the present tax rate if the city's income is great enough to overcome the expenditures. The city will have to have a tremendous building program! Coyle did not answer the

to derive enough revenues to offset the costs."

DuCharme — "The council and I will try to keep taxes at their present level. This year we were lucky we did not have to raise the taxes."

Question 3: "There was considerable controversy between the council and school board regarding the design and construction of the Clovis school. How can this be avoided on future projects, such as a junior high school now being considered?"

Zeminger — "It should be obvious a good mayor working with a good council and school board can build a school which will not place a burden on the taxpayers. Menasha schools are being constructed at economical costs if we have city officials who are attentive to matters."

third question because his allotted time had elapsed.

Scanlon — "There always has been and always will be differences of opinion among public officials. A controversy has to be met and if it can't be solved at a first meeting it may be at another."

Closer Cooperation

DuCharme — "Closer cooperation between the council and school board is needed. The council should be contacted early when an issue of building a school comes up as it has to provide the money and set the tax rate."

Other statements made by Zeminger, were that Menasha policemen and firemen should be paid wages equal to income derived by those working in industry; "I would do everything possible to gain the cooperation of the various city departments and by good cooperation our city government will function properly," and "when a petition is declared illegal I would let citizens know what was wrong with it through the press."

Coyle's answers to questions from the floor included "the council was to blame for all the trouble between it and the school board. It was wrong for the aldermen to raise their salaries during the year as they knew what salaries they would get when they ran for the job."

"Give Money Back"

Coyle also said he didn't think the mayor's job was worth \$8,000 a year and that he wouldn't take a dime if he got the job. He advocated giving widows back 3 per cent of the money they have paid in taxes in the last 10 years with the money to be applied to their next tax bill.

Scanlon favored keeping the University of Wisconsin's Menasha extension in Menasha and thought other cities who send students to the center should pay their proportionate share of the cost.

DuCharme said the council's committee of the whole sessions are never closed to the public and citizens are free to come to them. He also said Menasha teacher's salaries compare favorably with those made by instructors in Neenah and Appleton.

He stated he was going to appeal to the county board for money to establish a university extension building in the county. He estimated it has cost Menasha \$70,000 in the last 12 years to keep the extension here and that it is more of a state or county project to furnish a building for the center than it is Menasha's.

Six Boys' Brigaders Practiced Their Indian dances Thursday night for the last time before shipping their costumes off to Jamaica, where they will attend the second international encampment of brigaders in April. Clockwise from the front are Fred Block, Tom Steinmetz, Tom Mott, Chief Don Pansch, John Severson and Tom Smith. (Post-Crescent Photo)

## Plans for Jamaican Encampment Occupy 10 Boys' Brigaders' Time

### Youths Studying Home Towns, Land Of Their Hosts

Neenah — Planning, dance rehearsals, planning, arranging clothes, planning, arranging transportation, studying and some more planning are occupying a large proportion of 10 boys' waking hours these weeks.

These are boys who will represent Neenah-Menasha as members of the Boys' Brigade at the international camp in Jamaica in April. Attending the camp, which will mark the 75th anniversary of the organization's founding, will be Dick Dwell, Steve Hildebrand, Tom Steinmetz, Tom Mott, Fred Block, John Severson, Don Smith, Bill Kuehl, Don Pansch and Dave Hanson.

Going to the West Indies is land with the boys will be Jack Casper, Brigade coordinator, and Charlie Neubauer and Dave Jones, Brigade leaders. The Brigaders have been studying everything they can get their hands on, according to Casper, both about Jamaica and the Twin Cities. After the encampment, which runs from April 10 to 18, they will be guests of the Jamaican Brigaders in their homes until they return to the United States on April 26. The Brigaders will be expected to know many of the customs of their hosts, and also will be expected to tell of life in their own Twin Cities.

Study Home Towns

Studying up on their home towns, the boys are using material provided by the Neenah-Menasha Chamber of Commerce and the League of Women Voters, and also reprints of an article in the Sou-Liner, railway magazine, about the Twin Cities.

The Brigaders and leaders will leave Neenah early on April 9 by train and fly from Chicago to Miami, where they will spend the night. They are due in Kingston, capital city of the island colony, about noon the following day. Transportation for the group, expected to run over \$3,000 is the only major expense of the trip.

All the funds for the trip have been contributed by parents and other interested people. No money for this adventure comes from Community Chest funds, although the normal Brigade budget does.

The boys are practicing native American Indian dances.

which will be presented to the colony directly south of Cuba hundreds of Brigaders from 15 in the Caribbean sea. Its population of about 1.5 millions is less than half of Wisconsin's, and its area of 4,450 square miles is about one-fifteenth of Wisconsin's. No place on the island is more than 25 miles from the sea.

Mothers Sew Clothes

Mothers of two of the boys, Mrs. Robert Mott and Mrs. George Dwell, and Mrs. Dave Jones are doing much of the sewing for the Twin City delegates. They must get their uniforms in parade inspection order for the trip, and will need many clothing items not generally used in local Brigade activities. The Indian costumes for the dances are all being made locally.

Jamaica itself is a British

### Man Injured in Oshkosh Blast

Post-Crescent Oshkosh Bureau

Oshkosh — A Green Bay man was injured when a reactor in the Wisconsin Public Service corporation's hydro-electric plant blew up at 3:42 Thursday afternoon.

John Mixes received first and second degree burns on his face and left arm and is confined at Mercy hospital for treatment. The fire was brought under control in a short time by company employees and the Oshkosh fire department.

## Election of Officers Is Planned by 3-40 Club

Neenah — An election of officers will follow the potluck home of Mrs. Edward Meyer supper meeting at 6:30 Monday evening of the 3-40 club of Calvary Baptist church. Dr. Gilbert Horn will speak to the group and the members of the entertainment committee will be Mr. and Mrs. Paul Weigt, the Rev. and Mrs. Roland Aggers, Mr. and Mrs. Dave Watson and Mr. and Mrs. L. W. Larson.

The Rev. John Hanchett will review and discuss the book, "I Believe" by Dr. Gerald Kennedy, the Methodist bishop of the Los Angeles area, when the Junior group of the First Congregational church meets at 7:30 Monday evening at the church.

A general meeting will be held by the Friendship circle of the Whiting Memorial Baptist church at 7:30 Monday evening church.

## Portrait Lighting Demonstration for Local Camera Club

Menasha — Members of the Winnebago Camera club have postponed Monday's meeting to March 10, when they will meet at the Pechman studio, Appleton, for a demonstration of portrait lighting. The demonstration will be given by Frank Pechman.

Because of limited space in the studio, the meeting is limited to paid-up members of the club, according to Harry Irion, secretary.

Prize winners in the black and white print contest held at the January club meeting were Peter Jung, first place; Jerry Arndt, second place; William Steward and Arndt, third place and Steward, fourth place.

In the color slide contest Dave Andrews took first place and Richard Kruske took second. Andrews, Irion and Jung tied for third and Dick Strong and Jung tied for fourth.

### Lincoln School Pupils Observe Brotherhood Week

Neenah — Each grade at Lincoln school took part in a Brotherhood week observance at an all-school assembly Wednesday afternoon. Red Cross boxes were prepared by the school children and accepted by Richard Luft, principal, in behalf of the youngsters overseas.

The kindergarten opened the program by singing "America" and the first graders presented a story on the "Rabbit Brothers" dressed in rabbit costumes. Second graders read a poem.

The third graders defined brotherhood by using each of the 11 letters in the word, and the fourth grade class presented the story "Hands Across the Sea." Fifth graders read an original poem, "What Brotherhood Means to Me" by Karen Naleway, a student at Lincoln. The special education room

Appleton Post-Crescent 18 Friday, February 28, 1958

used the name sake of the school, Abraham Lincoln, to illustrate a story on brotherhood.

# Announce Program For Senior Mother, Daughter Banquet

Neenah — The program and committee chairmen for the senior mother-daughter banquet sponsored by the Neenah High School Girls Senate were announced today by Miss Margaret Griffiths, dean of girls.

The annual event will be held March 18 in the school old gymnasium with the dinner served at 6:30. General co-chairmen are Charlotte Mentink and Randy Graverson. Heading the food committee are Beatrice Sievert and Nancy Wismer.

Invitations are being issued under the direction of Nelrose McKellips and Renee Krenger. The program is being planned by Charlotte Mentink, Karen Cummings and Judy Sanderfoot. Heading the entertainment committee are Kay Gruetzman and Mary Aderhold and supervising the decorations are Nancy Bull and Judy McNeil.

Mothers serving on the committee in charge of arrangements include Mrs. Elmer Sievert, Mrs. Wilbert Wismer, Mrs. Marion Hoover, Mrs. Leonard Hedberg, Mrs. Ervin Kresse, Mrs. H. C. Brien, Mrs. Albert Johnson and Mrs. Donald Rusch.

Program Toastmistress will be Randy Graverson and the invocation will be given by Mrs. Allan McKellips. Charlotte Mentink will welcome the mothers and the response from the mothers will be given by Mrs. Palmer McConnell. Robert Thom, senior class adviser, will be the speaker.

Vocal solos will be sung by Judy VanAlstine, Nancy Haas, Joyce Mueller and a trio by Judy VanAlstine, Joyce Mueller and Diana Lintner. Judy Gill will present a pantomime act and a whistling act is the

program selection of Nancy Sorenson.

A pantomime will be given by Diana Lintner and Jana and Jean Malouf will play an accordion duet. Senior girls forming a band ensemble include Gail Dawson, Kay Gruetzman, Judy Hedberg, Kathy Hedlund, Jeanine Johnson and Sue Landskron.

Sue Millar, Jeanette Ambroso and Nan Rusch will present the future plans of the senior girls.

## Auxiliary Plans Sale

Neenah — A rummage sale to be held March 14 was planned at the Thursday evening Neenah Eagles auxiliary meeting at the Neenah Eagles hall. Members will bring rummage to the March 13 meeting. A contribution was voted to the Neenah Red Cross chapter.

The auxiliary will resume its series of card parties after Lent. Proceeds of the parties go to the March of Dimes fund. The social committee for March will include Mrs. Orin Robbins, chairman, Mrs. Alicia Bart, Mrs. Elsie Dahms, Mrs. Harold Nooyen and Mrs. John Marsh.

A donation to the Easter Seal drive was voted at the Thursday afternoon J. P. Shepard Women's Relief corps meeting at the S. A. Cook armory. Mrs. Herman Meyer reported on the community council meeting and a report on a handicapped workshop was given by Mrs. Hans Anderson and Mrs. Chris Steinfert.

Mrs. Arthur Lornson and Mrs. Harry Smith gave readings on George Washington's birthday. The aides will meet at 2 o'clock March 10 at the home of Mrs. Lornson, 256 Kaukauna street, Menasha.

On the refreshment committee for the March 13 meeting will be Mrs. Alice Seidel, chairman, Mrs. George Volkman, Mrs. Kate Moran, Mrs. Nettie McDonald, Mrs. Frances Johnson and Mrs. Lornson.

**Judith Page Is Honored for Academic Work**  
Neenah — Judith Page, daughter of Mr. and Mrs. William Page, 331 Division street, was one of 18 Carroll college sophomores honored for exceptional academic ability Monday at a meeting of the American Association of University Professors.

The students will also be feted at a banquet at Merrill Hills country club, Waukesha, on March 23.

**Student Is Guest Of Neenah Couple**  
Neenah — A houseguest for the last two weeks at the Joseph Braun residence, 769 Congress street, was Miss Carol Dunham, St. Charles, Ill.

Miss Dunham, a senior at the University of Wisconsin, has been doing practice teaching in speech correction in Neenah.

**Attends Conclave**  
Neenah — Mrs. William Campbell, 579 Oak street, left today for Oklahoma City, Okla., where she will attend the western conference of Veterans of Foreign Wars auxiliary. Representatives from most states west of the Mississippi river will attend the conclave.

Spring Fashions and Easter outfits were selected by Betty Kadlec and Monica Nelson, shown above, who will model the garments at the spring style show and buffet supper of the Elks ladies at 3 o'clock Sunday afternoon at the Elks club. Garments were fitted for Mrs. Richard Laemmrich and Mrs. Ray Murphy in the picture at the left. Men and teenagers also will be models for the event with Twin City and Appleton stores providing the apparel. (Post-Crescent Photos)

## Committee Reports Heard At Neenah WRC Meeting

Neenah — Committee chairmen's reports were read and meetings plans announced at the Thursday evening H. J. Lewis Women's Relief corps meeting at the S. A. Cook armory.

Mrs. Clarence Krablean, Mrs. Frieda Herrick, Mrs. Theodore Delrow and Mrs. Ralph Avery reported on work for the Visiting Nurse association including four cancer jackets, bedside bags and cancer dressings. Mrs. Ella Smith and Mrs. Maryie Hawkinson said the afghan for the veterans hospital was completed.

Mrs. Claude Cash, who has been appointed clerical assistant to Morris Kuchenbecker, chief observer of the Ground Observers corps, reported on civil defense work. Mrs. Lena Fostering and Mrs. John Blank reported on a public card party held Monday evening at the home of Mrs. Fostering. Prize winners included Mrs. Lawrence Rasmussen, Mrs. Avery, Mrs. William Lis-kow, Mrs. Ernest Parman, Mrs. Doris Bogrand and Mrs. Hattie Drexler.

The Past Presidents club met Monday with prizes going to Mrs. Herrick, Mrs. Hawkinson, Mrs. Emmett Baxter and Mrs. Herman Bergman. Mrs. Bergman will be hostess for the March 17 meeting.

**Charter Draped**  
Participating in a draping of the charter ceremony were Mrs. Herrick, Mrs. Victor Larson, Mrs. Krablean, Mrs. Anton Dare, Mrs. Drexler, Mrs. Bogrand, Mrs. Hannah Peterson, Mrs. Avery and Mrs. Edith Seymour.

Mrs. Delrow reported for the community service committee. Books were donated to the retarded children's class, also collected were glasses and clothing and gifts for Winnebago state hospital parties. The luck luncheon, will be Mrs. H. Clifford Northcott, honorary president of the Wisconsin conference of the WSCS and wife of Bishop Northcott, of the Methodist church.

Mrs. Northcott will give an illustrated lecture on the re- Paul Weymar will be reviewed trip through South America the 2:15 Monday afternoon husband. The executive committee will meet at 12:30 preceding the luncheon and Circle 4 will serve the dessert.

**Delphian Club**  
Neenah — "Adenauer" by illustrated lecture on the re- Paul Weymar will be reviewed trip through South America the 2:15 Monday afternoon husband. The executive committee will meet at 12:30 preceding the luncheon and Circle 4 will serve the dessert.

## Dental Auxiliary to Hold Luncheon, Tea

Neenah — At a Thursday evening dinner meeting of the Woman's auxiliary to the Winnebago County Dental society, plans were made to entertain two auxiliaries at a March meeting and a tea was planned for May. The dinner event was held at the Colonial Wonder Bar.

Fond du Lac and Appleton auxiliaries and the state auxiliary president will be guests at the March 27 luncheon to be held in Oshkosh. The committee will include Mrs. R. L. Klaesen, chairman, Mrs. Harold J. Blum, Mrs. V. V. Beck, Mrs. Alma Gifford, Mrs. Byron Ising, Mrs. C. C. Clemans, Mrs. Wayne Luebke and Mrs. Donn Kleinschmit, all of Oshkosh.

The tea, the last meeting of the season, will be held May 22 with members of the Woman's auxiliary to the Winnebago County Medical society as guests. An election of officers will also be held at that meeting. In charge of arrangements will be Mrs. R. W. Draper, chairman, Mrs. Norman Kleinschmit, Mrs. R. J. Purcell, Mrs. N. M. Horneck, Mrs. C. C. Seelig, Mrs. Eugene Sonn-

leitner and Mrs. Robert Herman.

Mrs. Harold Akyens of the Memorial Drive Florists presented a demonstration on floral arrangements at the dinner event, held under the chairmanship of Mrs. H. P. Jacobl.

**Prize winners** at the Thursday afternoon meeting of the Social Neighbors club at the home of Mrs. Hubert Schultz, route 1, Neenah, were Mrs. Isaac Hart, Mrs. Howard Quandt, Mrs. Lucille Reddin and Mrs. Willard Hogan. The March 27 meeting will be held at the home of Mrs. Millard Hude.

**Tentative plans** for a spring trip to Milwaukee were discussed at the Thursday evening Mixerettes Homemaker club meeting at the home of Mrs. Ellis Ohlrogge, route 2, Neenah.

Mrs. Frank Sihler and Mrs. John Huebner were in charge of a topic on window decoration. "Quick Breads" will be the topic for the March 27 meeting to be held at the home of Mrs. Donald Myhre, route 2, Neenah.

Funds were collected for the cerebral palsy drive at the Thursday evening Merry Mixers Homemaker club meeting at the home of Mrs. John Cummings, route 1, Neenah.

A lesson on draperies and curtain construction was presented by Mrs. Thomas Madden and Mrs. Henry Malchow. Mrs. Robert Wischow, route 1, Neenah, will be hostess for the March 27 meeting.

**The Men's Aid group** of Trinity Lutheran church of Neenah has scheduled a business meeting for 7:30 Monday evening at the school hall.

**Benefit Card Party**  
Neenah — A benefit card party for the heart, March of Dimes and Cancer funds will be held at 8:30 Friday evening at the South Greenville grange.

Committee members include Mr. and Mrs. Harold Reinders, Donald and Lester Anderson, Misses Florence and Edna Wostenberg and Mr. and Mrs. Frederick Hart.

**Young Adults**  
Neenah — The young adult fellowship of the First Methodist church will meet at 8 o'clock Sunday evening at the church and then will have a bowling party.

**Emergency Society**  
Neenah — The Emergency society will meet at 2 o'clock Monday afternoon at the home of Mrs. Selden Spencer, route 1, Neenah.

### Imitation Parchment Covers Excellent for School Books

BY CAPPY DICK

Out of heavy wrapping paper such as the butcher uses, some ink, water colors and paraffin you can make imitation parchment covers for your school books. The finished jackets will look like the one in Figure 5. The more nearly white the paper is and the smoother and glossier, the better will be the results. Cut the paper to the size needed for the book (Figure 1). Prepare some diluted ink for coloring, or mix up a

ored veins will give it a marbled appearance. These veins are the creases made when you crumpled the paper. If you wish, you may use two colors of ink. Dip the paper into one color, wash it off, then dip it into the second color. (Copyright, 1958)

## Germany to Put Zeppelin Into Service

Frankfurt, Germany — (AP) — Max Pruss, captain of Germany's famed prewar Graf Zeppelin and Hindenburg, announced plans Thursday for construction of a new 200-passenger airship to put his country back in the dirigible business.

"Our new zeppelin is ready in blueprint," Pruss announced. "Large airships have a great future. We know the Americans are working on atomic-powered zeppelins."

Non-inflammable helium gas to inflate the dirigible, he said, has been promised by the U. S. Interior department on the condition the airship is used on the north Atlantic route.

Disaster in 1937 Pruss, now 66, was in command of the Hindenburg when it went up in flames after an explosion while landing at Lakehurst, N. J., in 1937. The disaster killed 36 persons and ended Zeppelin transatlantic service.

A committee, backed by the German Zeppelin Foundation with considerable funds at its disposal, has just finished plans for the new airship, Pruss said.

The new zeppelin would be capable of carrying 200 passengers plus 70 tons of freight across the Atlantic at a cruising speed of 100 miles per hour, Pruss said, adding that zeppelins were very economical to operate.

"All aeronautical progress made over the last 20 years will be embodied in the new ship," said Pruss.

# Trotters Eye UW Loop Title

End Slate at Kenosha; Bid For 12th Win

Menasha — Menasha Extension will attempt to seal its first University of Wisconsin Extension division conference championship in recent years when it travels to Kenosha Saturday night to close its schedule.

The Trotters currently hold an 1-2 slate to lead Sheboygan (10-2) by a half game. A victory over the troublesome Kenosha team will assure the Menashans of a share of the crown.

Sheboygan must meet Marinette and third place Racine as well. Racine could create a three-way tie by defeating Sheboygan, providing the Chari city team tops Marinette and Menasha loses to Kenosha.

Kenosha is currently in sixth place with a 4-9 record but it pummeled Manitowoc 99-55 last week and Wednesday night the Trotters had to pull out all stops to defeat the Ships 37-55.

The downstaters were perennial champs until Manitowoc took over last year and, although they've lost more than twice as many games as they've won, a majority of their setbacks were by five or less points.

Menasha had to go all out to defeat Kenosha 82-75 in their first meeting. The visitors had the score tied midway in the second half, only trailed by three with a minute remaining and could have done more damage but one of its players missed an easy basket with no one around.

Tom Wirth had 24 points for

Kenosha and Tom Martin and John Jooss tallied 39 and 22 for Menasha. Wirth currently ranks third in the conference with 284 points and Martin is second with 329. Menasha's John Jooss is sixth with 219 and Dick Pagel twelfth with 159.

## Munsche Hits 628 Triple in Valley Loop

Menasha — Charles Munsche hammered a big 628 series and Jim Mulvey posted a 246 game to highlight kergling in the Valley Men's Bowling league Thursday night at Menasha Recreation.

Munsche included games of 221 and 226 in his leading threesome. Add Davis fired 207 and Bob Currie notched a 203 loner.

Foundry No. 4 had a 1,021 game and Quinn's Electric netted a 2,746 series for the leading team efforts.

Menasha Recreation Chiefs are in the lead with a 671-283 record. Christensen Hardware has 66-30 and Badger Oil 58-39.

## Five More Sturgeon Registered in Neenah

Neenah — Five sturgeon have been registered at the Neenah police station since Tuesday. The season closes Saturday.

Recent successful spears included Raymond Regal, Weyauwega, 681 inches, 43 pounds. Jerome Spielbauer, 909 Higgins avenue, 56 inches, 43 pounds. Richard Buss, route 2, Menasha, 64 inches, 78 pounds; Ben Hart, route 1, Neenah, 44 inches, 40 pounds, and India Fabian, route 2, Neenah, 48 1/2 inches, 28 1/2 pounds.

"Well don't just stand there . . . see if the gas hose reaches my tank . . ."

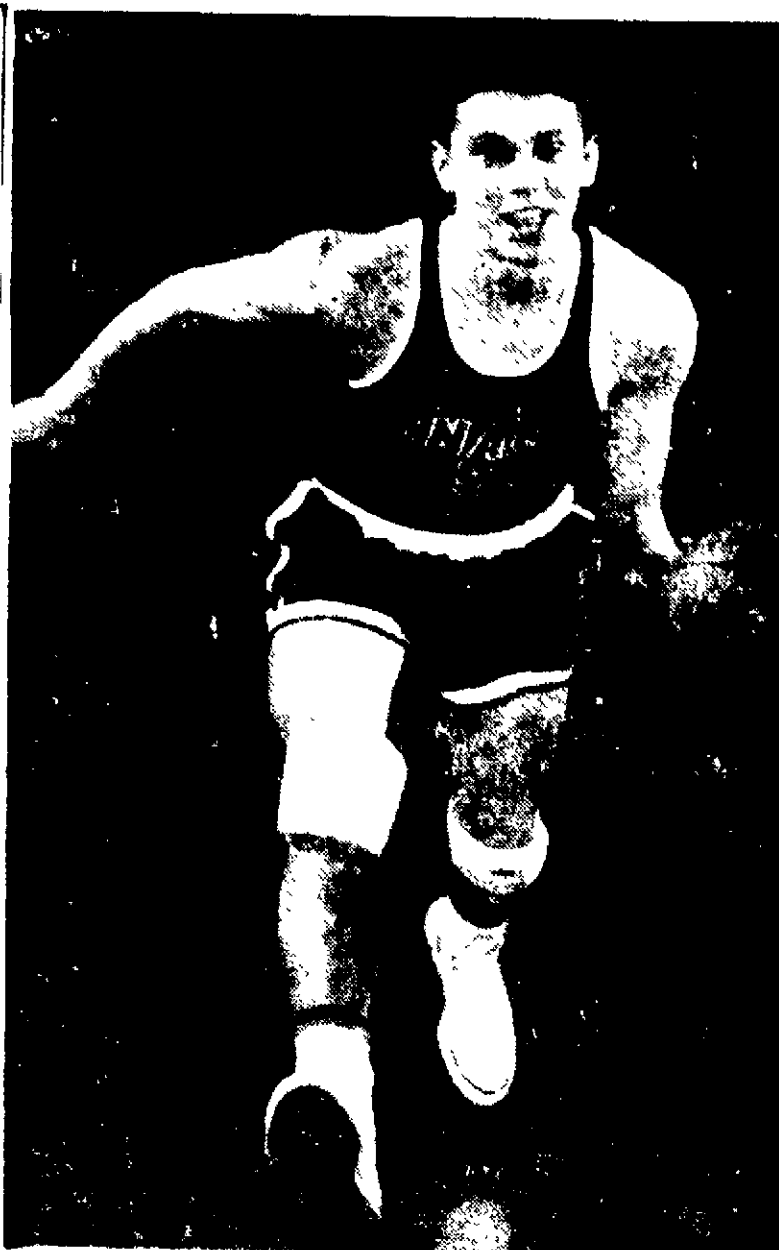

We hope your aim is better than this lady's! But one thing sure, when you drive up, we won't just "stand there" . . . we'll hop to your job fast!

## 13 Jay, Rocket Seniors In Final League Games

### Neenah Bids for Championship Tie Against Shawano

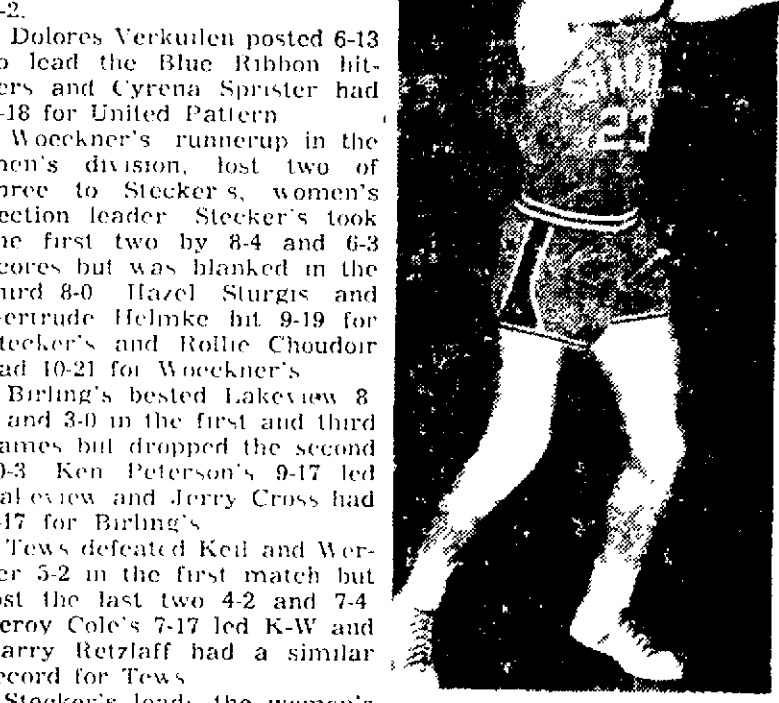

Menasha — Thirteen seniors on the Neenah and Menasha High school squads are scheduled to conclude their careers in Mid-Eastern conference cage competition this evening. Neenah entertains Shawano in a tilt in which a win will give the Rockets a share of the championship, and Menasha travels to Two Rivers where fourth place will be the prize.

Neenah seniors include Fred Seggelink, Ed Meyer, Dave Thomsen, Mary Carlson, Kent Simerson, Gene Gries, Pete Bylow and Ralph Syring. Seggelink and Meyer have been on the varsity squad for three years and all the others two. Seniors on the Menasha quintet include Don Nelson, Gordy Selbach, Jerry Koslowski, Jim Hanson and Larry Wright. All but Wright were on the varsity squad last year.

Among the other conference stars who will be winding up their conference careers tonight are Marty Gharritty, John Cantwell, Norm Ostepinski and Paul Timm of Shawano; Ron Brault, Jerry Messman and Leon Gospodarek, Two Rivers; John Dahly, Clintonville; Bill Simon, Kaukauna; Henry Percenboom and Warren Polman, Kimberly and Dale Monsour, New London.

**Rocket Starters**  
Likely starters for Neenah and Shawano and their point totals in the Jan. 24 game when the Indians recorded a 74-68 win include Seggelink (29), Gries (7), Thomsen (0), Meyer (6) and Bill Kuehl (4) for the Rockets and Gharritty (30), Cantwell (12), Ostepinski (4), Timm (18) and Harley Lyons (5) for Shawano.

Probable Menasha starters and their points in the 56-51 loss to Two Rivers are Nelson (20), Selbach (10), Koslowski (9), Tom Stepanski (9) and Hanson (0) and for Two Rivers Brault (25), Messman (2), Gospodarek (0), Knope (8) and Koslowski (12).

The Mid-Eastern conference's leading scorer, Marty Gharritty of Shawano, will be in action against Neenah here tonight. Gharritty needs 35 points to set a new record. (Post-Crescent Photo)

# St. Mary Begins Tourney Play Against St. Nazianz Quintet

## Defend Title In Regional At Little Chute

Menasha — St. Mary, perennially one of the toughest tournament teams in the state, will launch 1958 meet play at the regional level this evening at Little Chute. The Menashans will take on St. Gregory of St. Nazianz at 7 o'clock. St. John meets Fond du Lac Springs in the other game.

A win tonight will bring the Zephyrs back for the championship game Sunday afternoon against the Dutchman-Ledger winner for the regional championship while a loss would put them in against that loser for consolation honors.

**Advance to 'State'**  
The regional champion will advance to the state tournament at St. Norbert college next Thursday, Friday and Saturday and will meet the Madison Edgewood tourney winner in the first game.

St. Mary has been at the state meet for the last seven years but last season was the first time it and the other state teams had to qualify through a regional.

The Menashans take a 13.5 record against high school competition into the tournament. Little is known of St. Gregory. The school has an enrollment of 107. It lost twice to the St. John jayvees and the Zephyr reserves defeated the Dutchmen twice handily. In other games, the St. Nazianz quint fell twice to Fox Valley Lutheran and lost to Stockbridge and Cedar Grove among others.

**One Good Scorer**  
It has one good scorer in Lyle Schwoerer but lacks the personnel to compete with the larger clubs in the area.

A year ago, St. Mary also met the Manitowoc county five in the first game of the tournament and registered an easy 84-29 victory. Of the returning St. Mary scorers, Jim Schueppert hit eight points, Tom Balthazor six and Pat Below and Norm Brown two each. St. Mary then topped St. John for the regional crown.

Coach Ralph McClone will have to pare three boys from his current roster of 13 players since only a 10-team squad is allowed.

The Menasha varsity squad presently consists of four seniors, Schueppert, Below, Dave Miller and Bill McGinnis; seven juniors, Gary Batley, Ed Lotzer, Jim Bayer, Mike DuFrane, George Walbrun, Balthazor and Joe Rechner, and two sophomores, Jim Rueckl and Norm Brown. Brown missed Thursday's practice because of illness.

## Dorothy Kolgen Clubs 256 in Women's Loop; Heimerman Rolls 646

Latter Bowls 255 Loner in K-C Main Office League; Smith, Rolfs Tops in 'Winchester'

Neenah — Dorothy Kolgen hammered a big 256 game in the Thursday afternoon ladies league and R. Heimerman fashioned a 646 threesome in the Kimberly-Clark Men's circuit to lead the firing Thursday at Muench's.

The former, who bowls for the ninth place Edgewater Paper team, finished with a 540 threesome. Bea Prunuske bowled 182-192-532, Mavis Charron 188-524, Gertrude Mantoufel 210-494, Betty Clow 184-484, Esther Sorenson 183, Lorraine Pickard 177-486 and Viny Shea 474.

Split cleanups included Jean Fowler 4-7-10, Gladys Smith 3-7-10, Mavis Charron 3-7-10 and Millie Jape 5-7-10. Prosser Beer recorded an 846 game and Viv's Inn had a 2,417 series for team honors. Prosser Beer leads with a 37-26 record. Viking Tavern has 36-27 and Hilda's Gift 34-284.

Heimerman included a big 255 game and another 202 in Kimberly-Clark league action. Earl Tuddy rolled 247-622. "Spike" Versteegen 202-211-604 and R. Vakes 236-224-603.

**Team Honors**  
Other leading scores included F. Loppnow 219-201-504, Ernie Johansson 563, Robert Currie 212-560, Art Koher 219-555, and W. Platt 231-550.

Purchasing made a sweep of team honors with a 1,048 game and 2,929 series. Kimark Engineering leads with 42-27. Powers has 39-30 and Woodlands and Planning 38-31.

High scores in the Winchester-Clayton league at Muench's Thursday night included Edward Smith 235, Clarence Rolfs 214-586, Robert Olson 201-569, David Jacobson 212, Vernon Christianson 206, Entory Christianson 202, Milton Schultz 222 and Bertie Pribbenow 200.

Farmer State Bank bowled 945-2,631 for team highs. It leads with 42-24. Smith's Store and Wagner Cheese have 41-25.

# Nine Shifts of Bowlers Set in Lutheran Meet

Second Weekend Of Action Carded At Lakewood Lanes

Neenah — Nine shifts of bowlers are slated to see action in the second weekend of the ninth annual all-Lutheran bowling tournament at Lakewood Lanes Saturday and Sunday.

A singles and doubles shift is scheduled for 1:30 Saturday afternoon with bowlers from Menomonee Falls, Waupun, Juneau, New London, Boscon, and Appleton competing. Teams from Neenah, Fond du Lac, Oshkosh, Watertown, Valders, Beloit, Rosendale, Sheboygan, Milwaukee, Brownsville and Oakfield will roll on the 4:15 shift.

**16 Teams to Roll**

Sixteen more teams will roll at 6:45 Saturday evening. They come from Juneau, Sheboygan, Boscon, Hilbert, Fond du Lac, Menomonee Falls and Shawano. Saturday's final shift at 9 o'clock will be made up of singles and doubles with bowlers from Brownsville, Sheboygan, Appleton, Watertown, Oshkosh and Fond du Lac scheduled to roll.

Sunday's 10:45 team shift includes teams from Burnett, Oshkosh, Shawano, Fond du Lac, Watertown, Kenosha, Juneau and Sheboygan and the 1 o'clock group is made up of teams from Reedburg, Mayville, Wayside, Fenwood and Waukesha.

**List Leaders**

Bowling at 3:15 Sunday afternoon will be singles and doubles from Fond du Lac, Milwaukee, Juneau, Menasha, Burnett and Watertown. Sixteen sets of singles and doubles from Fenwood, Waukesha, Markesan, Mayville, and Oshkosh will roll at 6:15 and four teams from Oshkosh and Neenah take to the lanes at 9 o'clock Sunday night in the weekend's final shift.

Fairwater Garage leads the men's team division with 2,894 (141). Mickey's Service of Shawano tops the women's quintets with 2,613 (114). Singles leaders include Gerald Pasping Horicon, 665 (87) and Phyllis Schink of Mauston with 602 (26). The top doubles totals include a 1,178 (66) by Reine Telschow and Art Zuehlke of Stratford and 1,043 (58) by Irma Albrecht and Irene Lenz of Fairwater.

# Jr. Zephyrs Bow in Semis At Two Rivers

Two Rivers — St. Luke of the Host city eliminated Coach Leo "Sam" Kraus' St. Mary Junior Grade school tournament play by besting the Menashans 33-27 in the semi-finals here Thursday night.

The Zephyrs will meet Holy Redeemer of Two Rivers at 2 o'clock Sunday afternoon for third place honors. Defending champion De Pere St. Mary, 34-22 winner over Holy Redeemer Thursday, plays St. Luke for the championship.

A bad first half told the story as far as the Zephyrs were concerned. They trailed 10-2 at the end of a quarter and 19-7 at halftime.

Adrian Martin led St. Mary with 12 points on six field goals. Rusch scored 10 points for St.

# Menasha Library Has Photo Exhibit

Menasha — An exhibit of the early days on the Upper Mississippi is now on display at the Elisha D. Smith Public Library. Librarian Marvin Melick announced today.

Appleton St. Joseph	7	12
Appleton St. Therese	5	14
Oshkosh St. Vincent	4	14
Oshkosh Sacred Heart	0	10

Neenah — St. Margaret Mary CYO recorded a 66-58 win over Appleton Sacred Heart here Thursday night for its nineteenth Fox River Valley CYO league win in 20 starts. The Neenah five advanced to a 16-8 first quarter lead over its Appleton opponent and was in front 26-22 at halftime. The victors were on the long end of a 43-32 score at the close of three periods.

Bill Klein and John Newton hit 20 and 17 points respectively to pace the winners and Kleos and Heegeman tallied 20 and 17 for Sacred Heart.

Don Benowski and Newton rebounded well defensively for the winners. Tom Kelly scored on several tips and Jim Miller played well defensively.

Holy Name of Kimberly and St. Margaret Mary are tied for first with 19-1 records. Both

# County Weed Meet Set for March 13

Oshkosh — The Wisconsin State Department of Agriculture has called a Winnebago county weed meeting for 10 o'clock in the morning on March 13 at the courthouse.

Local officials and their weed commissioners will discuss noxious weed law enforcement problems with representatives of the state department.

# Officials Named For Menasha High Basketball Meet

Menasha — The quartet of officials scheduled to work led the Menasha subregional basketball tournament Tuesday and Thursday was announced today by L. A. Wienbergen, tourney manager.

They are O. J. Perry and Floyd Dietz of Two Rivers, Mel Nicks, De Pere, and Byron Foster, Green Bay. Wienbergen announced that the door will open at 6:25 each evening.

Menasha plays Omro at 7 o'clock Tuesday and Neenah and Oshkosh vie at 8:30. Tuesday's losers play each other in the consolation bracket at 7 o'clock Thursday night and the winners collide at 8:30. The Thursday victors will compete for regional honors Saturday at Appleton.

# Neenah Jayvees Seek Deadlock For M-E Crown

Play Host to 1st Place Shawano 'S' In Windup Contest

MID-EASTERN JV CONFERENCE	W	L
Shawano	12	1
Neenah	11	2
Two Rivers	9	4
Menasha	8	5
New London	1	12

Tonight's Games  
Shawano at Neenah.  
Menasha at Two Rivers.  
Clintonville at New London.  
Kaukauna at Kimberly.

Neenah — When Neenah entertains Shawano Friday night not only will it be trying to get a share of the Mid-Eastern conference varsity age crown but a deadlock for the jayvee title will be at stake as well.

The Rockets had Shawano deadlocked for first place after they defeated them in the Indians' wigwam on Jan. 24 but the knot was broken last week when Menasha upset the Red and White. Thus going into this evening's clash, both the Shawano varsity and jayvee squads have 12-1 records while the Neenah varsity and bees have 11-2.

Shawano won two games last weekend but didn't exactly overpower its foes. It edged Kimberly 52-50 Friday night and then downed third place Two Rivers 57-51 Saturday evening.

Phil Timm, who has seen some varsity action of late, had 21 points against the Raiders. Neenah chalked up its eleventh win Friday night when it trounced New London.

The Rockets edged the Indians 52-50 in a thriller the first time around. Neenah led just about all the way until Shawano tied the score with about 45 seconds left. Gary Ellis put then downed third place Two Rivers 57-51 Saturday evening.

Ellis and Dick Wilson had 17 points against the Raiders. Neenah chalked up its eleventh win Friday night when it trounced New London.

# Menasha JV Squad Takes On Raiders

Menasha — Menasha's jayvees will attempt to gain a share of third place in the Mid-Eastern conference's jayvee circuit when they trek to Two Rivers this evening.

Going into the final contest of the year, the Jays have an 8-5 league record for fourth place while Two Rivers is just a notch above them with 9-4. The Raiders bowed to Shawano in their most recent start last Saturday night.

Two Rivers defeated the Bluejays 53-47 in their initial meeting on Jan. 24. The Jays trailed by two points at the end of three periods but were outscored 14-10 in the fourth.

Don Koprowski and Bill Lawrence had 17 and 15 points for the Junior Raiders and freshman Dave Ristau hit 12 for Menasha.

The Bluejays came up with their best effort of the year the last time out and dealt Neenah its second conference loss. Menasha has an overall 9-8 mark for the season.

Ellis and Dick Wilson had 17 points against the Raiders. Neenah chalked up its eleventh win Friday night when it trounced New London.

# St. Patrick CYO Drops 74-58 Test To Appleton Five

Menasha — Sacred Heart CYO of Appleton bested St. Patrick 74-58 in a Fox River Valley CYO league game at Appleton Wednesday night.

The Shamrocks fell behind 18-10 at the quarter, trailed 41-29 at halftime and 56-44 at the

conclusion of three periods.

Ascher scored 21 points.

Heegeman tallied 17 for Sacred Heart and Jim Cronin hooped 29 and Barry Remmel had 17 for the Menashans.

# Cairnes Says Nine Unsigned Braves Must Face Reality

Asserts Balking Players Seeking 'A Lot More Than They're Worth'

Bradenton, Fla. —(AP)—Nine unsigned Milwaukee Braves have been told by club President Joseph Cairnes they have already been compensated for winning the World Series and must face reality in contract talks.

Cairnes said last night some of the balking players are "shooting for the moon, and we feel they're asking a lot more than they're worth."

"What's more," he added, "they're using the World Series as a talking point." He said he felt they were paid for Series work when they received \$9,000 each after beating the New York Yankees.

**Tough Bargainers**

Cairnes has established a reputation as a tough man at the bargaining table.

A few hours after Cairnes arrived, a break appeared in the ranks of the reluctant Braves when second baseman "Red" Schoendienst agreed to terms. It was believed he got a raise and will receive about \$40,000 for his first full season with Milwaukee.

The unsigned Braves are: pitchers Lew Burdette, Gene Conley, Bob Buhl and Don McMahon; infielders Johnny Logan, Frank Torre and Felix Mantilla; and outfielders Bob Hazle and Wes Covington.

They will be classed as hold-outs unless they agree to terms by tomorrow when the club

# 'Wega Rallies, Gains Finals Of Iola Meet

Plays Amherst In Tonight's Sub-District Test

Iola Sub-District

Thursday's Results:  
Amherst 66, Manawa 56.  
Weyauwega 57, Iola 51.

Tonight's Schedule:  
7:00—Manawa vs. Iola (consolation).  
8:15—Amherst vs. Weyauwega (championship).

Iola — The Weyauwega High school basketball team rallied from a 10-point (16-6) first quarter deficit Friday night to defeat Iola, 57-51, and advance to the finals of the Iola sub-district tournament.

Tonight, the Indians meet Amherst, 66-56 conqueror of Manawa.

"Wega bounced back from its cold first quarter to outscore Iola in each of the succeeding periods. Iola was hampered by a frigid, 6-point second period but still led by five (22-17) at halftime. The Indians tied it midway in the third session, and it was see-saw from then on. "Wega took final control of the game with 24 minutes remaining.

**Stevens Scores 19**

Russ Klug scored eight of his 16 points in the final quarter to lead the Indians' strong finish. His teammate, Billington, accounted for six of his 10 points in the final period.

Mike Stevens proved the winners' most reliable game-long scorer, with 19 points. Gene Vole topped Iola with 14.

Both teams scored 22 times from the floor. In the decisive free-shot department, the Indians made 13 of 18, while Iola sank seven of 12.

In the second duel of Central Wisconsin conference rivals, Amherst held a slim, 25-23 lead

Martin is fed the ball by second baseman Frank Bolling. Martin may be Detroit's regular shortstop this season, with Harvey Kuenn switching to the outfield. (AP Wirephoto)

# Foxes' Fund Drive Has Slowed Down

Club \$3,000 Short of Goal; 1958 Game Times are Set

The stock drive of the Fox Cities Baseball club has slowed down, some \$3,000 short of its goal, Business Manager Bob Willis reports.

The amount raised to date for the Foxes' first year of operation in the Three-I league is about \$12,000, according to Willis.

Anyone who has not been contacted by a stock salesman and would like to help make the fund drive a success may get complete information by calling Willis at temporary club headquarters, 3-4152. A share of stock sells for \$5.

The club directors, at their latest meeting, set 8 o'clock as the starting time for all 1958 night games, except those on Fridays. The Friday night start-

ing time will be 8:30. Afternoon games will start at 2:15. "Ladies Night" will be observed on the first Monday of each month that the club is at home. Women will be admitted to the park for a 25-cent service charge.

The Foxes will begin an intense ticket drive shortly.

The next directors' meeting will be held Wednesday night in the Appleton Elks club.

**Tickets Available For AHS-East Tilt**

Tickets for tonight's Appleton-Green Bay East basketball game in the AHS gym are still available, school officials announced this morning.

Tickets may be secured in advance at the Pond and Berggren Sport shops as well as the school and will be available at the "gate" tonight. Standing room will be sold if it becomes necessary.

**Pro Basketball**  
By The Associated Press  
Detroit 112, Minneapolis 109.  
Philadelphia 97, Syracuse 91.

Marion's illness-weakened Pigeons, 64-54, and Bonduel downed Tigerton, 74-61.

Center Don Bechard exploded for 37 points — 31 of them in the second half — to pace the Bear Creek triumph.

Terry Balderson, 6-3 center who had been averaging about 20 points a game for Marion, was unable to play because of a throat ailment. His replacement, Cal Coates held Bechard to six points in the first half. However, Coates picked up three fouls in the first two periods and a fourth personal early in the third quarter. He sat out much of the remainder of the game and eventually was charged with his fifth foul.

**Bechard Breaks Loose**

Driving hard and faking effectively, Bechard broke loose to lead the Bruins back from a 23-21 halftime deficit. He fired home 19 points in the third period and 12 in the fourth. All told, Bechard poured in 15 baskets and seven of 13 free throws.

The Pigeons, who had several other regulars fighting colds, tied the game early in the fourth period. But the Bruins pulled away. Don Parks led Marion scoring with 15 points, including 7-for-7 from the foul stripe. Marion' pre-tournament record was 16 wins, three losses.

Bonduel was ahead of Tigerton practically all of the way but used a big 25-14 third quarter to pull away.

# Seymour Will Open Tourney Play Monday

The Seymour High school basketball team will meet De Pere in one of the opening-round games of the Green Bay East sub-regional tournament Monday night.

The 7 o'clock Seymour-De Pere clash will precede the Preble-West De Pere game in the Washington Junior High school.

Tuesday night, the Seymour-De Pere winner faces host Green Bay East, while the winner of the Preble-WDP match takes on Green Bay West.

The sub-regional final will be played Thursday between the Tuesday winners.

The Green Bay sub-regional tilt plays host to the Algoma sub-regional champion Saturday night, March 8. Luxemburg, Sturgeon Bay and Kewaunee are the other participants in the Algoma meet.

Seymour's Indians and De Pere's Redbirds both have 4-9 conference records going into the final weekend of NEW action.

# MU '5' Bows, 94-76, In Season's Finale

'Red' Murrell Scores 38 For Drake

Des Moines —(AP)—The Marquette basketball team could not stop "Red" Murrell Thursday night and was defeated by Drake, 94-76, in its season finale which was also the last game for Warrior Coach Jack Nagle who recently announced his resignation.

Murrell poured in 38 points as the Warriors were tagged with their second loss of the week and finished the season with a 500 record (11-11). The best scoring for the Warriors came from Capt. Jack Glaser who was playing his last game and dumped in 19 points.

Despite a height advantage the Marquette five was constantly beaten on the boards by the furious Bulldogs, and Murrell tore the Marquette defense apart as he sank 16 field goals and six free throws. Most of his baskets came on a brilliant demonstration of jump shooting.

**Shakes Slump**

The All-American candidate had been in a scoring slump, but the workout against Marquette was obviously just what he needed. So far in the season the 6 foot, 4 Murrell has collected 584 points, only five short of his total for last season. The Bulldogs now have an 11-12 record with two games left.

The game was tied three times before Glaser sank a free throw to give Marquette a 7-6 lead. But then Drake popped in eight straight points to go ahead 18-9 and was never threatened after that. Marquette trailed, 48-29, at halftime and was behind by as much as 69-41 early in the second period.

Drake reserves played the last five minutes of the first half and Coach John Bennington cleared his bench during the second half.

It was the fifty-fifth defeat against 69 victories in the five years Nagle has been at Marquette. In announcing his resignation Nagle said he acted for "personal reasons." He will leave Marquette at the end of the school year.

Marquette	Drake	FG	FT	REB	PTS

# Polar Bears Notch 18th Straight Win

Top Winneconne, 61-50, in 1st Tourney Test, Play Irish Tonight

**Hortonville Tourney**

**TONIGHT'S GAMES:**  
Consolation—Winneconne vs. Shiocton (7:00).  
Championship—Hortonville vs. Freedom (8:30).

**THURSDAY NIGHT'S RESULTS:**  
Freedom 18, Shiocton 12.  
Hortonville 61, Winneconne 50.

BY MIKE DREW  
Post-Crescent Staff Writer

Hortonville — Hortonville High's unbeaten basketball Polar Bears, who fretted for a while before winning Thursday night, are heavily favored to stop Freedom here tonight and move into next week's Denmark District basketball tournament.

The Polar Bears, Wisconsin's second-rated "Little 16" school and winner of 18 straight games this season, had trouble with Winneconne for a half Thursday but then found their bearings and notched a 61-50 win.

In the Hortonville Sub-District opener, Freedom rallied for the game's final seven points to nip Shiocton, 48-47.

**Steffens Score 40**

Hortonville's Steffen brothers—sophomore Joe and senior Jim—collected 40 of their club's 61 markers to personally take care of Winneconne. The spectacular Jim, a 6-1 jump-shooting specialist, poured in nine buckets (in 26 tries) and six free throws for 24 tallies. Joe, the little chaser in Hortonville's 1-2-2 zone defense, whipped in the first five shots he took and finished with 6-for-10 from the floor. He added four foul shots.

Forecourter Chuck Radtke paced the losers with 15 points, 11 of them in a torrid second quarter comeback by Coach Jim Carlson's forces. Forward Jerry Reetz chipped in with 13 before he fouled out.

John Buser flipped in the game's first bucket to get Winneconne off to a 2-0 lead but place teams. then Jim Steffen tied it on a fast-break felder and the Dick Sonnenberg.

Wolves were never in front again.

With the score standing 11-8 Hortonville midway through the period, the nimble Joe Steffen collected five straight points—before the Wolves could get on the scoreboard—for a 16-8 lead. He finished with nine in the segment as the Hortonville quick

8 Grade Quintets In Weekend Meet At St. Paul Gym

Eight teams are in the field for the annual Fox Valley Lutheran Grade school basketball tournament which will be held Saturday and Sunday in Appleton's St. Paul school gymnasium.

Four games are on tap for Saturday afternoon and four Saturday evening with the tournament semi-finals at 8 and 9 o'clock Saturday. Consolation bracket finals are at 1:30 Sunday, while the game for third and fourth place is at 2:30 and the championship contest at 3:30.

Competing here, besides the host school, are Trinity of Kaukauna, Trinity of Menasha, Trinity of Neenah, Menasha Bethel, Appleton St. Matthew, Freedom St. Peter and Oshkosh Grace. The Kaukauna team finished second last year to Clintonville St. Martin, which won't defend its title.

Trophies will be presented to the consolation bracket winner and the first, second and third place teams.

The tournament manager is

# Pond Quint Wins 1957-8 AAA Title

## Takes Overtime Decision From Subway After Staging Late Rally

**TRIPLE A CAGE LEAGUE**  
(Final Standings)  
W. L.  
Pond's 14 6 Sugar Bowl 5 9  
Subway 12 2 Adler Bram 5 9  
J.C. Penney 8 2 Log Jan 5 9  
Jim's Bar 7 3 Fox Valley Cab 1 11

**Thursday Night's Results:**  
Adler Bram 44, Sugar Bowl 44.  
Pond's 61, Subway 57 (overtime).  
Fox Valley Cab by forfeit over Log Jan's Bar.  
J.C. Penney by forfeit over Log Jan's Bar.

The Pond Sport shop quintet won the 1957-8 championship of the Muni Triple A Basketball league Thursday night by winning its fourteenth

straight decision in the Appleton High gym.

Pond's rallied to tie runner-up Subway, 53-53, and forced the game into overtime. Pond's opened a 61-57 lead in the extra period. Seconds before the end of the overtime, the Subway team walked off the floor in protest of a technical foul. Officials Cy Burton and Keith Kohlman awarded the decision to Pond's, at the then existing score.

Dick Emanuel sank two free throws—both on technical fouls—and a basket in the fading moments to enable unbeaten Pond's to enter the overtime period. Emanuel led Pond scorers with 19 points. Don Hawkins paced Subway with 21.

A subway victory would have forced a league playoff. Pond's led, 29-28, at halftime but trailed, 44-41, after three periods.

In the only other game decided on the court of play, Adler Bram beat Sugar Bowl, 46-44.

# Contenders in Big Ten Race Meet Saturday

## Purdue '5' Visits Indiana, Spartans Play at Iowa

By the Associated Press  
With four teams locked in the title struggle and the season running out, the Big Ten basketball race reaches the point of no return Saturday.

The four main contenders among themselves, Purdue (8-4) is at Indiana (7-4) for a regionally televised afternoon contest, Michigan State (8-4) is at Iowa (7-4), Michigan (4-7) is at Illinois (4-7), Ohio State (7-6) at Minnesota (5-8) and Wisconsin (3-9) at Northwestern (6-6).

The 14-game conference schedule for each school ends March 8. Another loss for any of the big four would lessen considerably its grip but not necessarily end its hopes in this most tense title competition in Big Ten history. Many experts think a 9-5 record may be good enough for at least a share of the crown.

But from now on victory must be considered a must. Purdue will pit its balanced scoring against an Indiana team determined to avenge an earlier 68-66 defeat by the Boilermakers. Purdue's attack is built around Wilson Eison with a 17.2 point average, Willie Merriweather with 16.3, Harvey Austin with 14.8 and Bill Greve with 13.2.

# Krohlow Wins Singles Title In C-M Tourney

Clintonville — Byron Krohlow is the singles division champion of the Clintonville-Marion Bowling association tournament, which drew the largest entry list in its 12-year history.

Krohlow's 640 series stood up through the final weekend of firing. John Tomlin's 638 remained in the runnerup spot.

A 623 count by B. Bertram produced a new third-placer on the final day of the tourney.

In doubles, L. Paehling and A. Arndt put together a 1,152 on the final day to take over third place.

The doubles champions are Don Ralsler and M. Schashtichier, with 1,195. The runnerup are Marvin Pucs and Bob Krohlow, 1,168.

A total of 58 teams, 105 doubles and 210 singles entrants competed. The prize list comprised \$753.50 and nine cigarette lighters.

**DOUBLES:**  
M. Schashtichier-Don Ralsler 1,195

The Appleton High school junior varsity basketball team, which had a pair of winning streaks interrupted by losses to champion Sheboygan Central, aims to conclude its season with win No. 5 in a current streak tonight.

The Junior Terrors entertain Green Bay East, in a 6:45 preliminary to the important Terror-East varsity contest.

Coach John Graff's fast-moving club opened its campaign with four straight wins and then lost to Sheboygan Central, 37-34. The Junior Terrors clicked off seven more triumphs before falling to the Junior Redmen again, 41-29.

The Appletonians, who have clinched second place in the Valley JV league bounced back from that one to cop four more triumphs in a row.

When they played East earlier, the Appleton jayvees tallied for a 39-29 win, after trailing, 12-7, at the end of the first quarter. John Nussbaum, who since has joined the AHS varsity, collected all but 16 of the winners' points.

**Revere, Mass.—Joe Devlin, 153, Boston, stopped Danny Jones, 146½, New York, 5.**

# Gain Semi-Finals Stockbridge, Hilbert Win Tourney Tests

## Reedsville Sub-District

**Thursday's Results:**  
Stockbridge 55, Brillion 16.  
Hilbert 51, Wrightstown 39.  
**Tonight's Schedule:**  
2:30—Demark vs. Stockbridge  
3:45—Reedsville vs. Hilbert.

Reedsville — Stockbridge and Hilbert scored Thursday night victories to qualify for the semi-finals of the Reedsville sub-district basketball tournament.

Stockbridge, of the Kettle Moraine conference, closed with a rush to down Brillion, of the Eastern Wisconsin circuit, 55-46. Hilbert stopped Wrightstown, 54-39, in a battle of Little Nine conference representatives.

Stockbridge entered the fourth quarter of a see-saw game with a 34-33 lead. With Ray Hemauer and Gene Grimm showing the way, the Indians outscored the Lions, 21-13, down the stretch to clinch the verdict.

**Tie For Point Honors**  
Grimm and Brillion's Lloyd Herwig tied for scoring honors with 14 points apiece. Ray Hemauer collected 13.

Hilbert ran up a 23-11 first quarter margin on Wrightstown and had little trouble the rest of the way. Bob Loewe, flashy junior guard, pumped in seven baskets from short and medium range and converted nine of 11 chances from the foul line for a 23-point effort.

Heading the Tiger scoring was R. Lamers, with 13 points.

# NCAA Members Solidly Okay Controlled Grid TV

**Kansas City** — Member colleges and universities of the National Collegiate Athletic association voted overwhelmingly to retain controlled telecasting for next fall's football games, the NCAA announced today.

Executive director Walter Byers said members voted, 194-14, in favor. A two-thirds majority was required.

The control plan is similar to last year's, with nine national network telecasts and four Saturdays reserved for regional games.

The NCAA awarded rights for the nine National dates to the National Broadcasting company, which has telecast the series the past three years.

**Valley Ready Mix** scored a narrow, 47-43, win over Schreiter's, Bob Weyenberg hit the winners' high total of 21 points. Valley Ready was in front, 9-8, at the first rest and added just one point to its lead in each succeeding period.

Wertz' down Hoffman, 45-37. Dick Paessler collected 15 for the winners who took the lead at halftime (20-16) after an 8-8 standoff in the first period.

**Ortiz Favored To Beat Tibbs In TV 10-Rounder**

**New York** — (AP) — Undeclared Carlos Ortiz isn't taking Tommy Tibbs lightly tonight despite the Bostonian's 43 defeats.

Ortiz, a 21-year-old New Yorker, is an 8-5 favorite over the 23-year-old Tibbs for the television 10-rounder. It marks the Madison Square garden main event debuts for both.

Tibbs has won five straight, including a decision over the once great and still formidable Willie Pep.

Tibbs, who has become a winning fighter in the last two years, has an even 43-43-3 won-lost-draw record. He has scored 11 knockouts and has been stopped three times. Ortiz' record is 24-0 including nine knockouts.

Appleton's athletic Ulwelling and of former all-around Ter-

brothers come by their sports for football, basketball and ability honestly.

Father Paul was a star basketball center at Cadott High school (near Chippewa Falls) Cadott to a sensational record in 1929-30, and later went on to college sports fame at St. Mary college in Winona, Minn.

According to Sheboygan's E. K. "Curly" Born, who coached Ulwelling at Cadott, Paul was one of the best center-jump men Born has ever seen though he was short as basketball players go (6-0).

Ulwelling — the father of Appleton high star Jack Ulwelling — was a good scorer who paced track standout Mike Ulwelling — was a good scorer who paced track standout Mike Ulwelling — was a good scorer who paced track

The senior Ulwelling was selected to the Eau Claire sectional basketball tournament's all-tourney team.

After playing no football in high school, he was a brilliant end on the St. Mary college team and was selected to the all-conference team. He was also an outstanding collegiate cager and a good baseball player.

Jack and Mike have a pair of younger brothers, Billy, a seventh grader, and Bob, in the second grade.

Billy scored 22 points in an Appleton Recreation department seventh grade game last weekend.

Incidentally, Mike — now a freshman at Lawrence — started practicing with the Viking frosh quintet this week after staying away from the sport to concentrate on his studies earlier in the season.

Hortonville's Ron Akin, son of former Polar Bear Basketball Coach George Akin, is coming into his own as a cage star at the Elks club. One of his games for the Steelers was a 245.

Ron, who played on his father's last ball club at Hortonville (1954-55), scored 33 points for the Titans in last Saturday's game with Stevens Point State college. A 6-0 junior at Oshkosh, Ron is seeking his third basketball letter.

Big Charlie Thompson, co-captain of last fall's Lawrence college football team, is now teaching English and Spanish at Dodgeville (Wis.) High school.

Charlie, a Neenah native, took the Dodgeville post after completing his Lawrence studies during the first semester. He will return here in June for graduation.

Thompson took the Dodgeville job on a 1-semester basis and will seek a coaching position, either at Dodgeville or elsewhere, for next year. A service veteran, Charlie would someday like to work his way back into the Fox Valley area.

For now, though, he says he's happy at Dodgeville, a school of about 350 students, 40 miles west of Madison.

**Outagamie County Game**  
Warden "Chuck" Wranosky reports that warm weather has improved perch fishing on Lake Poygan and walleye angling on Winnebago's eastern shore.

Fishermen are coming in with limits near Quinney, Brotherhood and Stockbridge on Lake Winnebago.

Sturgeon spearing remains slow Wranosky says. The season closes Saturday.

## Hortonville '5' Defeats Wolves

Continued from Page 23

break helped build a big, 22-12 advantage. Winneconne's Tom Ehke opened the second segment with a free throw and then Radtke chucked in a medium jumper and a rebound and Reetz dropped home two free throws to shave the lead to 22-19. The Wolves got within two points at 24-22 and 26-24 but then Bob Broehm tossed in a rebound, Dennis Sommers a free throw and Joe Steffen hit a fielder for a 31-24 Hortonville lead with about 2:30 left in the half.

Winneconne racked up seven of the next eight points (six by Radtke) and the winners were in front just 32-31 at the intermission. The victors, who hadn't played a game in two weeks, were having trouble hitting over a Winneconne zone in the first 10 minutes. Regulars Jim Steffen, Broehm and collected three fouls, and Sommers finished the second period on the bench with four.

Jim Steffen opened the third quarter with a medium jumper, a long push shot and a free throw to hike the spread to 37-31. Ehke and Buser fielders trimmed it to 37-35 but the hosts boosted their bulge to 45-37 at the end of the frame as Don Otto came through with four points and Jim Steffen three late in the stanza.

Coach Russ Tiedemann had his charges start slowing up play as the fourth quarter opened and the winners drew fouls with a backcourt weave. Good free throwing (7-for-10) in the final segment helped Hortonville to win going away.

Hortonville made 37 of its 62 tries from the floor for 37 percent. Coach Jim Carlson's Wolves had a rate of just .281 on 18-for-64. The winners swished 15 of 25 foul shots for 60 percent, the losers made 14 of 25 for 56 percent.

Winneconne, which is 8-7 overall going into tonight's game with Shiocton, has given bitter rival Hortonville three of its toughest games this season. The previous two went to the Bears 62-54 and 60-47.

The much slower first game saw Freedom move away to an early 8-3 lead as lean little guard Lyle Swinkles popped in a pair of close buckets for four of the points. The Chiefs fought back to knot the issue at 11-11 at the end of the frame, however. After Swinkles dropped in another close shot and Vern Weyers converted a free throw to give Freedom a 14-11 lead with about 7:00 left in the half, Shiocton roared in front.

Myron Kruzicki whipped in three buckets in a row and big Charlie Schwandt scored on a drive-in. Weyers, meanwhile, was doing all Freedom's scoring with a basket and two free throws, and Shiocton held a 19-18 lead.

The losers then collected seven straight points for a 28-18 edge which the winners narrowed to 28-22 at halftime. Shiocton stayed in front during the entire third segment and owned a 38-35 margin as the fourth period began.

Weyers cut it to 38-37 with a

## Trend Higher In Dull Trade

Spotty Business News Has Little Effect on Market

New York — The stock market nudged slightly to the upside about noon today but showed little vigor. Changes were small in most cases. Gains outnumbered losses about 2 to 1, a reversal of the picture in early trading. Volume was at around the same slow pace as Thursday. Brokers said there was little in the way of major news to affect the overall market. Buying was developing here and there when prices got down to the bargain stage, they said.

Business news was spotty. A few companies called back some employees. Dun & Bradstreet reported retail trade this week was well below last year. Steels, chemicals, motors and tobaccos were a shade higher. Oils and aircrafts were mixed and metals down slightly. U. S. government issues were unchanged to lower.

## 18.9 Per Cent Business Increase At Home Mutual

An 18.9 per cent increase in business over 1956 has been reported by Gordon A. Bubolz, president of the Home Mutual Life Insurance company. Premiums received by the company in 1957 totaled \$5,335,261, a gain of \$847,928 over the previous year's volume.

Homeowners and dwelling package policy business increased from \$137,699 in 1956 to \$318,968 last year, he said. Casually premiums in 1957 amounted to \$4,008,750, a 17 per cent gain over the 1956 total of \$3,427,052. Fire insurance business in 1957 increased more than 25 per cent, from \$1,060,300 to \$1,326,539.

Home Mutuals assets at the end of 1957 amounted to \$6,150,036. Reserves and liabilities were \$4,633,779. The company's surplus was \$1,516,256.

## Kathryn Van Leur Jars 531 Series

Kathryn Van Leur of Valley Pride slapped the most substantial series, a 531, when the Ten Pin Toilers league kegged at Hahn's earlier in the week. She also topped the most ample game, a 209.

Peg Rutten's 491 led the Women's National circuit. Other honor scores and split solutions:

TEN PIN TOILERS: Gerrie Lauer 196, 311; Laverne Boli 178, 311; Myra Schaefer 175, 308; Betty Rytel 176, 311; Mae Schneider 44, 301; Judy Koslitzke 4-7; Beverly Smith 5-10; Barbara Van Handel 5-8-10; Janice Winkler 5-10; Elaine Bohris 5-7.

LENS NATIONAL: Peg Rutten 178; Mary Palmer 132, 177; A. Mueller 100; Laverne Boli 177; Mary Schultz 175; Rosie Plach 175.

Jump shot from the corner but then Charlie Schwandt dumped two consecutive drive-ins and Kruzicki a drive bucket and a free throw for a 45-37 Shiocton lead with about 4:30 left in the game.

Swinkles scored on a steal and Weyers on a medium jump shot but Charlie Schwandt's basket kept the Chiefs in front, 47-41, with about 3:00 to go. But fired-up Freedom scored the game's final seven points for the victory.

Swinkles made a free throw and then Jim Smith buried two (with 1:50 left) and Stan Jens two (with 1:21 showing) for 47-46 score. With 50 seconds showing, Jens counted a foul shot to give Freedom the lead for the first time since early in the second period. And the Irish managed to stall out the win.

Kruzicki, a 5-11 guard, swished nine baskets, and four foul shots for 22 points and game honors. Schwandt, big forward, was next high for the losers with 13. Swinkles finished with 15 to lead the Irish, while Vern Weyers contributed 13.

# Winter Strikes Another Blow At Wisconsin

**Blizzard Rakes  
Western Plains,  
Snow Warning Out**

Winter struck another blow at the Fox Cities and Wisconsin today as February drew to a close. Heavy snow warnings have been sent out for northeastern Illinois and Michigan and eastern Wisconsin.

At the same time, the Associated Press reported a blizzard raked the western plains while snow swept into the midwest and heavy rains doused the northeast.

Cloudy, windy and colder weather, with rain and drizzle changing to snow whipped into Wisconsin late Thursday. By daylight today, it had snowed over all Wisconsin except in the extreme northwestern corner. Appleton had .03 inches of precipitation including rain and melted snow since 9 o'clock Thursday morning. The high Thursday was 40 and the overnight low 27. Temperature at 11 o'clock this morning was 28

with the wind from the northeast at 16 miles an hour. The overnight snow left roads in an area east of a line connecting Dodgeville, Wautoma and Antigo slippery today, the state highway department reported. Elsewhere in the state roads were clear of ice and snow. Elsewhere in the country, a foot of snow piled up at Dickinson, N. D., and Pierre, S. D., and 14 inches accumulated at Chadron, Neb. Drifts six to eight feet high formed in the Hays, Kan., area. Five highways were blocked in Kansas and one was blocked near Fort Morgan, Colo.

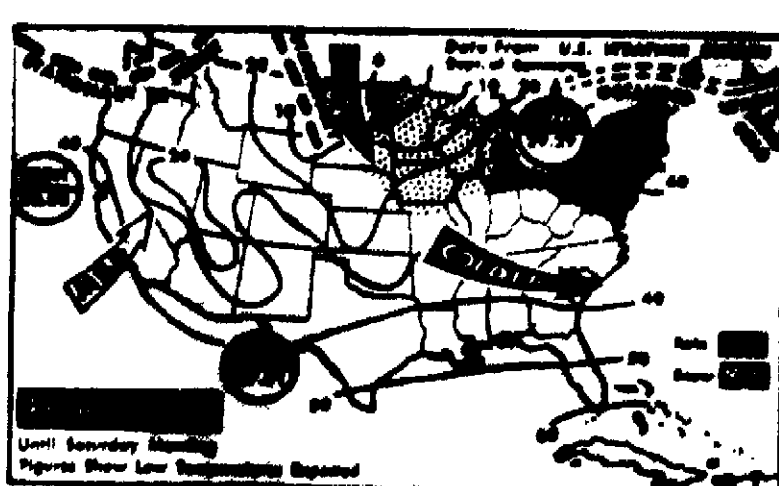

**School Bus Okay**  
A school bus was lost in the snow for a time near Natoma, Kans., but state police received a radio report that the young passengers had found shelter.

The wind-blown snow hit the Dakotas, Nebraska and Kansas and extended into eastern Colorado, southeastern Wyoming and Oklahoma.

The snowstorm also rolled into the midwest, with warnings of snow up to four inches posted for parts of Illinois, Michigan, Wisconsin and northern Indiana.

**Snow Warning**  
The Wisconsin forecast calls for heavy snow warnings to night in the extreme eastern part of the state. Snow up to four inches is expected. Saturday will be cloudy with snow or snow flurries. It will be colder tonight and Saturday. The low tonight will be from 15 to 20 in the northwest and from 18 to 26 in the southeast. The high Saturday will be mostly in the 20s.

The extended forecast indicates temperatures will average from three to five degrees

**Rain Is Due Tonight in New England and most of the middle Atlantic states with a mixture of rain and snow in the Great Lakes area and snow in the Dakotas and upper Mississippi valley.** It will be clear to partly cloudy elsewhere with colder weather in the upper Mississippi and middle Missouri valleys and in a section of the south Atlantic region. (AP Wirephoto)

## Radiator Shop Will Open on Saturday

**Little Chute** -- The first new business establishment of the year will open Saturday in this village.

The Little Chute Radiator and Body Shop, 628 Depot Street, will be operated by William Pitt. Services of the business include cleaning and repairing of radiators and installation of auto glass.

above normal for the next five days. The normal high is 26 in the extreme north and from 36 to 38 in the extreme southeast. The normal low is six in the north and from 20 to 23 in the southeast. Only minor day to day changes in temperatures are expected with night minimums well above normal.

## Darboy Lenten Service

**Darboy** -- Lenten services at Holy Angels' Catholic church are conducted at 2 o'clock Sunday afternoons and at 8 o'clock Wednesday evenings.

## Three Artists From Appleton Fian Showing

Works by three Appleton artists—Mrs. Thomas Dietrich, Michael J. Brandt, Jr., and John J. Coen—will be displayed throughout March at Paine Art Center and Aboretum, Oshkosh. A fourth exhibitor will be Mrs. Roland E. Brown, Green Bay.

A tea and reception for the artists is scheduled at 2 o'clock on Sunday afternoon and the art center will be open between 2

Friday, Feb. 10, 11 o'clock and Tuesday, Feb. 11, 2 o'clock afternoon. This will be the first time that the artists have exhibited before. Brandt or at Appleton. Mrs. Dietrich in art act years.

## City-Wide Its Annu

## Reformatory Has Total of 810 Inmates

**Green Bay** -- The inmate population of the reformatory has reached an all-time high of 810, Superintendent M. A. Skaff announced Thursday.

The previous record was 808, attained in 1931. Skaff said that the current total is 60 above the population at this time last year, and 12 more than the 1957 peak which was reached on April 2.

Facilities at the institution are overcrowded to the point where about 50 inmates are being kept in corridors. Skaff said, and 120 are living outside the walls at the Onondaga farm after they are ready for parole. The McNaughton forestry camp. Skaff said that he considered leased.

economic conditions partly responsible for the buildup, and added that lack of jobs also was a factor in keeping some of the men at the reformatory. Jobs must be waiting for parolees before they can be released.
